ROOSEVELT LUCK FOLLOWS PARTY

While Others die of African Fever The Colonel and His Party Enjoy the Best of Health.

Gondokoro, Sudan on the upper Nile, March 2.—Roosevelt luck has attended the American hunters and scientists and this time they may be congratulated upon their escape from the African fever that has followed at the wake of the expedition. Col. Roosevelt and his immediate associates sailed for Khartoum yesterday.

Dr. Roderic Presch, a French medical missionary who lunched with Mr. Roosevelt yesterday, suddenly died of fever at noon today.

At a camp adjoining that occupied by the Americans here an English sportsman is seriously ill following a trip to Kumpala, the capital of Uganda and one of the places at which the Smithsonian African scientific expedition stopped.

The district commissioner of Gondokoro, the British officials of which were most active in entertaining their American guests, has been stricken with fever and today is confined to his bed.

Mr. Presch had done missionary work in Africa for ten years during which time his health had been gradually undermined by the climate.

HANDSOME PREMIUMS.

Coca Cola Bottling Works Announced Unique Cap Competition.

Appreciating the fad just now in vogue for saving every kind of coupon, tag or picture carried by up-to-date specialty manufacturers, the Coca-Cola Bottling Works have announced a unique method by which their patrons and jobbers will be able to share in a unique premium competition which they have just inaugurated. Beginning the past week each bottle of Coca-Cola has been put up with a special premium cap and for a stated number of these kept and turned in to the company, any one of 37 handsome prizes will be awarded. Only caps redeemed bearing the word "Premium." These prizes will range from half a dozen pencils to a diamond ring, and they are announced from circulars which may be obtained from any Coca-Cola agency. The premium offer is worth investigation and promises to create much interest.—adv.

NINE INJURED BY COLLISION

Two Big Ferryboats Crashed Together During Heavy Fog. Both Boats Were Saved.

Philadelphia, March 2.—Nine persons were injured today in a collision of ferryboats during a dense fog on the Delaware river. Several of the injured were removed to a hospital.

The collision occurred at one of the ferry slips of the Pennsylvania Railroad Company at foot of Market street in this city. The pilot of the ferry boat Camden in crossing the river from Camden, N. J. lost his bearings in the fog and crashed into the ferry boat Wenonah, which was just leaving its slip. There were 600 passengers on the Camden and it was deeper in the water than the Wenonah, which was lightly loaded, and the main deck of the Wenonah crashed into the crowded cabin of the Camden. The fog was so dense that the boats came together without warning and before the passengers in the Wenonah's cabin could escape.

The cabin was crushed and several persons were crushed. The most seriously injured was Michael O'Connor, of Camden, who sustained a fracture of the leg. The other persons caught in the crash were injured by broken wood and the crashing of glass.

The collision caused a panic on both boats but the passengers were quickly assured that neither boat was in danger of sinking.

In The Days Of Your Grandmother Cod Liver Oil was administered in a crude and most repulsive form, and would invariably upset the stomach.

Today all the medicinal properties of Cod Liver Oil are combined with Tonic Iron in the Preparation called VINOL without oil. It is very beneficial in pulmonary troubles and quickly creates strength for weak, run down and aged persons. F. S. Duffy Druggist New Bern N. C.

SHORT-PASSING EVENTS

(Continued from Page Four) expert, went to Plymouth to see Dr. A. W. Disoway. His disease was pronounced by Dr. Tayloe as smallpox. We are glad to state his case a light one and there are strong hopes that he will soon recover. Dr. Tayloe returned to the city Monday night.—Washington N. C., News, March 2.

Who has not heard of Frank Tolar, the diminutive comedian who has scored such a hit in the "Candy Shops" this season? In next Sunday's issue we are going to publish "Oakloosoo," a song written for him by one of the leading composers of the day. Wherever this song has been heard it has been highly praised. Don't fail to secure a copy of this issue.

So great has been the success of the romantic American drama, "The White Squaw" to be presented here March 10th, that a second company is to be organized at once to play the Eastern territory. The original production and company, headed by Della M. Clarke who wrote the play and appears in the leading role, will remain in this immediate vicinity and be seen in this city.

After a careful computation of figures it has been found that New Bern's shipping over the Norfolk & Southern Railway is as large if not larger than any other town in this section. During the past few weeks the force of employees who are employed at the Trent river warehouse have been rushed to keep up with the heavy shipments that are both coming and going to and from this city.

All of the local bottlers of Coca-Cola have been notified by the home office at Atlanta, Ga., that a new idea is to be introduced by the originators of this popular beverage. This will be the giving of presents for the return of the bottle crowns. These crowns to be of any value must have the word "premium" printed on it. This new advertising scheme will doubtless prove to be very popular.

In a few short weeks the shouts of the many school children, glad in the freedom of vacation, will be heard. During the past few months the pupils have been doing excellent work in all of the grades, and this reflects much credit upon the efficient work of their instructors and the principal of the school. Beyond a reasonable doubt New Bern has one of the best graded schools in the State.

Yesterday morning a citizen of Onslow County arrived in the city with a pocket full of loose gold and with the evident intention of "making the town." After he arrived in the city he changed to meet some old time friend and the pair proceeded to celebrate with a bottle of the "goodies." Yesterday afternoon the visitor was picked up by one of the local policemen and carried before the mayor where a fine of two dollars and the cost of the case was put on him for being drunk and disorderly.

THOUSANDS WORK TO SAVE VICTIMS

Hope to Dig Out Victims of Terrible Land Slide Alive. Work In Great Peril.

Wallace Idaho, March 2.—One thousand men and boys, with huge bonfires built from the debris of wrecked cottages, worked frantically all night at Mace, Burke and Murray where houses were destroyed and men, women and children have been rescued alive and there is still hope for others.

Early today twenty-four bodies had been recovered and the work was being pressed with the utmost vigor. It is very perilous, as is shown by the continuing of rescue parties at both Mace and Burke.

The worst disaster to rescuers occurred at Burke. David Shepherd, Dick Richot, William Painter and James Rogers were overwhelmed at this point. They were among the first to reach Mace after the disaster and were working there when the report came that Burke had been hit by a slide. They headed the first volunteer party that went there and were assisting a number of women out of a wrecked house at the bottom of the slide when the avalanche started again and they were caught under timbers and killed.
