## Care in Money Matters

Much money is lost by those who fail to keep accurate account of their income and outgo. Few make success of personal bookkeeping if they pay in cash.

The only practical way to have a complete record of expenditures and to secure a receipt for every payment, is to carry a checking account here and to pay all bills by check.

No business house would do otherwise and the simplicity of the plan adapts it quite as well to individuals.

## SENATOR J. W. DANIEL DEAD

Virginia's Soldier and Statesman Now a Foul and Honored Memory.

Lynchburg, Va., 30—John Warwick Daniel, senior Senator from Virginia and for more than four decades Virginia's favorite son, died Wednesday at 10:35 o'clock at the Lynchburg Sanatorium, where he had been under the almost constant care of Dr. E. A. Waugh since he was brought back from Florida where he was stricken last winter.

The death of the statesman, which was almost without a struggle, came as a shock, for dissolution was so rapid that even those who watched at his bedside were hardly prepared for it, and yet the end would not have been any more of a shock had it come two months ago.

At the bedside when the end came were Mrs. Daniel and daughter, Mrs. Fred Harper; his son, Edward M. Daniel; his son-in-law, Fred Harper; his sister, Mrs. S. W. Halsey, of Tye River; Major Daniel's nephews, State Senator Don P. Halsey and Warwick Halsey; his private secretary, Dr. Waugh and two nurses.

The death was so quiet and so peaceful that the members of the family could not notice the slightest struggle; yet there was a slight struggle, which did not escape the eye of the physician and nurses. Still, the end seemed to be as painless as had been most of the Senator's sickness, for even in his lucid moments he never complained.

### Struck By Batted Ball

While the base ball game between the local team and the Boston Bloomers was in progress yesterday afternoon, Will Cleve, a small white boy was struck on the face by a ball which had been batted over the fence and for a few moments was knocked insensible. Another small boy was also struck by a batted ball and painfully bruised. One of the female players also turned a bat loose into a crowd of spectators and one of them was struck by it but not seriously injured.

### Bradstreet's Weekly Trade Report

Richmond, Va., June 30.—Bradstreet's Saturday will say for Richmond and vicinity:

Continued seasonable weather has favored crop growing and has stimulated retail trade. Wholesale trade in some lines is good, while other lines show slowness. Dry goods are quiet. Sales of shoes and rubber goods for future shipment continue good. Produce is quiet except in shipments of vegetables to northern markets. Drugs and naval stores continue fairly active. Building material and hardware are in good demand. The cotton crops 'tough late are reported much improved as are most of the growing crops. Collections are irregular.

### Purchases Handsome Oulibus

One of the most attractive turnouts seen in some time is the new omnibus and the pair of large coach horses which were put into service yesterday morning by the Gaston Hotel. The vehicle is painted in the latest style, rubber tired wheels, and in fact is "swell" in every particular. A new baggage wagon has also been purchased and is being used in carrying baggage to and from the depot.

### New York Cotton Market.

Special to the Journal.

The cotton market was dull, but strong today, around the top figure of yesterday, with the exception of July, which advanced 30 points, on short covering. There was no change in the general situation.

Reports of too much rain in Alabama and Mississippi, and Net enough in Texas and Oklahoma. It is generally expected that the government report tomorrow will show the condition to be between 83 and 84. Spot sales today were 12,000 bales at 30 points advance over yesterday.

### New Bern Team Defeats Boston Bloomers

In a game that was devoid of any sensational or thrilling plays but in which the local team showed that they knew how to play base ball the New Bern team defeated the Boston Bloomers by a score of 7 to 4. Quite a large crowd was in attendance and they thoroughly enjoyed the game.

### Country Fair

The country fair that was held at Bridgeton last night was a great success and by request it will be continued tonight, beginning at 7 o'clock. Everybody invited to be present.

### A Remarkable Parrot.

A parrot that could not only sing and talk but that could dance was seen in this city yesterday. This phenomenal bird is the property of Mr. Wm. Bell who lives in Jones county and is highly valued by its owner. The motions of the bird while dancing are not quite as graceful as a cyph, but are very interesting. The parrot was brought to this country several months ago from South Africa.

### Creditable Edition.

The Bi-Centennial edition of the New Bern Sun which was issued yesterday afternoon was a very creditable piece of work in every respect. The write ups were good and the typographical appearance clean and defensible.

Strike Wireless Pole, Man Thrown Through Hatch and Badly Hurt.

Norfolk, Va., June 30.—During a severe wind and electric storm yesterday afternoon lightning struck the wireless mast on the battleship Delaware, the only American Dreadnaught, and one man is reported to have been badly hurt.

The big ship was loading ammunition preparatory to her departure from the yard this afternoon. There was almost fifteen hundred pounds of powder and fifty six-inch shells on the deck of the ship when the bolt of lightning hit the wireless pole, and had it exploded from sparks the big vessel might have been blown to pieces.

One man who was standing beneath the wireless station was hurled through a hatchway by the shock and was rendered unconscious; his injuries, however, consisted of some bad bruises.

The Delaware is due to leave the yard between 3 and 5 o'clock this afternoon, and the harbor master has been asked to see that she has a clear right of way to sea.

### Should Be Higher

During the past few weeks several complaints have been made about low awnings in the business district of the city. There is an ordinance which provides that no awning shall be placed lower than 7 feet above the sidewalk, but in two cases to the writer's knowledge they are barely 6 feet from the walk. This causes pedestrians much inconvenience and they should be remedied.

When the stomach fails to perform its function, the bowels become deranged, the liver and the kidneys congested causing numerous diseases. The stomach and liver must be restored to a healthy condition and Chamberlain's Stomach and Liver Tablets can be depended upon to do it. Easy to take and most effective. Sold by all druggists.

### High School Publication.

The last number for the past school year of "The Albatross," the excellent magazine published by the students of the New Bern High School was issued yesterday. The volume is attractively bound in a brown cover with the usual design on the front. The preceding numbers were very creditable indeed and brought forth much favorable comment, but the latest number is superior in every way to the others. There are 12 pages and in addition to the other contents there are many advertisements of New Bern concerns. The address of the publishers is given on the cover.

## BURGLARY FRIGHT

is very unnecessary when a policy in the Maryland Casualty Co., covering residence or store against theft of every description costs so very little. A number of these policies are held at New Bern.

The Maryland Casualty Co., also covers accident-health, plate-glass, boiler, fly wheel and other branches of casualty insurance. A burglary policy protects in the owners absence just the same. Try one.
