FRAUD CHARGED TO COTTON KING

Inventor Says He Took His Patent and Refuses to Pay for It

Washington, Aug. 20.—Cotton King Samuel J. Sully, John Hays Hammond and others were made defendants today in a suit filed in the district of Columbia supreme court, to demand A. Green of Greenville, S. C., who seeks to recover a letter of patent for improvements in cotton grading, which he signed John J. Welsh of New York, as trustee pending the organization of the Farmers Cotton Grading Company, in consideration of a promise of \$50,000 and \$50,000 in stock in the proposed company. Other defendants named in the petition are Harris Hammond, son of John Hays Hammond, John J. Welsh the Cotton Grading Company and the Cotton Exploration Company.

Fraud is alleged against Sully and the Hammonds by Green, who charges that they induced the trustee to transfer the letters of patent to the Grader Company and then refused to pay him the \$50,000 cash, although a \$50,000 block of stock was given to him. He alleges that the Grader Company then assigned the patent rights to the Cotton Exploration Company, in consideration of \$1 royalty on each grade sold and that the entire stock of the new corporation was issued to Sully and the Hammonds "for the sole purpose of defrauding the plaintiff."

Green sets forth in his petition that he interested Sully in his patent, and that the "Cotton King" in turn interested the Hammonds in the project, and that the Hammonds "aided and abetted the defendant Sully in his fraudulent purposes."

The Farmers Cotton Grading Company was organized with a capitalization of \$250,000. Sully being elected president and Harris Hammond treasurer.

Green offers to return the stock and demand the return of his patent rights Justice Gould today cited the defendants to appear in court next week and show cause why the letters of patent should not be returned.

\$3,000,000 More For Census

Washington, Aug. 20.—The appropriation of twelve million dollars made by Congress to meet the cost of the thirtieth decennial census will be too small by about \$3,000,000. Of the \$12,000,000 only \$8,116,718 was balance on hand July 1, and much of that has since been paid out. Approximately 5,000 of the 70,000 enumerators employed are yet to be paid. Congress will be called upon to supply the deficit.

DIVORCED WIFE ATTEMPTS LIFE

Hears That Husband Has Killed Himself!—Buys Carbolic Acid

New York, Aug. 20.—On hearing that her husband, Louis C. Baudouy, a real estate agent, formerly of St. Louis, had shot and killed himself in a hospital at Marmaroneck, Mrs. Leonie Vilet Baudouy, his third wife, from whom he was separated, attempted suicide.

The body of the man was identified by the Mamaroneck morgue last night by a woman said to have been Mrs. John Cecil Gray, wife of the well-known artist and a sister of Baudouy.

When reporters called at the home of Mrs. A. Albrecht, mother of Mrs. Baudouy, early today, they were told Mrs. Baudouy was at a neighboring drug store. A reporter who saw her purchase a bottle of carbolic acid followed her home and declares he struck the bottle from her hand just as she tried to swallow the poison.

This was the third attempted suicide of Mrs. Baudouy. Last Friday she tried to leap in front of an elevated train. Later, when arrested for attempted suicide, she tried to kill herself by jumping from a window in the police station. She declared she was driven to attempting suicide by her husband's cruel treatment and the fact that two of his former wives, who had committed suicide, had been haunting her day and night.

A friend of Baudouy declares the dead man was "out of money, out of employment and out of his mind."

On February 18, 1904, the first Mrs. Baudouy shot herself, leaving this note: "The only person in the world who made life worth while is dead. I do not care to live longer." The day after that she shot Ralph Titton, son of the man who had married her. She then changed that mental state and was cured, she is heard. She was known to have been friendly to Mrs. Baudouy.

The second Mrs. Baudouy was killed by gas on December 18, 1909. Her body was found in the public wash.

J. B. HARVEY FOR CLERK CRAVEN COUNTY SUPERIOR COURT

Letters From His Vanceboro Townsmen. His Democratic Work Of High Order. Thoroughly Proficient For Office Holding.

To whom it may concern. Having recently succeeded Mr. J. B. Harvey as cashier of the bank of Vanceboro, this is to certify that I find the books and accounts of the bank correct and neatly kept.

As clerk of the court, I believe Mr. Harvey would prove an efficient and faithful officer.

JOHN A. ROBERTSON, Vanceboro, N. C., Aug. 20, 1910.

Mr. Editor:—In the "Sun" of August 18 a vicious attack was made upon our townsmen, Mr. J. B. Harvey and his friends. I desire to state that I am one of the friends attacked and a strong supporter of Mr. Harvey. I believe him to be fully competent to discharge the duties of the office of clerk of court and I ask the people to vote for him on account of his long and continued party service.

Respectfully,
B. R. WARREN, Mayor, Vanceboro, N. C.

