SHORT PASSING EVENTS

Today is all fools day. Watch out for the brick under the old hat.

There have been very few marriage licenses issued to white couples during the past month in this city.

The Woman's Foreign Missionary Society of this city will meet this afternoon at four o'clock in the church parlors.

The Postal Telegraph Company will soon occupy quarters in the Elks Temple, in the rooms recently occupied by Mr. Ed. Clark.

Pea blooms hereabouts are rapidly passing now into pea pods. But these will all be "pops" if Jack Frost should chance this way.

There was only one minor case on the docket in the police court yesterday afternoon and but a short time was consumed in the session.

Those persons who attend the egg hunt at Jasper Saturday afternoon are promised a delightful time. Refreshments will be served by the ladies and a game of base ball will be one of the features of the day.

The Gaston Drug Co., Mr. Sedbury, a former New Bernian, proprietor, has moved to the store in the Smallwood building opposite the post office, and will fill orders today. Mr. Sedbury's friends will be glad to welcome him back to this city.

During the past few days it has been noticed that the old clock in the tower of the Federal building occasionally peals out the hour. Just why the instrument strikes so irregularly or in fact why it strikes at all we have not been able to learn.

The Glee Club of North Carolina is said to be better this season than ever before. Several highly talented musicians have recently been added to the organization and also four new soloists have been secured. They will be seen at the Masonic Theatre April 6th.

There have been several complaints made recently by citizens of this city about driving heavily loaded wagons on the sidewalks by some of the colored draymen. The police are on the watch for these offenders, and every one who is caught in the act will be fined five dollars.

The county bridge force are engaged in repairing the Neuse river bridge. In several places on the bridge the boards have become worn through and if the repairs had not been made it is probable that some person or animal would have been injured by stepping in one of these holes.

Since the reproduction of the famous Johnson-Ketchel prize fight which was shown at the Victoria on last Monday night, every youngster in the city who could scrape up the necessary "scads" has purchased a pair of boxing gloves and prize fights are now a feature of the day.

The Whitcombs pleased a large audience at the Victoria again last night. These two vaudeville stars are fast and snappy in their sketch, and the audience is kept guessing as to what the next surprise will be. No better pictures have ever been seen in the city. The music was fine. Another big bill for tonight.

Today is the last day in which you can pay your city taxes. If you do not pay this tax today your property will be advertised and sold to the highest bidder. The tax collector informs us that there are quite a number who have paid no attention to his notices, and unless they pay today their property will have to be sold.

While in Bridgeton yesterday a Journal representative was shown a new storage house that is being erected by Mr. J. D. H. Fleming for the purpose of storing ice for use during summer. When the building is completed and his supply of ice put in, the people of that place will not have to come to this city after ice.

One of the largest catches of harrings of the season was brought to the city yesterday morning and disposed of to local dealers. The fish were taken by them and salted down preparatory to shipping to outside dealers and to see the large number of people employed by them in this work is indeed an interesting and instructive spectacle.

Work on the new ice factory that is being erected in the northern part of the city is rapidly progressing. A large force of carpenters and masons are employed by the contractors who are doing the work and they are forging a head with remarkable rapidity. New machinery has been received and this will be placed in position as early as possible.

About 8:30 last night a pedestrian die covered that a large portion in the residence of Mr. S. Blumgardt on Pollock street was on fire. The alarm was turned in and both companies were soon on the scene and quickly extinguished the blaze. The family was not at home at the time and it is supposed the blaze originated from a lamp. The damage was slight.

The citizens of Bridgeton are very much wrought up over a matter that has recently come to light in that town. From the facts that could be learned by a Journal representative, it seems that some one who lives at that place wrote a letter to the post office department and requested the abolition of the Bridgeton office on the grounds that the population of the place did not warrant it, and that the majority of the people received their mail at the New Bern office. The people are very indignant over the matter and much sentiment is being expressed in the town.

THEY COME AND GO

Mrs. C. C. Jordan is visiting relatives at Raleigh.

Mr. John Pearce, of Pollockville, was in the city yesterday.

Capt. D. S. Lancaster, of Vanceboro, spent yesterday in the city.

Mrs. Arthur Midyett, of Oriental, spent yesterday in the city.

Mr. John Guion, who has been attending the University at Chapel Hill, returned home yesterday.

Mr. R. A. Damon, manager of the Hyman Supply Co., of Wilmington, was among the visitors to the city yesterday.

VIN-KRE-OL FOR PUNY CHILDREN AND FRAIL WOMEN. The improved wine of COD LIVER OIL is the remedy. Stimulates the appetite, strengthens the nerves, enriches the blood, prevents and cures Colds, Coughs, Bronchitis And throat and lung troubles. Davis Pharmacy.
