Large Capital is Vital

Whether your lawyer or your doctor has much or little money is immaterial to you. The quality of their service does not depend on Capital.

But your bank—that is different, for no amount of personal willingness on the part of your banker, can take the place of the ability to serve that goes only with the possession of large capital.

With these facts in mind the \$200,000.00 Capital of this Bank becomes a matter of serious import in choosing a Bank.

RECEPTION TO ROOSEVELT

North Carolina Will Be Well Represented: Elaborate Preparations Being Made

Washington, May 23.—Representative John C. Grant of North Carolina is anxious that his state should be well represented at the reception of Colonel Theodore Roosevelt in New York, June 18th.

"I am glad to know," he said yesterday, "that the reception to Colonel Roosevelt is to be a non-partisan affair. He is the most popular of living Americans. And in saying this I do not wish to be understood as detracting in any way from President Taft. Roosevelt has gripped the heart of Americans as no other has in our day and generation. I sincerely hope that the proper committee in the several cities of my state will communicate with the general committee in New York as soon as possible and thereby insure full and proper recognition. I have not the slightest doubt that they will do so at once."

Colonel Roosevelt deserves a hearty welcome if ever an American did. He is as big a force for good as we have seen in a long time and, as a private citizen, bids fair to continue to be for several years to come. The esteem in which he is held abroad was amply shown by the manner in which kings, commoners and noblemen vied with each other in honoring him. The homage which is usually reserved for sovereigns has been accorded this private citizen without the slightest reserve. It is not as a conquering hero or as a prospective dictator or monarch that Mr. Roosevelt is to be greeted. Friends and fellow citizens are to turn out and show him that they are glad to have him back among them in his old home. All talk that such a reception smacks of imperial doings is the merest nonsense. Theodore Roosevelt would not countenance a hand clap given in such a spirit.

Revival Starts

The revival at the Tabernacle church started off last night with fine interest. The pastor, Allen C. Schuler, reports the service as "the finest he has held in the Tabernacle church."

There was one addition to the membership. Services will be held each night during this week. The pastor extends a special invitation to the men of the city to come out and hear him to night on "Sowing and Reaping."

Death of Cyrus Foscoe

A telephonic message was received here yesterday announcing the death of Mr. Cyrus Foscoe, near Maysville.

Mr. Foscoe was one of the most prominent men in Jones county, having held various positions of honor and trust at different times. His vocation was farming at which he was eminently successful.

He was for many years a leading member of his church, identified in all its charitable, benevolent and other works for the uplift of humanity, and a member of the Masonic fraternity, high up in the councils of the order. Mr. Foscoe had been in poor health several years, but reached a ripe old age, being perhaps over 70 years.

The funeral will take place today at 2 o'clock from his late residence, conducted by the Masonic lodge of Maysville. The interment will be in the family burying ground.

Notice

All members of the Family Record Mutual Life Insurance Company will take notice that if the collector fails to call upon them in the next few days they will notify me at once. This is necessary as there has been a change in the management in this city.

CYCLONE RAGES; MANY ARE KILLED

One Oklahoma Town Entirely Destroyed—Loss Reaches Thousands

Shawnee, Okla., May 23.—Several persons are today reported killed and many injured, while enormous property damage has been done by the cyclone that swept Pauls Valley, fifteen miles from here late yesterday. The town of Maysville is reported destroyed while McCarthy, a town of 100 inhabitants, and Madill are reported to have suffered severely. Paoli was also damaged.

Telephone and telegraph wires are down and the only reports received came from persons who were near the valley when the cyclone struck. The storm swept a path a mile wide and twelve miles long. In the country districts trees were uprooted, crops leveled, live stock destroyed and farm buildings demolished.

Relief parties were today sent to the stricken district which is in an isolated section. Three persons are reported dead at McCarthy. Miss Dewey daughter of a minister, was blown 100 feet and probably mortally injured.

Runs Amuck With Revolver

Sunday afternoon Lonnie Rice, a degenerate young white man who resides in the northern part of the city, visited the home of Mr. Alex Lee who resides in the same locality and proceeded to clear the house of its occupants by flourishing a heavy revolver.

