SHORT PASSING EVENTS

Just one week until Easter.

Davis Pharmacy will be open to the public today.

The Circulating Library will be open to the public this afternoon from 3:30 to 7 o'clock.

Business of importance is to be discussed at the meeting of the Centenary Baracca class this afternoon and it is requested that every member be present.

The special term of Craven County Superior Court for the trial of criminal cases which was ordered by Governor Kitchin will convene tomorrow morning with Judge Ferguson presiding.

One of the largest consignments of fish which has been sent out of this city in many weeks was shipped by local dealers yesterday morning. The shipment consisted of about fifty boxes.

Quite a large shipment of fish were brought to the city yesterday morning by some fishermen and sold to local dealers. The local market was well supplied with them although the majority of them were shipped to outside dealers.

In the game of base ball, which was played at Kinston yesterday afternoon between the New Bern High School Team and the Kinston High School Team, the victory was won by the latter by a very small majority of runs. Our boys were however not in the least disturbed by the losing this game the first of the season, and are confident of winning the next game played.

In the Police Court yesterday afternoon Chas. Dudley, Mitchell Bryan, James Pain and John Morris all colored were given a hearing on a warrant charging them with being disorderly within the city limits. They were found guilty and the cost of the case amounting to \$1.35 placed on all but Bryan who was also taxed with a fine of \$5.00 for being the instigator of the affray.

The committee who are investigating the fishing industry in Eastern Carolina arrived in the city late Friday afternoon from Morehead City, where they had spent the previous day. They went at once to the Gaston Hotel where they spent the remainder of the day in consultation with some of the leading citizens. They left yesterday morning for Washington where they will spend today.

Our truckers should not lose sight of the fact that all packages of produce this season must have the name and address of the owner of grower plainly stamped or written on each package. Rubber stamps may be secured by applying to any of the commission men in town, but so far the truckers have been slow to apply for stamps. It is well to understand that this rule will be rigidly enforced.

Late yesterday afternoon a crowd of boys set fire to a hedge field near the old base ball grounds and it was necessary for the hose wagons to go out and extinguish the blaze. This is the third time this thing has occurred and each time a serious loss was narrowly averted, it has become a nuisance to the people in that locality as well as the fire companies and steps should be taken to prevent it occurring again.

Several days ago four of the colored brakemen who were in the employ of the Norfolk & Southern Railway Company became dissatisfied with the pay they were receiving and walked out. Yesterday morning the men called on the superintendent, informed him that they had decided that the pay they had come to the conclusion that they were being paid enough and would like to return to their work. This they were allowed to do.

Among the many new ideas that will be introduced for the first time at the State Firemens Tournament which is to be held in this city July 25-30, a gasoline fire engine will lead the list. There are several of these engines in the state at the present time, chiefly in small towns, and are said to be as good if not better than the steamers. However they will be given an opportunity of giving a demonstration of their prowess at this event.

There is just one thing that people who come to New Bern must remember, and that is; that if they come to this city with the intention of creating a disturbance and raising a general row they are going to land in jail. Our police force is here to protect the people and they are going to do it regardless of any "tough" who happens to "howl in" this city. There are some people who think they are a whole municipality all by their "horsemanship" but that bluff went past in this city.

After an investigation by the city authorities was found that there were a number of people who reside within a half-mile of the city hall whose premises were not connected with the sewer. There is an ordinance which makes this a misdemeanor and punishable by a fine of \$50.00. Yesterday afternoon Chief of Police Hargett issued a summons to these people which notified them to appear before the mayor and give a reason why they had neglected connecting their premises with the sewer or be fined.

Several days ago Henry Washold, a seaman on the revenue cutter "Pegasus" was arrested for being disorderly within the city limits. He was confined to Police Headquarters where he was recognized for an acquaintance being the driver of a car which had been fined for disorderly conduct and was now on its way to the city jail.
