MAY USE TROOPS TO FIGHT FIRES

President Authorizes Calling Up on Regular Army to Battle With Forest Fires.

Washington, D. C., August 8.—For the first time on record the regular army troops in Montana, Washington, Idaho, Oregon and California were today placed at the disposal of the forest service to aid in fighting against forest fires, which are the greatest in the history of the service.

President Taft, in response to appeals from Pacific coast States, took up the matter with the war department, which immediately acted in conjunction with the department of agriculture, with the result that forest service today was authorized to call upon post commanders at all regular posts.

It was stated at the forestry bureau here today that the present fires have never been equalled. There were great fires in 1908 and in 1903, but they were not of such wide scope as the present fires.

Reports received here say that at least 175,000 acres of forests already have been destroyed and the flames are spreading rapidly. The forest rangers have fought valiantly against the advancing walls of flame, but have been unable to check them. More than fifteen hundred men are now engaged in the fire fighting in various sections. They have worked in shifts as far as possible, but in many instances where settlements or towns were endangered, they have battled constantly for thirty-six or forty-eight hours without rest.

The aid of the soldiers will relieve the forest rangers, and it is hoped may result in preventing much greater destruction.

Our Town Druggists.

That Painkiller sells the best of any medicine they keep; during the bad times of the past year or two, they were none too poor to pay their "quarter" for a bottle of this indispensable family medicine. Be sure and get the genuine. 25c., 35c. and 50c. bottles.

Will Form Photographing Company

That New Bern will soon have a new photograph gallery is now almost an assured fact. Acting upon a suggestion made by the Journal several days ago that a camera club be formed in this city. A number of the local photographers met and after a lengthy discussion decided to form a photographing company and to fit up an elaborate gallery and secure a competent and experienced photographer to take charge of the work.

All arrangements have not yet been completed but it is understood that the company will cater especially to high class photographic work and also to the finishing up of the work done by amateurs. Another meeting will be held the latter part of this week and the arrangements completed.

Teacher's Institute Now in Session.

County institute for white teachers opened in the graded school Monday and will continue its sessions this week. Superintendent Harry Howell, of High Point, is conductor. Assisted by Mrs. C. L. Stevens, of New Bern, Superintendent Kinsey is in charge of the institute and assisting in the work as well as looking after the colored institute in the colored graded school building. There were 67 white teachers enrolled the first day and this number has been increased by new arrivals today. Dr. R. H. Lewis is assisting Principal J. H. Sampson at the colored institute, where twenty-eight teachers are enrolled. Kinsey Free Press.

For Rent.

A good sized, eight-room dwelling, newly painted and with modern conveniences. One small five room dwelling. Both these houses are in good neighborhoods. One office building. Small office rooms in deferred locations. C. T. HANCOCK, Agt.

A Hot Time Anticipated.

A hot time is expected in Glenboro in the Republican State Convention which convenes Wednesday at twelve o'clock in the grand opera house. The bitter fight that has been waged between the Butler-Morhand and Duncan-Adams factions in the party here is being continued in many contested delegations being sent to the State Convention. On the face of the return Duncan seems to have won his fight, for dispenser of Federal patronage to North Carolina. However it cannot be learned definitely who will be State Chairman, until the credentials committee passes on these various county delegations.

When the question is all right, the action of the board is regular, there is a natural spring and relief for food.

MOONSHINERS TRAILED BY SOOT

Deputy Collector Fitzpatrick Has Grudge Against North Carolina Outlaws.

Richmond Aug. 9.—Trailed by soot marks on bushes, indicating clearly their route of flight, moonshiners were cleverly trapped recently by Deputy Collector Fitzpatrick, of the Internal Revenue Department, Deputy United States Marshal J. B. Jordan and Posseman W. B. Stone, near Durham, N. C.

Information was received by Collector Fitzpatrick of an illicit distillery near Durham last week, and with the deputy marshal and posseman, located the outlawed plant. It was what is known among the "down homers" as a "single footer," but it would be more characteristic to designate as a "double barrel" still, instead of the usual one worm tub, two were used by the producers of corn whiskey—in other words refining it twice with the aid of one fire. The noise kept by this operation is similar to that of a single foot horse, hence the name.

Learning that the revenue authorities were after him, the owner of the still, George Cows, had removed a considerable portion of the plant to a point nearly one mile away.

In moving his apparatus the still, blackened by smoke, left sooty marks on bushes and undergrowth as it was carried through the woods.

This is an old way of the revenue agents tracking down escaping moonshiners, and Collector Fitzpatrick experienced no difficulty in locating the plant he was after. It consisted of a 35 gallon copper still, two copper worms, seven fermenters and two worm tubs.

A report of seizure has just been made to Colonel W. H. Chapman, U. S. revenue agent here.

For more than a quarter of a century Collector Fitzpatrick has been hunting down violators of the Federal revenue laws. About twenty years ago he lost an eye in a running battle with the husky moonshiners. However, he had the satisfaction of "dropping" the man who pinked him in his right lamp. Since that time he has relentlessly pursued moonshiners.

New York Cotton Market.

Special to Journal. New York, Aug. 9.—The cotton market opened off today on reports of rain in Texas and Oklahoma but held firm at the lower prices and rallied toward the close. Spot sales one thousand bales at five points decline.

