A TREMENDOUS BIG STOCK  
IN FACT TWO BIG STOCKS COMBINED IN ONE

I have moved my Kinston branch store here, and have more goods on  
hand now than ever, and to get rid of same, will of course cut prices on  
everything. There is no red banner in front of my store, as I am not try-  
ing to stimulate business by any fake sale. You can save from 20 to 50  
per cent on any article you buy at my store. It will pay you to buy your  
next winter suit or overcoat now at the prices we will sell at. I must  
get rid of my tremendous stock in a short time to make room for my  
Spring and Summer Goods and will sell at almost any price. Come and  
price our goods and be convinced. Yours to serve,

Sam Lippman.

idents the boards and decayed sills

new lumber, which adds much to the  
exterior appearance of the building.

A report from Suffolk, Va., states  
that Miss Florence of that place, and  
Harry Beaman, formerly of this city,  
have eloped. Miss Wilkins is only 15  
years of age and Beaman's attentions  
to her were strongly objected to by the  
girl's parents, and he was forbidden to  
call at their home, but the girl eluded  
the watchful eye of her parents and se-  
cretly left the city with the young  
man. As to where they are nothing has  
been heard.

FLORENCE DAVIS  
MONDAY NIGHT

Winsome Little Actress To Again  
Visit Our City. In a New  
Play.

Last season when Florence Davis  
was seen in "Under the Greenwood  
Tree," the Southern press were al-  
together unanimous in expression of  
most exalted praise concerning the ar-  
tistic and delightful methods em-  
ployed by this little black-eyed, winsome ac-  
tress, who was born and reared in the  
Southern atmosphere. A native of  
Kentucky, Miss Davis began her theat-  
rical career at a very early age and be-  
came at the bottom round of the lad-  
der, so to speak, an ambitious and so  
determined were her endeavors that it  
did not take her very long to win the  
recognition to which every clever woman  
of the stage aspires.

While the vehicle in which Miss Davis  
appeared last season "Under the Green-  
wood Tree" and even the one prior to  
that "The Player Maid," afforded her  
advantages for the display of her many  
sided talents, her latest success "Are  
You a Suffragette?" in which she will  
be seen here at the Masonic Theatre  
to-morrow night is said to far exceed in  
allowing her to reveal those comedy  
flashes that have always stamped her  
work with delicious individuality. "Are  
You a Suffragette?" being a comedy  
of the legitimate type, the kind that is  
now attracting the main attention of  
New York theatregoers and the subject  
upon which the play leans being a tim-  
ely topic in these days, when votes for  
women demonstration are of absorbing  
interest. There will also be a very  
keen desire to witness such a play and  
more especially when presented by so  
charming an artist as Miss Davis, who  
as usual brings with her a supporting  
company of general excellence.

## Science Siftings.

There are twenty-eight pounds of  
blood in the body of an average grown-  
up person, and at each pulsation the  
heart moves ten pounds.

The sun is a hundred times larger  
than the earth, an easy thing to say,  
and yet our sun is believed to be a  
rather small one. For instance, Sirius  
is at least nine times as big.

Certain French astronomers have re-  
cently come to the conclusion that the  
solidification of the moon extends from  
the surface to the center and not, as  
English scientists think, from the  
center to the periphery.

## School Notes.

Pupils in the Philadelphia public  
schools are being taught to board and  
lift from street cars in a safe man-  
ner.

More than 10,000 school children of  
Chicago are forced by reason of inade-  
quate seating accommodations to cut  
their attendance to a half day session.

The school board at Racine, Wis.,  
has issued an order that all public  
school pupils must appear with clean  
faces or have them scrubbed in school.
