The Cheerful Saver

The person who treats his savings account as a duty, or a hardship never catches the real spirit of saving.

But the one who saves **CHEERFULLY**, who keeps his mind on what he can do with his savings when they are large enough to be used in a big way, will save easily and with no regrets over temporary economies.

Try to get this broad view of saving. Look to the future. Be a **CHEERFUL** saver and you will be a successful one.

DOUBLE TRAGEDY OF "BLACK HAND"

New Orleans Keeper is Shot to Death, and His Daughter Kills His Slayer.

New Orleans, July 13—Joseph Manzella, the Italian proprietor of a saloon and grocery at St. Philip and Decatur street, today fell victim to so-called "Black Hand" society, but his death was avenged a few seconds later when his 17 year old daughter shot and instantly killed the assassin as he attempted to escape.

Manzella has recently received many letters signed "Black Hand society," demanding money. Shortly before noon an Italian called at the store demanding as the society's representative. When ordered to leave the place he shot Manzella in the breast. As Manzella fell he drew a revolver firing at the assassin, Young Josephine Manzella rushed into the store and gave chase to the assassin, firing at him as she ran.

When the police arrived the girl was bending over the body of her father, weeping. The slayer lay in a gutter near the entrance, with three bullet wounds near his heart. The assassin was identified as Giuseppe Spennasio, who came from Sicily recently.

EARTHQUAKE IN TYROL

Shock is Also Felt in Bavaria, Causing Panic in Schools, Cutting off Phones.

Berlin, July 13—An earthquake at Uttenheim in the American Tyrol killed one person and injured twenty.

Munich, Bavaria, July 13—A sharp earthquake was felt here. The walls of several schoolhouses cracked and teachers and pupils ran shrieking into the street. The town hall was severely shaken. Books tumbled from the shelves in the public library. The telephone system was badly affected. The seismographic instruments at the observatory were put out of order.

The shock was felt also in the surrounding villages, especially Garmisch. At Oberammergau the shock was noticeable, but little damage was done.

JUDGE WARD IS PRAISED

In Timely Resolutions Adopted by the Sampson County Democracy

Clinton, N. C., July 13—Judge D. L. Ward who was presiding over Superior Court here has sent his resignation to the Governor and it has been accepted to go into effect this evening, so this evening he adjourned court for the term.

The Bar Association here adopted the following resolutions: "Whereas, Hon. David L. Ward, Judge, presiding at the present term of court, has tendered his resignation to the Governor, to take effect immediately which resignation has been accepted to take effect today, and whereas, said resignation and retirement from the bench has struck us with profound regret, and whereas, the conduct and deportment of Judge Ward has impressed each one of us with a sense of his upright character, judicial temperament, profound knowledge of the law and fitness for the bench; now, therefore, be it resolved, first, that in the retirement of Judge Ward, the State has lost an able and honest Judge; the people, a faithful and conscientious servant, and the bar at large, a friend and jurist in whom they delighted to trust.

Resolved, second, that Judge Ward be furnished a copy of these resolutions that the same be spread on the minutes of this court and published in the Sampson Democrat, the New Bern Journal and the News and Observer. Unanimously adopted by the Sampson County Bar Association, July 13, 1910. Henry E. Faison, president; Cyrus M. Faircloth, secretary.

The First Arrest

During the past few days the conductors on all of the Norfolk-Southern trains passing through this city have repeatedly warned young colored boys to keep off the trains while they were in motion. These warnings have had but little effect and the company decided to put a special officer on these trains. The first arrest was made yesterday afternoon when special officer Joyner caught Mitchell Pender a young negro boy from an outgoing train. He was carried to police headquarters and turned over to the Chief of Police and will be given a hearing this afternoon on the charge of jumping on a moving train.

Bradstreets Weekly Trade Report.

