Large Capital is Vital

Whether your lawyer or your doctor has much or little money is immaterial to you. The quality of their service does not depend on Capital.

But your bank—that is different, for no amount of personal willingness on the part of your banker, can take the place of the ability to serve that goes only with the possession of large capital.

With these facts in mind the \$200,000.00 Capital of this Bank becomes a matter of serious import in choosing a Bank.

A KING MARKED FOR DEATH.

Confession of Anarchist Charged With Murder Reveals Gigantic Plot.

LISBON, May 24.—Through the confession today of an anarchist named Ramirez, one of the conspirators in the assassination in February, 1908, of King Carlos and crown Prince Luis, of Portugal, the identity of 1,146 other conspirators in this crime has been revealed. Ramirez says the leaders to this plot are still in communication with each other, their ultimate aim being the assassination of King Manuel, who was under special guard during his attendance at the funeral of the late King Edward.

Today's confession shows that the plot was even more widespread than the police suspected and that 16 prominent politicians, several of whom are still active in government affairs, were involved. The authorities expect to implicate at least 4,000 persons, and are now engaged in obtaining evidence for the extradition from New York, London, Paris and Rio Janeiro of the leaders of the regicide band.

Ramirez was arrested shortly after the assassination of Carlos and Luis, but escaped to Brazil, where he was recently arrested again.

He was brought back to Lisbon a few days ago.

MONEY WILL BE WASHED

Government Buys Number of Machines Which Will Be Used For That Purpose

Washington, May 24.—Secretary MacVeagh today gave an order for the purchase of a machine to laundry United States notes, which, it is estimated, when put into general use at all the sub-treasuries, will save the Government \$1,000,000 a year.

Experiments in washing and ironing notes have been conducted at the Bureau of Engraving and Printing. These convinced the officials that the method was practicable, the estimate being made that 80 per cent of the issues could be retained and the life of a bill doubled. All germs have been destroyed by antiseptic solutions. The first machine will cost \$1,000 and will be installed in the Treasury Department.

The laundering process can be applied to all the notes issued by the Government except the gold certificates, an acid used in cleaning having a tendency to obliterate the colors of them. For the present the treatment will be confined to United States issues, although later it may be extended to national bank notes.

Norfolk Train Late.

The train from Norfolk which was due here at 6:45 yesterday afternoon did not arrive until 10:30 last night. The delay was caused by a wreck near Hertford, N. C. The men in charge of the local office were very reticent in giving out any information in regards to the accident. It was reported that several passengers and the baggage clerk had been injured.

FALSE COMET FRIGHT FATAL

Nervous After Skyrocket Scare, Old Man Succumbs to Stroke.

Philadelphia, May 24.—Chas. Aceco, 70 years old who was found dead in his home in Camden, is believed to have been frightened to death by display of fireworks while watching for the comet.

Mr. Aceco, whose home is at 707 Sycamore street, told his daughter that he intended to sit up and watch for the comet, in which he had taken an unusual interest. He was rather nervous when he went to his room up stairs to await the appearance of the comet, and some boys fired a skyrocket which so badly frightened him that he went down stairs and took a seat by the window where he could be near his daughter.

The daughter went to bed, leaving her father sitting by the window. When she got up she called to him and getting no response, went to awaken him and found that he was dead.

The daughter says her father was so nervous as a result of the fright caused by the skyrocket that she believe the shock was the direct cause of his death.

Another False Alarm.

Shortly after 2 o'clock yesterday afternoon some one phoned to police headquarters and informed the Sergeant in charge that there was a dwelling on fire at the corner of South Front and Metcalf streets. The alarm was turned out in search of the conflagration, but after driving around in that locality for five or ten minutes failed to find any blaze. This business of sending in false alarms by phone is becoming a nuisance and if the perpetrator is found he will be severely dealt with.
