**HIDDEN DANGERS**  
 Nature Gives Timely Warnings That No New Bern Citizen Can Afford to Ignore.  
**DANGER SIGNAL NO. 1** comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.  
**DANGER SIGNAL NO. 2** comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here's New Bern proof:  
 James A. Whitley, 74 George street New Bern, N. C., says: "I can recommend Doan's Kidney Pills in the highest terms, as they cured me of kidney trouble after other remedies failed. I suffered a great deal from a lame back and a soreness across my loins. Every quick movement sent sharp twinges through my body and after stooping it was difficult for me to straighten. Reading about Doan's Kidney Pills, I concluded to try them and procured a box at Bradham's Pharmacy. They gave me prompt relief and finally effected a complete cure."  
 For sale by all dealers. Price 50 cents. Foster—Milburn Co., Buffalo New York, sole agents for the United States.  
 Remember the name—Doan's—and take no other.

**THE APPEAL TO CLEANLINESS.**  
 The season of spring, with its warm days and slightly cooler nights, after the days and nights of winter when the greatest consideration was the securing of warmth and all safeguards against the cold, cannot but have an appealing suggestiveness to humanity, and the greatest appeal would seem to be for cleanliness, the abstinence from everything that in winter caused indifference to cleanliness. Nature puts on colors from the grass to the flowers and fruit trees. There is a positive change from the somber that accompanies winter, to the cheerfulness that must go with Spring.  
 And so to man. Within and without these days call for changes. There is an appeal to cleanliness, such an appeal that it would seem impossible to resist. Heavy clothing is a burden, it is put away, and instead come garments that meet nature's conditions, and makes man a creature, fit to enjoy spring. And from the person to objects nearby, there is the appeal for cleanliness. Rubbish and trash indoors are thrust outside. The yard and entire premises must receive the brush, the clean-up to meet spring conditions. The pavement and street call for the changed state that nature and man are taking, preparatory to still warmer days and nights. The contest for cleanliness is for safety. Health, private and public, demands individual and municipal cleanliness, and yet as much as the safety that is enjoyed through cleanliness, there is the personal comfort in feeling clean, in looking at a clean and wholesome home, premises, pavement and street. All these clean, there is the lessened chance of contamination that follows where filth exists. The appeal to cleanliness should be heeded. It is the warning which taken notice of wards off sickness and disease, thwarts pestilence and bids defiance to death.
