A Strong Bank Reflects

its own strength in the standing of its customers. No other single thing as favorably influences a man's business standing as to have a checking account in a bank of known conservatism and strength. Would it not pay you to join the large number of responsible men who now do their banking here and thus secure for yourself and for your business the added strength that such association would reflect upon you?

ATTITUDE THIS COUNTRY DISLIKED

By Central and South American Republics in Its Policy.

Washington, D. C., July 7.—That at least three, and perhaps more, of the Central and South American republics will make a concerted protest of some kind at the coming international conference of American States at Buenos Ayres against the Central American policy of the United States is the possibility being discussed in diplomatic circles here.

Rumors to this effect have been persistent of late in quarters usually well informed, and some reasonable Latin American representatives admitted their approximate truth, though none would permit himself to be quoted. The rumors have led to a lively exchange of information among the Central and South American diplomats here. Officials of the State Department are known to be watching the situation closely.

Some of the more radical of the Spanish-Americans are said to be in favor of a Latin-American alliance against the United States. It is generally conceded, however, that formal action of this nature is unlikely.

The most that can be regarded as probable is that the republics interested will give the United States to understand diplomatically that the principle represented in the attitude of this government on the east coast of Nicaragua will not be accepted willingly as a part of the international law of the Americas.

Banner "Sure Seal" Fruit Jars (with glass top.) M. E. Whitehurst & Co.

Should Not Obstruct Sidewalks.

During the past few weeks it has frequently been noticed that a number of people, especially colored boys, are making a roadway out of the sidewalks for their small wagons, and even wheelbarrows. Nothing is more objectionable to a lady than to be compelled to pass by and even to move aside for one of these carts which will probably be loaded with swill. The centre of the majority of the streets are now in good condition, and they should be used for such purposes.

Wonder Freezers Best Made. M. E. Whitehurst & Co.

Roadbed Takes Place of Trestle.

The Shull Contracting company began work on Wednesday on a solid roadbed across the marshes between Beaufort and Morehead City, on the line of the Norfolk-Southern railway. It is understood that a solid "fill" will take the place of the present trestle, with the exception of the thoroughfares and channels on the Beaufort and Morehead City sides. There is a rumor, that could not be verified, that iron piles will be substituted for the present wooden ones, that have to be constantly renewed on account of the action of the teredo, or ship worm. This is great good news for Beaufort—in fact, about as important an undertaking as anything attempted since the railroad came here.—Beaufort Lookout July 7th.

Senatorial Convention Called.

The Eighth Senatorial District Democratic Convention is called to meet at Morehead City July 9th 1910 at eleven o'clock a. m., for the purpose of nominating two Senators and to transact any other business that may come before it.

G. V. RICHARDSON, Sec'y.
June 15th, 1910.

Teachers Examination.

The regular examination for teachers certificates will be held July 28th, and 29th. White teachers will be examined Thursday, July 28th, and colored teachers Friday, July 29th.

Teachers attending the E. C. T. Training School at Greenville, will stand examination under Prof. Ragdale, of Pitt County, on July 14th.

The entrance examination to the A. & M. College, of Raleigh, will be held at the Court House, in New Bern, July 14th.

S. M. Brinson,
County Supt. of Schools.

PILETS PILES! PILES!

Williams' Indian Pile Ointment will cure Blood, Bleeding and Itching Piles. It absorbs the tumors, always itching, and makes them so painful, gives instant relief. Williams' Indian Pile Ointment is prepared by Dr. J. C. Williams, of the Dispensary, New York, N. Y.

BRAZIL TO GROW COTTON

Wants Southern Expert to Teach Her the Trick

Washington, July 7.—The Brazilian Ministry of Agriculture has made arrangements to send to the United States a well-known specialist in cotton growing to visit the Southern States to study American methods of cotton growing and obtain a number of American experts to go to Brazil to further the interests of cotton cultivation in that country, according to a report of Vice-Consul-General J. J. Sluiter, of Rio Janeiro.

The Minister of Agriculture wants these American experts to travel throughout the cotton growing section of Brazil and act as inspectors and especially as instructors.

"In view of the fact that Brazil is probably the only country other than the United States which possesses lands capable of cotton production on a really large scale, this step is of considerable significance," says the Consul.

Let every delegate go to Morehead to-morrow and work for Judge D. L. Ward's nomination!

New York Cotton Market.

Special to the Journal.

New York, July 7.—The cotton market was firm, but very dull and narrow today on the absence of any important weather news. There were reports of showers in parts of Oklahoma and Texas which were offset by continued rains in the Gulf sections. Spot sales today 386 bales at prices unchanged from yesterday's quotations.

No Fight Pictures at Kingston.

There will be no moving picture exhibition of the Jeffries-Johnson contest in this city. The management of the Air Dome has assured Mayor LaRoque that they will not order it, because they do not think that the patrons of the moving picture theatre here are interested to any great extent anyway. Mayor LaRoque says that he will not allow the pictures to be shown, except the board of aldermen should overrule him and issue a special permit, a contingency altogether improbable.—Kingston Free Press July 7.

For Rent.

Two suites of office rooms in Moore building opposite Gaston Hotel. One office building adjoining Armour Packing Co.'s building on South Front street.

