CAROLINA PAPER PULP MILL SOLD

At The property Yesterday under Receivership Sale.

The receivers of the Carolina Paper Pulp Mill Company, R. A. Nunn and T. D. Warren sold the entire property of the company yesterday, 3 R Street acting as auctioneer.

There were about 50 in attendance at 12 o'clock and the sale lasted until nearly 6 o'clock. There was a certain amount of the personal property of the company that had been attached for debts and this was first sold, bringing \$1180.

The next proceeding and which took nearly all the afternoon, was the selling of the vast amount of machinery, boilers tanks etc. but as the property was afterwards put up for sale as a whole, all this went for nothing, and very many fine "bargains" were only in imagination, as the total bid was lower than the aggregate smaller sales.

The real estate consisting of ten acres of land, buildings etc, together with all contents except the part attached which sold \$1180, was sold for \$10,000, the buyer being John Stewart, presumably for the New Bern Banking and Trust Company which held the first mortgage of \$10,000. The timber lands lying in Craven and Pamlico counties were then sold and were mainly bid in by A. D. Ward Trustee, there being one or two other buyers, and the lands brought \$2525. Finally all the property was put up as a whole but as there was no total bid above \$13,705, the aggregate of the three sales, those latter stand if confirmed by the court.

The history of the Carolina Pulp mill has been most disastrous. It is perhaps idle to go into the details of the smash, but the outcome is as follows: there were three sets of mortgages on the property amounting to \$26,000. The holders of the first mortgage protected themselves by buying in the real estate and buildings and equipment for \$10,000, the face of the mortgage, the second mortgage owned by Mr. Wash of Kentucky of \$10,000 is lost, and the third mortgage of \$6,000 was protected by the local persons holding it by the buying in of the timber lands for \$2525. The various stockholders all they put in. About \$106,000 in stock was subscribed and a good deal was bought by small investors and this is peculiarly unfortunate. All the debts of the concern amounted to \$50,000 and an inviting field of inquiry exists as to the financial operations. The property had been offered for sale and its value estimated as high as \$140,000. It is thought probable that the mill will finally be reorganized and made a going concern by the Duffy interests who now are in control.

Taken to the Sanitarium.

Mrs. Oscar L. Stern, wife of Capt. O. L. Stern, who has charge of the local branch of the American Salvation Army, was taken to the sanitarium yesterday afternoon to be treated for a complication of ailments.

Owing to the fact that she has been working both night and day during the past few weeks, Capt. Stern has been compelled to take a short rest. In order to keep up the expenses of this organization he earnestly requests the people of New Bern to assist him as much as possible with their donations during the next few weeks. This is a good work and it should be encouraged by every one.

CRIPPEN NOW IN GRASP OF LAW

Evigitive Dentist and Girl Companion, Miss Leneve, Arrested on Liner Montrose.

Father Point, Quebec, Aug. 1.—Dr. Hawley Harvey Crippen and Ethel Clare Leneve, his stenographer, who fled from London after the disappearance of Belle Elmore, the doctor's wife, were arrested here today, aboard the Canadian Pacific liner Montrose, at the command of Inspector Dew, of Scotland Yard.

The identification of the long-sought fugitives, on board the fog-shrouded steamer, by the English detective, who had raced across the Atlantic ahead of the Montrose, marked the culmination of one of the most sensational fights in recent criminal annals. Accompanied by the Canadian officers, he boarded the vessel at 8:30 o'clock yesterday, and fifteen minutes later both man and girl were locked in their state rooms, Crippen, broken in spirit, but mentally relieved by relaxed tension, the girl, garbed in boy's clothes, sobbing hysterically. They were not long the "Rev. John Robinson and son," as booked from Antwerp on July 20th.

After a brief delay, the Montrose continued her 161 miles journey up the river towards Quebec, where the jail awaited the pair. Crippen is charged with the murder of an unknown woman, believed to have been his actress wife. The girl is held as an accessory. In charge of Inspector Dew, they will be taken back to England for trial on the Royal Fine steamship Royal George, leaving Quebec on Thursday next.

John G. Carlisle Dies in New York.

