## STABS AND KILLS HUSBAND

Husband Attempted Kill to Her Because She Did Not Have Supper Ready.

New York, July 4.—Mrs. Annie Porter, 23 years old, stabbed and killed her husband, Walter Porter, 25 years old, at their home No. 113 Railroad street, Jersey City, at 5 o'clock last evening. Porter was employed in the Lorillard tobacco factory. He did not work yesterday, but had spent the day "rushing the can" and quarrelling with his wife. Last evening Porter rushed at his wife to strike her because his supper was not ready. Mrs. Porter was paring potatoes, and with the potato knife she stabbed him in the neck, severing the jugular vein. He bled to death in a few minutes.

As her husband fell the woman ran into the street. Her screams brought out the neighbors, who found the husband dead. She was taken to the police station, where she said she had no intention of injuring Porter when she struck to save herself.

Porter was a light-weight politician in Jersey City. Three years ago he was elected constable of the Fifth ward of that city. He married about that time. A child was born about 5 months ago. Last night the baby was put in the care of neighbors.

### Meeting of Craven County Republicans.

The several Republican precinct committees of Craven County met in convention Monday, at the court house, to elect members to fill three vacancies on the county committee. The meeting was called together by acting Chairman W. F. Gilbert, and Messrs. N. T. Weeks, E. W. Bryan and Robert Hancock, were chosen to fill the vacancies, thereby ratifying the action of the county committee who a few months ago selected these same men for the places, an action whose legality has been questioned.

The County Committee then proceeded to reorganize electing Robert Hancock chairman. Among the other business transacted by the committee a call was issued for all Republicans in the county districts to assemble at the several precinct voting places, Saturday, July 23, and those in town in the different wards to meet Thursday July 28th, to elect delegates to attend a county convention in this city Saturday, July 30th. This convention is to elect delegates to the State, Congressional, Senatorial and Judicial convention.

### Much Interest Being Manifested

Interest in the practice of the hose wagon team grows daily and very evening the sidewalks along the Washington street course are lined with enthusiastic friends of the firemen. The splendid running of "Maude" was a better fit than ever, has tended to arouse more than the customary enthusiasm, as the chances of winning out in the tournament are brighter and more rosy than ever before. The men are doing their work in perfection.—Kinston Free Press 4th.

## VETERAN WAS BURIED AT SEA

Will Asked That Friends Be Hilarious at His Funeral.

Miami, Fla., July 4.—Complying with a request contained in his will, friends of Captain A. R. Simmons, a Grand Army veteran, who died at the National Soldiers' Home, Johnson City, Tenn., buried his body at sea Friday afternoon and the veteran's last stop is in the depths of the beautiful Biscayne Bay. Captain Simmons who was a firm believer in evolution, expressed the further desire that no religious service be held over his body, and that his friends in performing the last rites conduct themselves with as much gaiety as possible. These rites merely consisted of reading the will, the firing of three guns and placing the flag of the yacht at half-mast as the body, incased in a bag, was lowered into the Gulf Stream.

The body of Captain Simmons, who served throughout the Civil War with a New York regiment, was first interred at Johnson City, but was exhumed when the contents of the will became known.

### The "Fourth" in New Bern

Yesterday was the 4th of July and it was celebrated in a very appropriate manner in this city. Early in the morning the cannonade of small fireworks was begun and this lasted all through the day. An excursion from Trenton arrived in the city shortly before noon and the visitors were to be seen all over the city. During the evening those interested in the Jeffries-Johnson fight hung around bulletin boards while many attended the two moving picture shows. Everyone seemed to have thoroughly enjoyed the day and there was not a single accident reported.

### For the Legislature

The friends of Mr. E. A. Nunn in New Bern and Craven County are very much pleased with his consent to stand for a nomination to the Legislature in the Democratic Primary in September. Mr. Nunn has long been urged to this action by his friends and they now believe that there will be little doubt of his success. In the primary and at course on election day, it will only be some recognition of his long and valuable services to the party and the public at large. Mr. E. M. Green, former member to the House from Craven County, is now a candidate for the senate, so that his successor must be chosen. In this way Craven will have two men well qualified to fully represent the county.

### Firemen Preparing For State Tournament

Statesville is expected to be well represented at the State Firemen's Tournament to be held at New Bern July 25-30. In addition to the 12 or 15 firemen who will attend, quite a number of other Statesville people, including some ladies, expect to witness the races. The one-horse rubber-tired hose wagon has recently been repainted and put in good condition, and Chief, the big bay horse who has proven a racer of speed, is undergoing tests preparatory to entering the races for first money at the tournament. The racing team is in excellent condition—they can make a good run and throw water in a very short space of time—and if the other teams of the State expect to eclipse it they will have to "do about." ### Murder Will Out.

About four years ago Robert Gibbs, a degenerate colored man who lived at Elizabeth City, N. C., murdered his wife while in a jealous rage. He lost no time in leaving that place after the crime had been committed, and although the authorities sent descriptions of the negro all over the United States he succeeded in eluding arrest.

About a year ago one of these printed descriptions was sent to the Chief of Police of this city, accompanied by a request to keep a lookout for Gibbs and if apprehended to wire the Chief of Police at Elizabeth City.

Several days ago officer Lupton arrested a colored man near Five Points on a warrant charging him with being disorderly. He was given a hearing and being found guilty was sent to jail in default of the fines and cost of the case. Shortly after this officer Lupton happened to think of the description of the negro Gibbs and began to investigate with the result that he found that the negro he had arrested answered the description in every detail even to several small scars. The Chief of Police at Elizabeth City was notified of the arrest and yesterday morning he arrived in the city, and the negro was placed in his custody. The Chief returned on the next train with his prisoner, and he will be tried for his life at the next term of Superior Court in that county.

### Horse Falls Overboard

While being driven down a driveway which is adjacent to the river a horse which belongs to Messrs Hollister and Cox fell overboard late Saturday afternoon at Meadows Marine Railway and came near being drowned. The driver had on his wagon several gallons of gasoline and this he was delivering to a gentleman who had the boat tied at that place. A number of the workmen employed at the shipyard secured ropes and poles and succeeded in rescuing the animal before he was drowned.

### Who Sent Them?

Several days ago Chief of Police Harter received a package by express that was neatly wrapped in a piece of tow bagging. The charge on the package which was shipped from Raleigh and was \$5 cents, this the Chief paid and took the bundle home to investigate its contents. Upon opening it he found that it contained a roll of clothes which had previously been worn by several persons. The Chief has no idea who sent them.

## BURGLARY FRIGHT

is very unnecessary when a policy in the Maryland Casualty Co., covering residence or store against theft of every description costs so very little. A number of these policies are held at New Bern.

The Maryland Casualty Co. also covers accident-health, plate-glass, boiler, fly wheel and other branches of casualty insurance. A burglary policy protects in the owners absence just the same. Try one.