Richmond, Va., July 13.—Bradstreets Saturday will say for Richmond and vicinity:—Trade in general is irregular, some lines showing activity while others are quiet. Satisfactory orders are being received for practically all lines of goods sold on long terms or for future shipments, while filling in orders or orders for immediate shipment are not up to the average. Hats, caps, trunks, shoes and kindred lines are fairly active. Drug and flavoring extracts are in good demand. Naval stores continue firm at recent prevailing prices. Produce is quiet. Manufacturers of ales, beers, and also soda fountain perquisites report good sales. Warm, damp weather has favored crops growing and reports show improvement in most crops, however, they are generally backward on account of an unfavorable spring. Cotton is reported much improved and a fair crop is expected. Fruit is generally plentiful. Collections are irregular with a general tendency toward slowness. Banks continue to find ready demand for available funds.

A Disgraceful Occurrence.

As long as a tent show or any other aggregation which comes to this city keeps within the bounds of propriety and does not permit any disturbance or disorderly conduct in or near their tent they can be tolerated, but when a gang of imbeciles like the outfit that arrived in this city a few days ago and whom we were known as the "Florida Blossoms" first show their faces inside of the city limits they should immediately be given their "walking papers." This so-called minstrel show erected its dilapidated canvas on Broad street Wednesday morning and for two nights that section was a good representation of Dante's Inferno. Cursing, fighting and the throwing of bricks and stones, the order of the night, and the program was well executed. There are a number of white citizens residing near the location of the tent and they are loud in their denunciation of the whole affair and have made several complaints.

This is the twentieth century and the age of barbarity is a thing of the past, at least in this section of the country, and if a bunch of parasitic colored men come to this city again they should be summarily expelled at each showing.

A Delightful Sail

The moonlight excursion given last night by the Woman's Missionary Society of the Tabernacle Baptist Church was a decided success in every way. The steamer "Phillips" which is just the sort of boat for such an outing, carried the pleasure seekers down the river for several miles and they were loud in their praise of the trip. In the writers' estimation an excursion run once or twice a week during the Summer time would besides affording New Bern people who could not otherwise take water trip, an opportunity of spending a delightful evening on the water, be exceedingly profitable to the promoters.

"IS LIFE WORTH LIVING?"

Mrs. Nellie McFarley, Front Street, says that she has a rare case of kidney and bladder trouble, and that four bottles of Foley's Kidney Remedy cured her almost at once. Her case was cured by saying "Is life worth living?"

Constructs an Elaborate Table With a Pocket Knife.

Mr. E. T. Gaskill, the well known upholsterer and furniture repairer has just completed a small table that is indeed a remarkable specimen of what patience combined with an unlimited supply of perseverance and a pocket knife can accomplish. The wood used in the construction of the table was a piece of mahogany more than 100 years old and this is inlaid with small pieces of holly wood. No other implement but a large pocket knife was used in shaping the many pieces of wood to fit into their respective places and more than two months was consumed in its construction. This is by no means Mr. Gaskill's first effort with a pocket knife, he having made several other very unique and attractive articles during the past few months.

Guns For Elfrida

Charleston, S. C., July 14—Naval Constructor Furer will shortly leave for New Bern, N. C., to superintend the installation of two small guns on the converted yacht Elfrida, which is being used by the naval reserves of North Carolina. In order to save time he will not leave the Charleston yard until the guns and things are ready for the prosecution of the job that he may not be long away from his duties at the yard.

Output Increasing Daily.

While up near the peoples ice plant yesterday afternoon the writer was invited to come over and inspect this modern ice making plant. All of the machinery was in operation at that time and an excellent opportunity was offered to see the huge blocks being frozen.

This plant has only been in operation a few weeks but during that time they have established a reputation for sending out to the public a quality of ice that is up to the standard in every respect. Each day their orders are increasing and it is probable that their facilities for increasing their output will be added to before the summer months are past.

TO THE PUBLIC

The New Bern STORES are the equal of any in this State and should be patronized by you in preference to others.

By recent comparison the goods offered by our merchants were of as good quality and just as cheap as samples from an established Northernhouse.

If you don't find what you need, show your civic pride and let your merchant order it for you, for by so doing you will encourage our merchants to keep the best of everything at the cheapest possible prices.

Thousands of dollars are being sent away annually to enrich other communities. Let's keep this money at home and prosper.
