OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

If Old Sorres were due to outside influences, or if the cause was confined strictly to the diseased firsh around the ulcer, then external treatment and simple cleanliness would cure them. But the trouble is in the blood, which has become unheattly and diseased, and keeps the sore open by continually discharging into it the impurities and poisons with which the circulation is filled. This poisonous condition of the blood may be the remains of some constitutional trouble; the effect of a long apell of sickness, or because the natural refuse of the body, which should pass off through the proper avenues, has been left in the system and absorbed into the blood. Again, the cause may be hereditary; but it does not matter how the poison becomes intrenched in the blood, the fact that the sore will not heal is evidence of a deep underly-Salves, washes, lotions, etc., may cause the place to scab over temporarily, but the blood is not made any

PURELY VEGETABLE

purer by such treatment, and soon the old inflammation and discharge will return and the sore be as bad or worse than before.
S. S. S. goes down to the very bottom of the trouble, cleanses and purifies the blood, and makes a permanent cure. S. S. S. enriches and freshens the circulation so that instead of into the place, it carries sich times the circulation of the place.

discharging unhealthy matter into the place, it carries rich, tissue-building flesh-healing blood to the diseased parts and in every way assists in a natural cure of the sore. Book on Sores and Ulcers and any medical advice free to all who write, THE SWIFT SPECIFIC CO., ATLANTA, GA.
