

4% INTEREST PAID ON SAVINGS 4%

The Cheerful Saver

The person who treats his savings account as a duty, or a hardship never catches the real spirit of saving.

But the one who saves **CHEERFULLY**, who keeps his mind on what he can do with his savings when they are large enough to be used in a big way, will save easily and with no regrets over temporary economies.

Try to get this broad view of saving. Look to the future. Be a **CHEERFUL** saver and you will be a successful one.

THE OLD RING RACKET

Sharper Hoodwinks New Bern Citizen in The Old Game

Several days ago a very intelligent appearing stranger arrived in this city and after making a few inquiries in regards to hotels, boarding houses etc. he secured a room at one of these places. When asked by the landlord in regards to what business he was in he evaded the question and told him that he was here in the interest of his health.

Soon after his arrival in this city a magnificent diamond ring was seen on his hand. Several of the other boarders greatly admired the ring and offered to purchase it but the stranger did not want to sell at that time.

Later on however, he told one of them that he had failed to receive an expected check and that in order to secure a small sum of money he was willing to pawn the ring for \$60. The gentleman to whom this proposition was offered did not have any extra cash at the time but referred him to another gentleman whom he was almost positive would make the required loan.

The gentleman to whom he had been referred was then visited by the stranger, who after telling him how matters stood left the ring with him to have it tested to insure its being genuine and a good investment. The ring was tested and found to be all O. K. and worth several hundred dollars. Several hours after this the stranger returned to get the money or his ring. He was asked to take a seat and the gentleman who was to make the loan told him that he had only \$50 on hand at the time and that he would advance this amount. This did not suit the stranger and securing the ring from the desk on which it had been lying, started for the door however, just before reaching the door he turned around and informed the prospective lender that he would accept his proposition and handed him the ring. The transaction was made and the stranger took his departure. The gentleman who had made the loan, decided that he might as well wear the ring and this was according done.

Several days after he first began to wear the ring he was startled to find that all of the gold was wearing off and that the "sparkler" did not sparkle any more, and after a visit to the jeweler he discovered that the ring he had purchased was not the ring he had first had tested. The wily stranger has not since been seen and the citizen who advanced the money is "just" that short.

"BACK TO THE FARM"

Chief Powderly Notes Increasing Tendency of Immigrants in That Direction.

Washington, July 9.—Terence V. Powderly, chief of the division of information of the Department of Commerce and Labor, says: "There is now a let-up in the demand for men for work on the railroads, on construction and the like, but the demand for farm labor is on the increase.

"When we began this bureau two and one-half years ago," said Mr. Powderly, "we heard a great deal of the cry 'Back to the farm!' But most of the men who were talking about going back to the farm did not go. They had never been on the farm, in the first place.

"Today a change has taken place. Mr. Green, who is in charge of the station at New York, says the interest of aliens and of immigrants already in this country in farm work is increasing. Men on construction work and other work in the city are registering in the hope of being sent to the farms.

"Immigration is brought about largely by the fact that people here write home to their friends and advise them to come. In the past letters sent to Europe have been from men working in the mines or from men in the cities. But the division of information has been sending aliens to the farms in large numbers in the last two years and a half.

Not less than 8,000 persons have been sent to permanent positions on farms. Of these only twenty have failed to stay. Those who have gone to the farms have been writing to their friends abroad or to their friends employed in the cities, and the result is a gradually growing tendency to go to the land. The demand for farm work comes from all over the country.

"High Grade" Colonial Glassware. M. E. Whitehurst & Co.

Bitten by a Snake.

A telephone message received in this city yesterday afternoon stated that Mr. Amos Miller, a prominent farmer who lives near Erml, N. C., was bitten on the hand by a white-oak snake yesterday morning, and at that time was lying at the point of death.

Mr. Miller had gone out into the barnyard to secure some eggs for the morning meal. While endeavoring to take an egg from under a bunch of straw he felt a sharp pain in his hand, and upon investigation found that the snake was coiled up on the nest of eggs. There is slight hope for his recovery.

For Rent.

Pellagra Claims Another Victim.

Shortly after five o'clock yesterday morning Miss Mary Mellis Smith, the daughter of Mrs. Mary E. Smith, Balance who resides at No. 71 Metcalf St. succumbed to an attack of pellagra at Stewart's sanitarium where she was carried Tuesday afternoon to receive treatment.

Miss Smith has been in poor health for some time, having suffered with a complication of diseases, and when she was carried to the Sanitarium it was seen that there were slight chances for her recovery.

The funeral will be conducted from Centenary Methodist church this afternoon at 3 o'clock, Rev. R. F. Bumpass officiating. The interment will be in Cedar Grove cemetery.

Good Bank Statement

Attention is called to the statement of condition of the New Bern Banking and Trust Co. This bank makes an excellent showing and its statements are always of interest and value as showing banking growth, and a financial exhibit that means much to New Bern's commercial interests, as noted by outsiders.

VOICE OF THE PEOPLE.

Why not stop paving Johnson street at Middle, and finish paving the three blocks on Craven street that are in a deplorable condition for traffic of any kind?

