WOMEN EDUCATORS TO TAKE CRUISE ALONG COAST

Mrs. Ella Flagg Young Defeats All Opponents at Boston.

Boston, Mass., July 8.—Women teachers showed their knowledge of politics by pushing Mrs. Ella Flagg Young, superintendent of the public schools of Chicago, through a triumphant election as president of the National Education Association.

Her opponent, Zacharias Xenophon Snyder, president of the State Normal School, of Colorado, who was the selection of the nominating committee representing all the State, was defeated by a vote of 617 to 376 in the general convention.

It took clear parliamentary head to cut the knot which the nominating committee had tied about Mr. Snyder, but the women were equal to the task, and after Mrs. Young had resigned as a candidate for second vice-president on the ticket presented to the general convention, her friends put her up as a direct candidate against Mr. Snyder. When Mrs. Young was declared the winner the convention immediately accepted.

Particular attention was paid to the education of the child in the addresses at the meetings. During the afternoon State teachers, associations, and those interested in school gardens and religious training, also held sessions.

The resolutions of the association, adopted at the general business meeting, were in part as follows:

"The National Education Association reaffirms its unalterable opposition to any division of the public school funds among private or sectarian schools, and believes that appropriations from the Federal or State treasuries in support of private educational institutions is in direct contravention of the fundamental principles upon which our system of American public school education has been founded and has prospered."

The directors decided unanimously to hold the next convention in San Francisco in 1911.

A Blow in the Back.—An overcoat is a necessary nuisance and the tendency to take it off on warmish days in late autumn and winter is as strong as it is unwise. A treacherous wind hits you in the back and the next morning you have lumbago. Rub well and often with Perry Davis' Painkiller and you will be astonished to find how quickly all soreness is banished.

Struck by a Falling Limb.

During a heavy wind storm which visited this city several days ago the entire top of one of the large trees in the Episcopal church yard was twisted from the trunk of the tree and in falling to the ground part of it lodged in the limbs that remained intact. During the rain storm yesterday this portion of the tree became loosened and fell to the ground with a crash. A gentleman who was passing just at that time was struck on the head by the limb and knocked to the ground, but fortunately was not seriously injured.

Bradstreets Weekly Trade Report

Richmond, Va., July 8.—Bradstreets tomorrow will say for Richmond and vicinity, weather conditions have been more favorable to crop growing this week and trade shows a tendency toward improvement. Reports from the cotton districts are encouraging and with continued favorable weather a fair crop is expected. The tobacco crop is in good general condition. Wholesalers of shoes report continued good sales for future shipments. Dry goods are at the usual between-season dullness. Drugs, flavoring, extracts and kindred lines are active, following a warm period. Produce is fairly active, peaches and early spring fruit being plentiful. Building is active and railroad reports show increased receipts. Scrap iron and junk are very quiet and a dullness is shown in practically all metals. Banks find a ready demand for available funds. Collections are irregular, with a tendency toward slowness. Retail trade is quiet and unusually large stock remains in the hands of dealers.

Request For Help To Entertain Bi-Centennial and Tourist Visitation

At the Bi-Centennial and Fireman's Tournament there will be many visitors to New Bern who will desire accommodations both board and lodging and sleeping quarters. The committee has requested that we shall advise the citizens that it will be important during this week that all who can do so take some visitors for sleeping quarters at least, and so far as possible, both for board and lodging. We hope to be able by this means to accommodate several hundred visitors during the week.

And for this purpose we have requested Mr. J. Leon Williams, as Secretary of the Entertainment Committee to call upon the citizens and ascertain just how many can be accommodated at each home and at what price. He will begin his canvass during next week for the purpose of this information. In the event any citizens should be omitted we desire they shall forward their names and addresses to Mr. Williams giving and above information.

This committee will establish and maintain during the Centennial week a Bureau of Information, who will assign the visitors who apply to various homes in the city who have consented to accommodate any number of visitors; and careful attention will be given by this department to see that only desirable people are assigned to the private homes and no one need have any hesitancy in permitting their vacant rooms to be used under the system which we propose to have in force during the week of the Bi-Centennial.