C. T. HANGCOCK, Agt.

Urges Raleigh to Participate.

In an editorial which appeared in yesterday's Raleigh News and Observer editor Josephus Daniels urges the people of that city to take an active part in New Bern's Bi-Centennial celebration.

In concluding his remarks he says: "The board of aldermen of Raleigh should take a second thought in the matter. The people of this city would not object to the slight expense to be incurred in having Raleigh represented by a float in the parade. Indeed we might well do more than that. The occasion is worthy of consideration. Raleigh has spent money and has sent delegates to events of far less importance. Therefore, let us all get together and take part in New Bern's historic event. It is the proper thing to do."

THOSE PIES OF BOYHOOD

How delicious were the pies of boyhood. No pie now ever tastes so good, when changed to pie! No pie now ever has lost the strong, healthy, vigorous vigor of the active, vigorous, the regular hours of boyhood. A sure digestion is your ally and your friend. What's needed? A complete course of digestion—Stomach, Liver, Kidneys, Bowels—try them. They'll restore your boyhood appetite and appreciation of food and fairly convince you that your health, strength and vigor are all at all forgotten.

For House of Representatives

At the solicitation of every Democrat from all the members of the county I hereby announce that I will enter the Democratic primary to be held Saturday, July 9th, 1910, for the position of Representative in the United States Congress from the 1st District of North Carolina.

PLENTY OF CANDIDATES FOR

Presidency of National Educational Association at Conference in Boston

Boston, July 7.—No less than five organized booms for candidate for the presidency of the National Educational Association developed at the convention here upon the appointment of the committee on nomination. The candidates who are to oppose Mrs. Ella Flagg Young, head of Chicago's school system are: Martin G. Beaumont of the Philadelphia schools, United States Commissioner of Education Elmer Ellsworth Brown; Z. X. Snyder, principal of the Colorado State Normal School; President Jos. Sabin of Swarthmore College, Sup't. Ben Blawette, of the St. Louis schools and John H. Phillips, State director of Alabama public schools. Mrs. Young's followers urged her election as a recognition of the women teachers who compromise the most of the membership. Denouncing the teaching of college professors as the "worst in the country," Principal William McAndrews, of the Washington Irving High School, New York City, was cheered enthusiastically at the session of the department of secondary schools today. He asserted that the colleges hampered the curriculum by uniform requirements preventing new work.

He paid his respects to high schools, declaring them "mentally stagnated, with the teachers in a rut."

"High Grade" Colonial Glassware. M. E. Whitehurst & Co.

Outlook Is Not Encouraging

While in conversation yesterday afternoon with a gentleman who lives near Bayboro, the writer was informed that the present outlook for a large yield of corn and cotton in that section was not in the least encouraging. Too much rain is the cause of their decrease and the farmers are very much disappointed over the prospects.

Burglars Enter Store

A message received yesterday morning from Rhem's stated that during the previous night some one entered Rev J. D. White's store at that place and succeeded in getting away with more than a hundred dollars worth of goods. The thief or thieves effected an entrance to the building through one of the rear windows. A knife which they used in opening the money drawer was found lying on the counter and from this clue Rev White hopes to apprehend the miscreants.

Let every delegate go to Morehead to-morrow and work for Judge D. L. Ward's nomination!

Executive Committee Third Congressional District.

At the close of the Congressional convention at Goldsboro on the 6th of July the following executive committee was elected—a member from each of the several counties:

To Make Room

for big shipment of Toilet Sets I shall sell at following prices as long as they last Blue Dint with rose decorations 12 pieces set at \$4.00, 10 piece set \$3.50, Gold Dint at \$4.75, 12 piece set, 10 piece set \$3.00. You will make no mistake to buy at above prices.

Sun Spots Again Visible

Several months ago astronomers all over the country were greatly perturbed over the appearance of a number of black spots on the sun. For a short while these spots disappeared but during the past few days they have returned and are now larger than ever. The writer was induced the use of Mr. Tom Hays's large telescope for a short while yesterday morning and an excellent view of this phenomenon was obtained. About one tenth of the face of the great disc is obscured by these spots.

TO THE PUBLIC

The New Bern STORES are the equal of any in this State and should be patronized by you in preference to others.

By recent comparison the goods offered by our merchants were of as good quality and just as cheap as samples from an established Northern house.

If you don't find what you need, show your civic pride and let your merchant order it for you, for by so doing you will encourage our merchants to keep the best of everything at the cheapest possible prices.

Thousands of dollars are being sent away annually to enrich other communities. Let's keep this money at home and prosper.

Chamber of Commerce

Points on Perfect Protection

The excellence in protection afforded by a policy on BOILERS and FLY WHEELS in the MARYLAND CASUALTY CO. of Baltimore, (assets \$5,000,000) is proven by the following facts and figures:

Only casualty company maintaining a CLAIM DEPARTMENT in North Carolina which assures prompt adjustment.

Premiums collected in this state last year exceeded that of any other company by \$66,000.

Has advanced in 12 years from the bottom to SECOND PLACE in the list of wealthy companies.

For prompt adjustment of claims and protection given policy holders, it has no equal and the beauty of it all is its rates are low as less reliable companies. A policy on boilers reduces cost of fire insurance. No boiler owner should neglect this important feature.