TAX PAYER.

New York Cotton Market.

Special to Journal.

New York July 9.—There was some profit taking in cotton today, which caused slight recessions in prices, but the under-tone was very firm. Weather conditions are still unsatisfactory. Spot cotton quoted five points higher than yesterday. No sales.

Baltimore.

Floral Parade Will Be Big Feature

A floral parade which it is hoped will surpass any event seen in this State will be one of the big features of the Bi-Centennial Celebration. The committee who have charge of the parade urge every one who has a vehicle of any kind to participate in the parade. It is also suggested that a parade float or automobile would be allowed to enter this parade, and such a car is the most desirable and the most necessary to give it a prominent place.

YESTERDAY'S CONVENTION

Green For Senate, Whedbee For Bench and Abernethy For Solicitor.

The Senatorial and Judicial Conventions of the Ninth and Third districts respectively met at the Atlantic Hotel in Morehead City yesterday and selected candidates.

The Senatorial Convention met at 11 o'clock and Dr. J. M. Parrott was made Chairman and O. G. Dunn, Secretary. There were the following nominations made: Green of Craven, Davis of Carteret, Albritton of Greene and Whitaker of Jones. The convention decided to elect one Senator at a time and this resulted, as planned in the selection of E. M. Green of Craven county and Leslie Davis of Carteret county.

The Judicial Convention met at 2 o'clock with Mr. A. D. Ward as Chairman and O. G. Dunn as Secretary. The roll of counties brought out only two candidates, Judge D. L. Ward of New Bern and H. W. Whedbee of Pitt county were put in nomination by D. E. Henderson and F. G. Jones respectively. The call of the counties resulted as follows: Carteret, Ward 11.50 Whedbee 11.50. Craven, Ward 19.77 Whedbee 10.23. Greene, Ward 18. Jones, Ward 7.74, Whedbee 5.26, Pamlico Ward 11.05 Whedbee 1.95, Pitt, Whedbee 50-total, Ward 68.06 Whedbee 78.94. The nomination was then made unanimous Mr. S. M. Brinson, Mr. Frizzelle and Mr. Cahoon seconded the nomination of Judge Ward, and Mr. T. D. Warren of Craven that of Mr. Whedbee.

The nomination of C. L. Abernethy of Carteret county was made unanimously for Solicitor.

There was a large attendance at the conventions and a good deal of interest and the results were fully discussed on the hotel piazzas by both ins and outs. The division of the Craven county vote on the judgeship was a chief topic, and a good many seemed to think that Craven had fallen down, some have unkindly hinted that she had made herself ridiculous, to even up petty animosities. Nor was it failed to be recalled that a few days before the county went to Goldsboro in three sections, one suggested that the old days of political ability had gone off on flying machines.

Fifth District Convention Adjourns

Greensboro, July 8.—The Fifth District Democratic Congressional Convention, after balloting continuously from three o'clock Tuesday until this afternoon, finding it impossible to make a nomination took a recess at 3:45 o'clock until Tuesday, July 26th.

A comparison of the first ballot taken at 5:15 o'clock Tuesday with the last ballot taken after three days and nights session, the last being at 3:15 p. m. today (Friday), will convince all discriminating political readers of the good judgment of adjournment and the good party policy of the same.

The first ballot was: Steadman 147, 238, Jones 104,417, Mebane 61,79, Royster 98,75.

The last ballot, (the 31st) was: Steadman 149,18, Jones 155,20, Royster 85, 66, Mebane 16.

To the Democratic Voters of the 3rd. Judicial District.

I am grateful to my friends who supported me so faithfully in my candidacy for Judge of the District. I esteem the good will of my fellow citizens more than any office that they have to bestow.

D. L. WARD.

Injured Men Improve.

Both of the colored men who were seriously injured by the explosion of the boiler at J. C. Brown's saw mill in this city a few days ago are improving, and it is more than probable that they will recover. Since the accident occurred much of the fabric has been cleared away, and it is more than probable that the mill will again be running soon.

REPORT OF THE CONDITION

—OF THE—

New Bern Banking & Trust Co.

Improvements Being Made.

While passing the white graded school yesterday afternoon the writer noticed that a number of improvements are being made. A new porch is being added to one of the buildings, a number of loads of dirt have been placed on different parts of the yard, and the entire basement of the main building is being excavated and completed. Only a few more weeks remain before we will see the new school in all its glory.

Points on Perfect Protection

The excellence in protection afforded by a policy on BOILERS and FLY WHEELS in the MARYLAND CASUALTY CO. of Baltimore, (assets \$5,000,000) is proven by the following facts and figures:

Only casualty company maintaining a CLAIM DEPARTMENT in North Carolina which assumes prompt adjustment.

Premiums collected in this state last year exceeded that of any other company by \$65,000.

Has advanced in 12 years from the bottom to SECOND PLACE in the list of wealthy companies.

For prompt adjustment of claims and protection given policy holders it has no equal and the beauty of it all is its rates are low as any reliable company. A policy on boilers reduces cost of fire insurance. No boiler owner should neglect this important feature.