In the police court yesterday afternoon Rice was given a preliminary hearing and placed under a bond of \$50 for his appearance at the next term of Superior Court.

Tribute to Mr. W. C. Brewer

To the Editor:—I desire through your columns to pay a last tribute of respect to my friend, Hon. W. C. Brewer. I was in New Bern at the time of his death and was greatly shocked, and had it been in my power I would have attended his funeral at Vanceboro.

Mr. Brewer was the chief marshal upon Memorial Day at New Bern, and I now regret once again so much I was unable to be present in order that I might have once again seen my old friend, Mr. Brewer was on the Board of County Commissioners.

I was the attorney for the County of Craven and I have been associated with him in a number of ways in the county. He was always a warm friend whatever difference of opinion existed between us, and was always my strong supporter and friend in all my public life. A faithful representative of the people as County Commissioner, a member of the Legislature, and one of the most gallant Confederate soldiers in the Southern army, his death will be mourned by many friends in Craven County and by those who knew him in the State.

He had been a great sufferer for years and now rests from his labor and suffering, having passed over the river, his body to rest in the soil of the county which he loved, and his gallant soul having passed through the pearly gates of the beautiful city of our God, there to meet once again Stonewall Jackson and Robert E. Lee under whose command he so gallantly fought.

CRUSHED BENEATH IRON WHEELS

Zilphia Watson an Aged Colored Woman Horribly Mangled Yesterday Afternoon

While attempting to cross the Norfolk-Southern rail track near the Pine Lumber Company's siding yesterday afternoon Zilphia Watson, an aged colored woman was struck by a boxcar which had been abutted into the siding by engine number 34 and horribly mangled.

The woman, who is the mother of Ben Watson, a colored fireman on the Norfolk-Southern road was employed by a family near the scene of the accident in the capacity of a nurse and at the time of the catastrophe was going home to her dinner. In attempting to cross the track, she did not see the approaching car which had been turned loose from the engine and was struck by the coupling bar and thrown to the ground with her left leg squarely across the track in front of the wheels which were only a few feet away. Before she could move from this perilous position the car was upon her and that limb was severed from her body.

Despite the awful agony which she must have been in from this and other wounds which she received by being struck by the car the woman did not lose consciousness until she arrived at the sanitarium where she was carried immediately after the accident, and where the mangled limb was amputated.

At a late hour last night the woman was still alive and the attendants there say she has a good chance of recovering.

Comet Has Lost its Tail

Halley's comet, the greatest scientific enigma of the age was plainly visible in this city last night, but, is a tailless comet now. Through some mysterious, unexplained cause, this strange, terrifying and erratic flying mass has suddenly become inactive. It has ceased throwing off gas and minute particles of solid matter but whether for good and all time or merely for the time being is a question that scientists are puzzling their brains over.

Moon in Total Eclipse

The moon was in total eclipse last night, the weather being favorable almost the entire time from 10:38 p.m. when the earth's shadow began to fall upon the face of the moon, until 12:05 a.m. when the eclipse was full, the sky was clear and the full effect was visible. In contrast with other eclipses of the moon, that last night showed the moon in its entirety during all the period. It was a dark red color, which was produced by the reflection of the light of the sun around the earth's surface. This was due to the earth being a greater distance from the moon than usual.

It was 2:15 a.m. before the moon shone forth again in the fullness, seemingly brighter than before its eclipse.

Announcement

I wish to announce to the public in general and the local musical talent in particular that I would like to organize a 12 or 15 piece orchestra having resigned my former position at the Victoria theatre. I will devote the evenings in the training of the orchestra, will be pleased to hear from only those who are willing to learn, stick to the organ, practice and rehearsal some Sunday if absolutely necessary. This community is at present and will be more in need of an orchestra during the Bi-Centennial Celebration. If interested drop me a line to P. O. Box 13 naming instrument and how long you have been playing.

Respect yours, L. U. SCHAFER
