

# RHEUMATISM CAN NOT BE RUBBED AWAY

Rubbing with liniments, blanching the affected parts, the application of plasters, and other means of external treatment, are usually helpful in relieving the pains and aches of rheumatism, but such remedies do not reach the CAUSE of the disease, and are therefore in no sense curative. Rheumatism is due to an excess of uric acid in the blood, brought about by indigestion, poor bowel action, weak kidneys, and a general sluggish condition of the system. The circulation deposits this irritating poison in the different muscles, nerves, tissues and joints of the body, and soon the painful symptoms of rheumatism are produced. The pains at first may be wandering and slight, but as the blood becomes more fully saturated with the uric acid poison, the disease grows worse and after awhile gets to be chronic. The slight, wandering pains now become sharp and cutting at the least exposure to dampness or night air, or any constitutional irregularity, the bones ache, the muscles are not as free in action as before, and where the acid poison is allowed to remain in the blood the joints often become so clogged with corrosive substances that they are left permanently stiff and useless. Rheumatism can never be rubbed away, nor can it be conquered and driven from the system until the acid-laden blood has been cleansed and purified. No other medicine does this so effectively as S. S. S. It dissolves and removes the impurities and sends a stream of rich, strong blood to the affected parts, which soothes the irritated nerves, inflamed muscles and flesh, and the sufferer obtains relief that is permanent because the real cause of the disease has been removed. NO REASON FOR IT

When New Bern Citizens Show The Certain Way Out

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the dangers of diabetes or any kidney ills when relief is so near at hand and the most positive proof given that they can be cured. Read what a New Bern citizen says:

"My back was so bad that when I got down on the bed I could scarcely get up again. There was no strength in my back and it ached all over. I thought I had rheumatism. The kidney secretions were dark colored and full of sediment. I saw Doctor Hill, but he did not cure me. I saw Dr. Bradham's Pharmacy and used their very first one bottle and after finishing the first box I brought a second. The pain in my back disappeared and I was able to get up in every way. I am delighted with this remedy and my back is now as strong as ever. I am glad to say I am welcome to use my name as an endorsement of its claims."

Neglected colds often develop serious conditions, and when you buy a cough medicine you want to be sure you are getting one that will cure your cold. Chamberlain's Cough Remedy always cures. A weak stomach, means weak stomach nerves—always. And this is also true of the Heart and Kidneys. It's a pity that sick ones continue to drug the stomach or stimulate the heart and kidneys. The weak nerves, not the organs themselves, need this help. This explains why Dr. Shoop's Restorative has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases.