This Bureau of Information will be in charge of Mr. J. Leon Williams who will be in constant communication with such citizens as can give accommodation to the visitors.

We trust the citizens of New Bern will appreciate the necessity for extending accommodation to the large number of visitors who will be in the city.

Respectfully, L. I. MOORE, WILLIAM DUNN SR., J. T. HOLLISTER, R. B. BURST, C. E. ... J. J. WOLFENDEN, Committee on Entertainment.

Special to the Journal.

New York, July 8.—Notwithstanding reports of rains in Oklahoma and Northern Texas, the cotton market was stronger today than it has been in some time. Unless weather conditions soon have a decidedly favorable change, prices are expected to go higher. Spot sales 2,000 bales at 5 points advance over yesterday.

LATHAM, ALEXANDER & CO.

Proved to be the Wrong Man.

Elizabeth City, N. C., July 7.—A remarkable case of mistaken identity was discovered here this morning when a negro named Gibbs was tried in justice court in a preliminary trial upon the charge of murdering his wife in this city about five years ago. Gibbs fled from the city as soon as the murder was committed. Several days ago the police was notified that Gibbs had been arrested in New Bern and was being held by the New Bern authorities for the Elizabeth City authorities. Chief Thomas went after the negro and brought him here and lodged him in jail.

This morning it was discovered that he was not the man at all, although he answered the description and had the same name. The negro proved that he never resided here and therefore he could not have committed the murder here. The negro's boat to his wife in New Bern that he had already killed one wife was responsible for his arrest.

Mad Dog Seize Trouble.

A mad dog seize attracted a good deal of attention on the streets, last Thursday night, and a systematic chase of the rapid course was instituted, that lasted for several hours. A score or more of dogs were fired at the dog, but the marksmanship was poor and he disappeared, without being hit, so far as is known. It was a black shepherd and the handle he and accompanied pretty nearly all the way with him, when

Will Loan New Bern a Valuable Relic.

At the earnest request of prominent men of New Bern, Mr. J. H. W. Bonitz, of this city, is to loan the committee in charge of the big Bi-Centennial celebration New Bern is to have this month, a decidedly valuable and interesting relic. The relic Mr. Bonitz would not part with and hold it as one of the dearest of his large and valuable collections, which is likely ahead of anything in its line in the South and which has attracted the attention of many people even of the north.

The relic that he will send to New Bern is a \$100 bill issued by act of the assembly in New Bern May 20th, 1780, and for the counterfeiting of which the penalty of death is prescribed on the bill itself. Mr. Bonitz has been offered the face value of the bill by the State and several hundred dollars for it by individuals, but naturally will not part with it. —Wilmington Dispatch, July 8.

Will Not Participate in Event

Raleigh, M. C. July 8.—The Raleigh Board of Aldermen has found it necessary on account of there being no finances available for such a purpose, to decline an invitation on the part of the city of New Bern to participate in the great Bi-Centennial there beginning July 25. The most cordial interest in the success of the affair was expressed by the board.

Points on Perfect Protection The excellence in protection afforded by a policy on BOILERS and FLY-WHEELS in the MARYLAND-CASUALTY CO. of Baltimore, (assets \$5,000,000) is proven by the following facts and figures: Only casualty company maintaining a CLAIM DEPARTMENT in North Carolina which assures prompt adjustment. Premiums collected in this state last year exceeded that of any other company by \$25,000. Has advanced in 15 years from the bottom to SECOND PLACE in the list of wealthy companies. For prompt adjustment of claims and protection given policy holders it has no equal and the security of it all is its rate as low as less reliable companies. A policy on boilers reduces cost of fire insurance. No boiler owner should neglect this important feature. W. G. BOYD, Agt. MURPHY BUILDING REAL ESTATE INSURANCE
