## The Cheerful Saver

The person who treats his savings account as a duty, or a hardship never catches the real spirit of saving. But the one who saves **CHEERFULLY**, who keeps his mind on what he can do with his savings when they are large enough to be used in a big way, will save easily and with no regrets over temporary economies.

Try to get this broad view of saving. Look to the future. Be a **CHEERFUL** saver and you will be a successful one.

### THREE DIE IN R. R. WRECK

#### Driver Crushed Under His Engine - Passengers Escape Serious Injury.

New York—July 13—Three trainmen were killed and a train load of passengers were badly shaken up when north-bound train No. 59 on the New York Central, known as the Northern and Western Express, was wrecked near Newton Hook, nine miles north of Hudson, at 2:49 o'clock yesterday morning.

From some cause as yet undetermined the engine and baggage car jumped the track and toppled completely over. The other six cars on the train, all Pullmans, left the rails, but remained upright, and no one on them was seriously hurt, the railroad officers here reporting that all the passengers were able to continue their journey.

The train left New York shortly after midnight and carried many residents of up State cities who had spent the day in New York city. All the passengers were put on board a special train made up at Hudson and sent over the Boston and Albany and the Harlem tracks to Albany.

Both tracks were blocked as a result of the tearing and grinding of wheels after they left the rails. The Twentieth Century Limited, on which Jack Johnson, the heavyweight champion fighter, was coming to this city, was delayed an hour by the smash-up.

From all accounts the forward trucks of the engine jumped the track first and threw the engine and the entire train off at a switch a few hundred feet further north, the locomotive and baggage car toppling over.

Engineer Tyndall was caught under his engine and crushed to death. The other trainmen were also instantly killed.

### POSTAL BANK IN ENGLAND

#### Deposits Amount To Nearly a Billion Dollars.

Washington, July 13—Congress having enacted a bill for a postal savings bank system in the United States, Consul-General John L. Griffiths, of London has submitted to this Government reports of the postal savings operations in the United Kingdom, where the deposits amount of nearly a billion dollars. Deposits in postal savings banks in the United Kingdom in 1908 aggregated \$217,877,011 and the withdrawals in the same year aggregated \$220,916,714. In 1907, when financial conditions were less stable the amount withdrawn exceeded the amount deposited by \$10,788,838. The largest number of withdrawals exceeded the amount deposited by \$10,788,838. The largest number of withdrawals on any one day was 55,485, and of the entire number of withdrawals in 1908 5,910,586 were made on demand.

The total sum to the credit of the 11,018,251 depositors in the postal savings banks of the United Kingdom on December 31, 1908, was \$781,794,638.

### CONVENTION IS EVENT OF WEEK

#### Convention Meet at Noon—Three Supreme Justices and Two Commissioners To Be Nominated.

Charlotte, N. C., July 13.—"The Democratic State Convention is the absorbing event of the current week particularly in Charlotte and generally over the Commonwealth. This 'off year' convention will be called to order at noon on Thursday, July 14, at high noon. Senator Lee S. Overman, of Washington and Salisbury, will be temporary chairman who will start the wheels of the big convention rolling.

At this convention there are six or eight State officers to be nominated by the delegates who will come up from the various counties from Murphy to Perquimans and Pasquotank, and from Boone and Yancey to New Hanover and Brunswick.

Three places on the Supreme Court bench are to be provided for. Of these there is no contest except in the case of the vacancy created by the appointment of Justice Connor by Judge Taft to the Federal Judgeship of the eastern district.

For this office there are two candidates, Justice Manning was appointed by the Governor to fill out the unexpired term, and Judge Allen, of Goldsboro. Between these two there has been waged a most strenuous and heated fight, almost bordering on the bitter, and this issue to be decided at the convention here this week, will be one of the most important and generally watched fights of the entire convention.

In this contest is seen by many a reflection of the great fight between Kitchen and Craig in the gubernatorial fight two years ago, Justice Manning, who is fighting to retain his seat, being the former campaign manager of the successful gubernatorial candidate.

Chief Justice Walter Clark and Association Justice P. D. Walker, the latter of Charlotte, are without opposition, and their nomination is purely matter of form.

Corporation commissioners, of whom there are two to be nominated, are represented by five candidates, but as these were voted for in State primary of June 25, it will be only a question of calling the roll of counties to ascertain who have received a majority of the votes of the various counties which are based on the vote in the primary.

There is little prospect of anything out of the ordinary routine of the off year convention, and it is probable that the convention will complete its work inside one day, and adjourn Thursday night, though this is not a certainty, as no one can foretell the outcome of a political gathering.

The principal events of the convention will be the regular address of the presiding officer; the nominating speeches, three for the Supreme Court bench, and two for corporation commissioner."

## Points on Perfect Protection

The excellence in protection afforded by a policy on BOILERS and FLY WHEELS in the MARYLAND CASUALTY CO. of Baltimore, (assets \$5,000,000) is proven by the following facts and figures:-

Only casualty company maintaining a CLAIM DEPARTMENT in North Carolina which assures prompt adjustment.

Premiums collected in this state last year exceeded that of any other company by \$85,000.

Has advanced in 12 years from the bottom to SECOND PLACE in the list of wealthy companies.

For prompt adjustment of claims and protection given policy holders it has no equal and the beauty of it all is its rates are low as less reliable companies. A policy on boilers reduces cost of fire insurance. No boiler owner should neglect this important feature.

### Card of Thanks

Editor Journal:

Allow me space please in your excellent paper to thank my friends and fellow Democrats of your splendid county for their loyal support not only those who stood so loyally for me but those who stood so loyally for their own candidates for now they will be equally as loyal to me as to their own candidates living in Craven county.

Not only is the Democracy of the nation solid against the Taft-Cannon-Aldrich high protection Republican policies, which have so long robbed the people at large, but, even, Roosevelt has joined the insurgent Republicans to defeat such destructive policies of their own party. Surely then, the victory is ours.

Let Democrats "of Dixie" close up for a fight to the finish and all will be well.

Again thanking my fellow Democrats of Craven county, I am  
Fathfully yours,