Mr. Editor:—A reply to "Democrat" in Sun issue of the 18th inst. Releg one of the many friends of Mr. J. B. Harvey, I desire to say that I have known Mr. Harvey well for more than twenty years and believe him fully competent to discharge the duties of clerk of the court, and I know that he will not cripple the public service nor hamper the dispatch of business of the courts. Mr. Harvey is a thoroughly honest and conscientious man. We have seen him tried many times and in many places, and am confident that he will improve the service in the high office to which he honorably aspires. Mr. Harvey is a man of judgment and will employ efficient help until he gains the experience necessary to conduct the office. Mr. Harvey is a good penman. Finally, Mr. Harvey is a high minded Christian gentleman. He has labored long and earnestly for better morals, better schools and better churches in his community. We respectfully ask the people of Craven county to vote for him.

Very truly,
A. M. WILLIAMS.

Mr. Editor:—In issue of Sun August 18th I notice an article to the democratic voters of Craven county and signed "Democrat", that applauded W. M. Watson, our present clerk, and attacked the judgment of J. B. Harvey and his numerous friends in Craven county, who have made him the democratic candidate for Clerk of Court from No. 1 Township. The candidate from No. 1 Township, nor his friends, have ever said anything unkind about Mr. Watson nor attacked his judgment. We only say that he has held the office too long for the good of the democratic party. What can a young man, who has political aspirations, promise himself at the hands of the democratic party when you take a man and work him for twenty five years and he spends his own time and money in building up the party, as Mr. Harvey has done? Mr. Harvey has letters in his possession now, from some of the best lawyers in the county, complimenting him on the stand he took in the White Supremacy Campaign, and nothing has ever been said about his proficiency until he asked for the clerk's office. If so much time and experience is necessary to fit the clerk's office, surely it is time that we elect a younger man for that office, as Mr. Watson can not last always.

Yours very respectfully,
W. C. WHITE.

To the Democratic Voters of Craven County

A few reasons why Mr. J. B. Harvey should be our next clerk. Mr. Harvey has served the democratic party for twenty years, having always been a leader among his people spending money from his private purse and giving his time and intelligence without thought of reward. He did as much for this county and state during the White Supremacy issue as any man in the county, running chances of physical injury, as he was the acknowledged leader of the democratic party in the township. We do not want to say anything against Mr. Watson, he is a good man, but he has had his share, twenty years in office is certainly not very encouraging to a young democrat who may aspire to a county office, which he has a perfect right to do.

As for ability, there is not a man in the county who could conduct the office of clerk with more ease and dignity than Mr. Harvey's experience, he has the qualifications. He could fill any office in the county with the mastery of the office if he is chosen, and he would be a thorough clerk and a good man.

For Rent.

I could not figure where the public are getting in. And as for Mr. Watson, he has certainly been in office long enough to have laid aside a nice snug little fortune to care for him the remainder of his life, and as for the public, nine men out of ten like to see the county officers changed once in a while, so that every intelligent, competent, citizen who may aspire to office may have a chance.

As county commissioner, Mr. Harvey has laid aside everything and I do not believe there ever was a commissioner who took more interest in the office of the county than he, laying aside everything whenever the county needed his services.

We have as competent men in this township as any but we have never had any representatives. We have always been at the beck and call of New Bern, now we expect New Bern to compensate us by helping us to elect J. B. Harvey our next clerk.

LATHAM ALEXANDER & CO. Train Kills Large Bear.

While enroute from this city to Wilmington yesterday morning and when near Northeast, a small station between this city and that place, the eastbound passenger train which leaves this city shortly after 9 o'clock ran over a large black bear and killed him. The animal was attempting to cross the track when he was killed, and one of his feet was severed from his leg. This trophy was presented to the writer by Mr. L. J. Pmer, baggage clerk on this train.

Bids Wanted.

Proposals to furnish feed for the city horses for next nine months will be received at the clerk's office until August 25th, by order of the Board of Aldermen.

TO ANNEX CANADA TO U.S.

Nationalist Leader of Quebec Advocates That Step For The Dominion.

Antigonish, N. S., Aug. 20.—Annexation of Canada to the United States was advocated today in an address by Henri Bourassa, M. P., the nationalist leader of Quebec, before the summer school of science at St. Francis Xavier college. The speaker dealt at length with the four possible destinies of Canada, namely: Remaining in the position in which she is at present, which he regarded as very improbable; imperial federation, which would be an unwieldy and unworkable condition; annexation to the United States and independence.

"Imperial federation means an imperial council with a preponderant British influence," said Mr. Bourassa. Conditions to say in Canada make for annexation rather than for imperial federation. The penetrative influence of trade by rail and canal lines, the mental proximity of the two peoples living under the same or similar conditions, industrial and social, the constant intercommunication of Canadians and Americans are all powerful factors making for annexation.

For Rent.
