Care in Money Matters

Much money is lost by those who fail to keep accurate account of their income and outgo.

Few make success of personal bookkeeping if they pay in cash.

The only practical way to have a complete record of expenditures and to secure a receipt for every payment, is to carry a checking account here and to pay all bills by check.

No business house would do otherwise and the simplicity of the plan adapts it quite as well to individuals.

FIGHT WARSHIPS FROM AIR-CRAFTS

Aviators Will Try to Drop Bombs on Gun Boats Below

Atlantic City, N. J., June 22—Three aeroplanes with the foremost aviators guiding them, will run the gauntlet of a withering fire from one of Uncle Sam's mightiest battleships to take a chance of sending the ship to the bottom of the ocean with a well directed bomb. This is part of the program for an over-ocean aviation meet that the Atlantic City Aero Club will hold during the week of July 4 to 11, inclusive.

The "withering fire" and the "bomb" are to be taken only in the theoretical. The battleship will train its guns on the airship, and the aviators will drop bombs loaded with sand.

A prize of \$1,000 will be given to the aviator who first succeeds in dropping upon the deck of the battleship the bomb. In case the guns of the battleship, as shown by photographs, are successful in repelling the attack, the money will be given to the crew.

Mrs. Caroline Dixon fell asleep in Jesus yesterday morning at the residence of her daughter, Mrs. J. W. Smith, on Spring street. The deceased was seventy-eight years of age, and more than half of her long life has been spent in New Bern. She is survived by two daughters, Mrs. J. W. Smith and Mrs. W. H. Holton, by two brothers, and by a large number of grand children and great grand children. She has been in failing health since last October, but has been critically ill for but a few days. For over thirty-five years she has been a faithful member of the First Baptist church, in this city. She loved it with unceasing affection. CROP CONDITION REPORT

Shows Higher, But Too Dry In Texas. Spot Sales Lower At Prices.

New York June 22—The National Farmers report today is said to place the crop condition at 84.6 percent, against 80.4 on June 1st. This caused a moderate reaction from yesterday's highest prices. But the undertone of the market was strong on reports of excessively hot and dry weather in Texas, where rain is now needed.

Prices are likely to remain firm until the dry spell in Texas and Oklahoma is broken. Spot sales were 2,000 hales at 10 points decline from yesterday.

VOICE OF THE PEOPLE.

WHO IS THE GOOD CITIZEN

Mr. Editor:—I am nearly 62 years old and for all these years before I was born, the citizens of Craven County have been noted for their hospitality, truthfulness, and fair dealings to all men. We have learned to look up to men of character like the Hon. James A. Bryan, C. E. Foy, J. W. Biddle, the Hon. Mayor, and City Aldermen, men of honor and character, and scores of others all over our county. No better people to be found anywhere, and Mr. Editor, we have also learned to disregard all attempts of common minds, that may try seek to attack the personal or political characters, of these other equally good citizens.

J. E. O.

FAVORS C. R. THOMAS

Mr. Editor:—My admiration and respect for the Hon. Chas. R. Thomas have only been increased and heightened by reading his recent open letter to the people of this district in which he announces his purpose to stand by pledges made in a letter written quite two years ago. No one who knew him however, expected him to do otherwise, for his public career has been characterized by fidelity to duty and loyalty to every promise or pledge. Now Mr. Editor, when Mr. Thomas made that promise two years ago that he would not be a candidate for re-election this year, conditions were quite different from what they are today. At that time his health was poor; today it has been fully restored and he was never in finer trim. Two years ago everything pointed to a Democratic landslide in November. Should such a thing happen Mr. Thomas would be the ranking member on one of the most important committees in Congress and in position to serve his State and the South as never before. To turn him down now at the threshold of such usefulness to this district and people would be a political crime and benefit nobody but the man selected in his stead. Are the rank and file of the people ready to commit such an error? I don't think so. Many of our people complain at the treatment we received at the hands of Congress, such of which is due to the fact that we too often limit the terms of our Congressmen while useful members from other parts of the country are there indefinitely. With twelve years experience to his credit Mr. Thomas would be able to go farther to the front and render more efficient service to his district and state than ever and I appeal to the manhood and intelligence of the "Old Third" to rally around his side and after complimenting the favorite candidates from the different counties nominate Thomas, keep him on the firing line and at the front where he would be invaluable to his district and people under the Democratic Congress. I would write columns but this is enough.

SEVERE WIND-RAIN STORM

With Hail Thunder Lightning Heavy Rainfall. Damage About City.

Shortly after one o'clock yesterday afternoon, this city was visited by a very severe storm. It was hot and sultry during the morning, but the first storm threatening gave no evidence of what followed. First flurries of rain, then heavier, with great down pours for minutes. There were rallies from lull periods, then heavy thunder with sharp lightning. The storm itself lasted about an hour, the rainfall was 2.60 inches. The wind blew hard at times, and veered to all points of the compass. The local phone service suffered from crossed wires and a number of phones were disabled. Some hail fell and there was a drop in temperature for a short time. The section of Metcalf and Broad, and New and George streets was under water, and lots in the vicinity filled with water to the suffering of those living nearby.

Shocked by Lightning.

Early yesterday afternoon Mr. Wm. Oast who is employed by Mr. P. Trenwith, who conducts a blacksmith and repair shop on South Front street, went out on Trent river to catch a bunch of fish, when the storm came up he was unable to reach the shore so rowed his boat underneath the bridge. While waiting for the storm to abate, lightning struck the water nearby and Mr. Oast being so near was knocked senseless by the force of the shock. In this condition he was found and brought to the shore after which he was carried to his room and a physician was called in to give him medical attention. Mr. Oast is about 65 years old and the severe shock completely unnerved him for several hours but it is more than probable that there will be no serious after effects.

Will Erect Tents.

The committee who have charge of furnishing accommodations for the visitors during the Bi-Centennial are planning to secure a number of tents which will be placed at the disposal of those who wish to "campout" if circumstances compel them to this. If the weather permits many will doubtless take advantage of this offer.

Tom Hege up Before the Mayor.

Tom Hege, the Seven Day Adventist, who arrived in the city several weeks ago from Wilmington, and since that time has been exhorting the people to prepare for the end of the world, was before Mayor McCarthy yesterday afternoon on a warrant charging him with receiving stolen goods. A few days ago Hege sold a moving picture machine to two small boys for \$14.00. It developed later that the money had been stolen and the owner discovering the whereabouts of his cash called for it. Hege refused to part with the coin and it was necessary for the Mayor to explain to him the error of his action before he returned the money to its rightful owner.

Negro Has Narrow Escape

While attempting to cross Neuse river in a small sail boat yesterday afternoon during the severe storm which visited this section Amos Pitts, colored, came near losing his life. The boat which Pitts was sailing was struck by a wind squall and before he could lower the sail had turned over. The negro at once began to paddle for the shore and succeeded in reaching it, but in a thoroughly exhausted condition. The boat has not been recovered.