New York, Aug. 1.—John G. Carlisle, former Secretary of the Treasury, who had been critically ill for the past two days, died at his apartments in New York at 10.50 o'clock tonight of heart failure, accompanied by oedema of the lungs.

An intestinal complaint of long standing, which wore down his vitality, lay behind the technical fact of heart failure. He was attacked last spring by the same trouble, complicated by an ailment of the kidneys, and for a time hovered near death. But his remarkable vitality triumphed then, as it seemed it might even in the illness which ended tonight.

Cylinder Head Blows Out

While enroute to this city from Morehead City Sunday morning the cylinder head of engine number 64 blew out and it was necessary to send another engine down from this city and bring in the passenger train. No one was injured by the accident but it was found necessary to send the disabled engine to the repair shops.

New Bern More Appropriate.

The esteemed Salisbury Post seems to be in considerable suspense over the rival claims to accuracy of New Bern and Newbern. As we understand it, Craven county people invariably use the former while the United States post office authorities cling to the latter. The Post may pay its money and take its choice.—Charlotte Observer.

The strange thing about it is that the Craven county folks don't call it New Berns. It is named after the Berns and Berns, it somehow appears to us, seems a somewhat prettier and more picturesque than the shorter form. As for the Bern used by the United States post office authorities, it is without rhyme or reason and signifies nothing except that the post office department is displaying the names of "post offices" in its way.

CAPT. J. D. MCNEILL WRITES

Verdict of Firemen "New Bern Had Beat Them All." Every Pledge Kept.

Fayetteville, N. C., July 30. My Dear Mr. Stevens:

Now that the calm has come after the strenuous rush of the Bi-Centennial week, I as the representative head of the firemen of the State, am writing to ask space in your valued paper to express to the generous and hospitable people of New Bern, our grateful appreciation for the manifold courtesies extended to us while guests of their city.

We all felt when we accepted the invitation extended to us at Asheville, that we would have a most enjoyable and pleasant event in 1910. But no one ever dreamed that we would be treated in the royal manner in which we were entertained. The latch-strings of your hearts literally bring upon the outside and the "glad hand" was extended everywhere to every one of us. The fireman who failed to enjoy himself, if there were any such, certainly had only himself to blame, his liver was evidently in bad fix and his digestion a night mare. The universal verdict on all outgoing trains was, that "New Bern had beat them all", every pledge made at Asheville was royally kept.

We feel that we can without being invidious especially express our gratitude to the "Atlantic" and "New Bern" companies, who so royally provided for the inner comfort and pleasure of their guests, at their respective quarters. Their "open houses" made a resort for the boys that was very popular, when cares were forgotten and only pleasant things considered. While to that splendid gentleman, Hon. Jas. A. Bryan, who so cordially and generously entertained the whole bunch at one time, at his magnificent colonial mansion, we extend an unanimous expression of our gratitude and esteem and vote him a prince of entertainers, and an Honorary member of the Firemen's Association, for life.

The Convention and Tournament of the State Association in New Bern 1910, will always be looked back upon as the one event of our history.

Again expressing the grateful appreciation of every fireman of the state, I am, Respectfully

JAS. D. MCNEILL, Pres.

Questions For Mr. Aldrich

When the Tariff bill passed the House the duty on manufactured rubber was fixed at 20 per cent. The Senate Committee on Finance, of which Mr. Aldrich is Chairman, increased the rate to 25 per cent, and such is now the law. Is that a lie?

Soon after the tariff went into effect a Rubber Trust was formed with a capital of \$20,000,000, of which Senator Aldrich's son is general manager and in which both father and son are large stockholders. Is that a lie?

The dividends declared by the trust during the first eight months that the tariff was in force amounted to 15.3 per cent on its preferred stock of \$10,000,000. Is that a lie? Mr. Bristol also accuses Senator Aldrich of increasing the duties on cotton and woolen goods for stock jobbing purposes, no action of the kind so to speak having been asked for even by the manufacturers. Mr. Taft has denounced these accusations as untrue, necessary and unwarranted. The company yesterday described the organization of a new Cotton Trust at Albany with a capital of \$25,000,000. Is that a lie?—New York World.