LATHAM ALEXANDER & CO.

Manager of "Suit Club" Held into Court

Several days ago a "suit club" known as the Perry-Owens "suit club" was organized in this city. The plans of the company was to secure 50 members each of whom were to pay \$2 per week for a specified number of weeks until they had paid into the "club" \$35—or had drawn a suit at a drawing which was held each Friday night. A number of members had been secured and last Friday night the first drawing was held and the holder of the lucky number (or something equivalent) was awarded a suit of clothes.

Yesterday morning the managers of the "club" were up before Justice of the Peace S. R. Street on a warrant charging them with conducting a business which was identical with a lottery scheme. The defendants claimed that their scheme was not in any way like a lottery scheme, that those who joined would get returns for every cent invested and there was no chance for loss.

At the conclusion of the trial the Squire told the defendants that he would hold the matter over for consideration and no verdict has yet been rendered. There are now about 150 members in the "club" and the managers state their intention of continuing business. They claim that the principles of the "club" is not in violation to any State law and from all that could be learned in regards to the case they are on the right side.

MAYOR GAYNOR IS SHOT

The Head of New York City Government Seriously Wounded

The report that Mayor Gaynor of New York was shot was confirmed by inquiry by wire last night.

It was said that the shot was fired by a man named John J. McLaughlin, who was a member of the New York Police Department. The shot was fired at the Mayor as he was walking down the street.

GENSUS COUNT NEARING CLOSE

Announcement of Population of United States to Come About the Middle of October.

Washington, Aug. 9.—It will be about the middle of October before the people of the United States learn their true number as revealed by the official count of the thirteenth census. It is generally believed that the number will be about 90,000,000, and census officials are known to share in this general belief, although officially they know nothing about it. This belief is based on the fact that an increase slightly in excess of the 13,000,000 increase during the previous decade would bring the population in 1910 to the 90,000,000 mark.

About 300 of the more than 1,300 clerks in the Census Office are compiling population figures only, while the others are working on other statistics. Contrary to the general opinion, all the counting of the people is done by hand, the tabulating machines being used only in classification as to race, sex and other conditions.

In two cities evidence of fraud has been discovered, and in one, Great Falls, Mont., a prosecution has been undertaken for fraudulent enumeration.

Banner "Sure Seal" Fruit Jars (with glass top.) M. E. Whitehurst & Co.

WIN Plead Self Defense.

It is understood that Frances Boyd, who fatally stabbed Crawford Roper with a nail several days ago, and from the effects of which he died Sunday afternoon, will enter a plea of self-defense when her case is called at the next term of Superior Court.

The Boyd woman claims that she, the deceased and several other colored people were on her porch near Frog Pond, when the affray took place and that Boyd who was intoxicated began to curse her and told her that he was going to beat her face off. She claims that he then caught hold of her and began to drag her from the porch. In passing by one of the doorposts she saw the nail, with which the fatal wound was inflicted, and snatching it up drove it into Boyd's body. Whether she can get anyone to substantiate this claim is rather doubtful.

Delegates to the Atlantic Deeper Waterways Association.

The following named gentlemen have been appointed as delegates by President Bishop of the Chamber of Commerce, to the third annual convention of the Atlantic Deeper Waterways Association, which will be held at Providence, Aug. 31st Sept. 3d:

Hon. F. M. Simmons, Hon. Charles R. Thomas, Messrs. J. B. Blades, C. E. Foy, M. D. W. Stevenson, J. S. Claypoole, J. T. Hollister, W. G. Boyd, C. Eby and L. H. Cutler, Jr.

As this is to be an event of great importance to all Atlantic Coast States and as the interests of our community require full representation, it is earnestly hoped that each delegate will make an effort to attend the above convention.

Telegraph Franks Must Be Surrendered

After Wednesday of next week any New Bern gentleman who may have been using telegraph franks and who are not connected directly or indirectly with the telegraph companies, will have to surrender them and hereafter some across with the long green. The date named is that upon which becomes effective the recent amendment to the Interstate Commerce act, which forbids the use of franks by any person except telegraph company employes and others specified in the act. The Postal Telegraph Company has issued instructions to its various offices as follows:

"Under the provisions of the Interstate commerce act as recently amended, taking effect August 17, 1910, this company cannot legally issue franks except to its officers and agents and to officers and agents of other common carriers, and to other persons specifically authorized in the act to use franks.

It is unlawful for anyone other than the person excepted by the act to use franks of this company, and there is a heavy penalty imposed on companies and individuals who violate the law in the issue or use of franks.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your next journey. It cannot be obtained elsewhere.

The Peoples Bank

NEW BERN, N. C. 4% PAID ON SAVINGS. STRONG COURTEOUS PROGRESSIVE SUCCESS

depends in a great measure upon the banking connections which a man establishes—especially a young man just starting out in life. If, in paying his obligations, a merchant, business man or planter pays them by check upon a bank with a reputation for conservatism, it immediately raises him in the estimation of those with whom he has dealings.

The Peoples Bank of New Bern is known for the conservatism of its management and the sound business judgment of its directors.

Checking accounts are cordially invited, small as well as large, and saving accounts may be opened in any sum down to \$1.00 and will draw interest at the rate of 4 per cent, compounded twice a year.
