OFFICIAL PAPER OF NEW BERN AND CRAVEN COUNTY.

New Bern, N. C. Sept. 11, 1910

MATTER OF POPULATION NOT EVERYTHING

The people of one city will grow over the question of population, when arguing against the number in a neighboring city.

New Bernians discuss at times, how many inhabitants there may be in their city, tho' the population here has never provoked any serious discussions.

Answer these in the affirmative, and New Bern with 10,000 population has the elements that will give it a much greater population as the years pass.

A DREAM JOURNEY.

It Was a Very Long One, but It Took Only a Few Minutes.

"Dreams are curious things," remarked the amateur psychologist.

"Time does not seem to enter into their composition at all. For instance, the other day I was sitting on the porch of a hotel with a friend of mine smoking after lunch.

"The devil it won't!" exclaimed my friend, waking with a start.

"The sentence sounded so incongruous that I burst out laughing. 'Won't what?' I asked.

"How long have I been asleep?" he asked.

"Not more than a couple of minutes," I replied.

"It doesn't seem possible," he said. "During that time I had a dream that pretty nearly took me around the world. I sailed for Southampton, did England, France, Switzerland and a part of Italy, then through the orient to India. It was in India that I became much interested in one of the native snake charmers. He had the snakes crawling all over him and offered me one to fondle. I told him I was afraid it would bite me. He assured me that it wouldn't, and I took the reptile in my hand. It promptly fastened its fangs in me. I said, 'The devil it won't!' and dropped it, and then I woke up."

"I explained the episode of the lighted cigar," concluded the amateur psychologist, "and we both laughed."—New York Sun.

THE TEST OF MERIT.

New Bern People are Given Convincing Proof.

No better test of an article can be made than the test of time and this is particularly true of a kidney medicine.

Doan's Kidney Pills have stood this test and stood it well. What better proof of the merits of this remedy could you demand, than the statement of a New Bern resident who has been cured and has stayed cured?

Read the following: C. P. Bartling, 136 Middle street, New Bern, N. C., says:—

"I can recommend Doan's Kidney Pills just as highly today as I did several years ago, after they cured me of a severe case of kidney trouble. I suffered considerably from backache and pains through my loins, often being in such a condition that I could not attend to my work.
