TO THE PUBLIC

The New Bern STORES are the equal of any in this State and should be patronized by you in preference to others.

By recent comparison the goods offered by our merchants were of as good quality and just as cheap as samples from an established Northernhouse.

If you don't find what you need, show your civic pride and let your merchant order it for you, for by so doing you will encourage our merchants to keep the best of everything at the cheapest possible prices.

Thousands of dollars are being sent away annually to enrich other communities. Let's keep this money at home and prosper.

WOMAN AND FASHION

The Separate Coat.

The separate coat remains long, while the suit coat has suffered abbreviation. It was not until recent years that the girls gave up the long suit coat. They better than any one else understand the value of long lines for their slim figures.
Some of the new separate wraps are reported in the extreme, but every spring with dressy afternoon use ahead for such garments they take on a tone of picturesque. This time a good many old shapes are being played upon. Among them the Florentine cloaks are frequently the theme, from which, to be sure, wide departure is usually made. For one thing, the flaring for scanty skirts thwarts any medieval effect that might otherwise be pronounced. One coat now popular well illustrates one of these shapes. It is made of fawn colored satin with an old scarf shoulder drapery of gold cloth veiled with brown. The buttons are jeweled and have odd antique pendants.

Bordered Materials.

In deep bordered materials the plain part of the goods more often than not is making the lower part of the skirt and the flared part the upper portion and the waist. Figured fabrics are being made up with plain ones in this way. Some of the borders are helped out amazingly by adding a band of plain color on the outside. In imported goods one finds borders of the kind added with very apparent stitching. But American dressmakers sew far better than the French. A woman wedded as yet to French gowns has her home dressmaker engaged to re-finish such costumes as soon as they reach this side. And the woman who does the work is a little home sewer without name or fame, but she often reconstructs a gown bearing a high sounding Paris name to its great improvement.

Pretty Summer Frock.

Blue challe in the pretty shades of Alice blue with a white spot in it is chosen for this model, although linen, dimity or foulard silk will be happy selections, and the sleeves may be

IN ALICE BLUE CHALLENGER short or long as shown in the back view. The girle is of blue mesaline, the lace edging the little short bodice and tunic effect. This will be suitable for simple evening affairs during the spring and for cool days in summer.

Judgment!
Sometimes in making things too, as "Regular" rather than "Sedley" note. The butcher tells, if the tale is true, to separate the sheep from the goat. —Chicago Tribune.
Scriptural Reflection.
The man with the falling fringe of hair in sort of a festoon from ear to ear across the back of his head stood in a store and watched a woman purchasing braids, switches and so forth. Turning sadly away, he mused:
"Unto her that hath shall be given, but from him that hath not shall be taken even that which he hath."

Mr. Isaac Cook, Commander of above Post, Keokuk, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys. About two months ago I started taking Foley's Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache and the painful bladder misery is all gone. I like Foley's Kidney Pills so well that I have told many of my friends and acquaintances about them and shall recommend them at every opportunity." —Davis Pharmacy.

A False Start.

The referee held up his hand. "Them last two rounds don't count," he hoarsely announced. "Th' fight will have to start all over agaln."
A low growl ran through the vast audience.
"Whar's th' trouble, Reddy?" shrieked a fiery faced man in the tenth row. The referee squared his jaw. "Th' trouble is," he explained, "thar th' movin' picture man has struck a bad spot in his film an' th' pictures is no good. Are you ready to try, per-fessor? All right. Shake hands, boys." And the battle made a fresh start.—Cleveland Plain Dealer.

NO REASON FOR IT

When New Bern Citizens Show The Certain Way out.
There can be not just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of diabetes of any kidney ailment which relief is so near at hand and the most positive proof given that they can be cured. Read what a New Bern citizen says:

George Ennett, 42 New street, New Bern, N. C., says: "I recommend Doan's Kidney Pills in the highest terms, as I believe them to be the best kidney remedy to be had. I suffered from backache for some time and it was hard for me to stoop or lift. Standing on my feet for any length of time, caused a strain on the kidneys and as a result the secretions from these organs became too frequent in passage. Doan's Kidney Pills, procured at Bradham's Pharmacy relieved the pains in my back and regulated the passages of the kidney secretions. I advise anyone suffering in a similar manner to give this remedy a trial."

In the Lily Trade.
After a short search the man was discovered carefully painting the Lily. "Go to, thou fool!" sneered that injury which is ever the slave of tradition.
But the man explained. "This is a 1909 Lily," he pointed out. "By painting it I make it the 1910 model. As soon as people see it, they'll throw away their old lilies and buy new." And, lo, it was as he predicted.—Lucky

BILIOUSNESS AND CONSTIPATION

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do the work naturally. —Mrs. Rosa Fort, Birmingham, Ala.
