Large Capital is Vital

Whether your lawyer or your doctor has much or little money is immaterial to you. The quality of their service does not depend on Capital.

But your bank—that is different, for no amount of personal willingness on the part of your banker, can take the place of the ability to serve that goes only with the possession of large capital.

With these facts in mind the \$200,000.00 Capital of this Bank becomes a matter of serious import in choosing a Bank.

SEVEN BISHOPS
ARE ELECTED

College of Bishops is Now Filled
And it is a Busy Day With
The Workers.

Asheville, May 18.—In the General Conference at Asheville yesterday morning the list of bishops which the Conference has been selecting during the past few days was completed.

The new bishops in the order of their election are:

Dr. Collins Denny, of Baltimore, a professor at Vanderbilt University.

Dr. John C. Kilgo, president of Trinity College, Durham, N. C.

Dr. W. B. Murrah, president of Mississippi College, Jackson, Miss.

Dr. W. D. Lambuth, Secretary of the Church Board of Missions.

Dr. R. G. Waterhouse, president of Emory and Henry College, Emory, Va.

Dr. E. D. Mouzon, Dean of Southwestern University, Georgetown, Tex.

Dr. James H. McCoy, President of Birmingham College, Birmingham, Ala.

Rev. T. N. Ivey, D.D., editor of the Raleigh Christian Advocate, was chosen on the fourth ballot by the General Conference South, as editor of the Nashville Christian Advocate, the official organ of the General Conference.

Dr. Ivey is regarded as one of the brainiest of the young men of the church and his selection seems to have met with general satisfaction. This gives two important places to North Carolinians, Dr. Ivey as editor of the Advocate and Bishop Kilgo from President of Trinity College.

ARGUMENT
CONCLUDED

Case of Blakely vs. Buckeye Company Will Be Concluded Today.

When Superior Court convened yesterday morning the case of Blakely vs. Buckeye Company which has consumed practically all of this week's session and which was continued from the preceeding day was called.

The entire session yesterday was taken up with the arguments of the counsel on both sides and some brilliant and eloquent speeches were made. The last attorney concluded his remarks at 5 o'clock yesterday afternoon and the court took a recess until this morning.

The case will doubtless be concluded by noon and the jury will be discharged.

DIED.

Yesterday morning, little William Anderson Gaskins, infant son of Mr. and Mrs. C. Whit Gaskins, age 15 months, died at his residence, No. 121 East Front street yesterday afternoon at 5 o'clock. Rev. J. B. Harley officiating. The interment was made in Cedar Grove cemetery.

A Cohan & Harris Song Free.

"May Moon" is the name of the big song hit of the Cohan & Harris minstrel, presenting George Evans and his "Honey Boys" during their recent run in New York. The words are by Earl J. Benham and the music by Billy J. Vanderveer, two well-known song writers. By special arrangement the words and music of this pretty love song will be given next Sunday with the New York World.

EARTH PASSES
THROUGH TAIL

No Perceptible Effects. Hundreds Watch For Probable Electrical Effects.

Well we're still alive. Halley's comet that much talked of celestial visitor which was scheduled to pass between the earth and the sun last night and probably annihilate the inhabitants of the earth by the poisonous gases which its tail contained and through which we passed, shot past the danger point and no visible effect was noticed by people in this city.

At every point of vantage last night shortly after eleven o'clock people could be seen gazing intently at the elements. They were expecting to see some awe-inspiring spectacular electrical display but alas their anticipation was not rewarded for there was not the least perceptible effect.

"And just to think" remarked one of the young ladies who was returning from Neuse river bridge where she had been watching for the probable display, "that probably several hundred people have committed suicide during the past few weeks on account of being afraid to await the results of our trip through the comet's tail."

The colored population were also out in full force last night and their incontinence could be heard until early morning.
