TAFT WILL ASK FOR MANY FORTS

President to Urge Appropriation of \$2,000,000 for Protraction of Panama Canal.

New Haven, Conn., Sept. 30—President Taft is looking forward to one of the hardest legislative fights of his administration during the coming short session of Congress at which he will seek to force through a bill providing for \$2,000,000 appropriation to start work upon the Panama canal fortifications. Aside from the question of the right of the United States to fortify the zone, there is a difference of opinion as to the advisability of this move, the considered from the standpoint of United States alone.

The opposition in the last Congress to fortifying the canal was led by Champ Clark, who is picked for speaker in the next of a democratic congress and the administration is counting on a fairly united democratic opposition to the project. It will therefore, be the plan of the President to force the proposition through the coming short session of congress in order to avoid taking any change on leaving the matter to the next congress, the political make-up of which is at this time a matter of very serious doubt.

Jonas Daniels Dead

Jonas Daniels, one of the best known colored men in the city is dead. For many years Jonas has been a drayman on the streets of New Bern and he always enjoyed the reputation of being prompt and reliable. He was polite to everybody, very industrious and attentive to his work. By his industry and thrift he had accumulated a home and a bit of property besides. The deceased was upwards of seventy years of age and had been failing for several months when he was called to his reward. The funeral will be from St. Peter's church, of which he was a member, this afternoon 5 o'clock.

We are showing this week a beautiful line Art Squares, Hall Runners and Rugs at low figures to close out quick J. J. Baxter.

Unusual Fish Catch

The loungers around market dock sometimes fish with hook and line to vary the monotony of their existence, catching now and then a little estuary or sea. But this week they are having some real sport. Monday was a 'lucky' day, several very large 'cats' and a whopping big eel were caught but the excitement grew intense when a large 'roffish' weighing eight pounds was caught. Yesterday another one of those fish was caught which weighed six pounds. Rockfish habit deep and clear water and are usually caught with a net, and the fact of their coming into a muddy dock and biting a baited hook is a very strange occurrence.

Monument to Confederates.

Washington, D. C., Sept. 20th.—In conformity with the recommendation made just before his death by General Oates, Federal commissioner for marking the graves of Confederate soldiers and sailors who died in Northern prisons during the Civil war, the war department has awarded a contract for the construction of a monument, costing twenty thousand dollars, in the Confederate cemetery at Fort Lookout, Maryland, where he buried the bodies of 3,386 Confederates. Lack of identification prevented the erection of individual headstones.

Doeghs and Colds.—At this season when coughs are so prevalent, an effective remedy, and one easily obtained is Perry Davis' Painkiller. It is no more from need by unknown agents, but has stood the test of over seventy years; and those who use the article, internally or externally, will connect with it grateful recollections of its worthy inventor.

Assistants Assigned by Hookworm Crusade

Raleigh, N. C., Sept. 20—Dr. Joe A. Ferrell, in charge of the hookworm crusade under the auspices of the Rockefeller Sanitation board has definitely assigned his assistants to service in particular districts to work up the interest among the people and schools and physicians. Dr. C. S. Strumie, in charge of district No. 9 consisting of Wayne, Orange, Lenoir, Greene, and Sampson counties. Dr. B. W. Page, is assigned to district No. 12 which includes Davie, Davidson, Rowan, Randolph, and Montgomery counties. Then there is district No. 14, composed of Mitchell, Caldwell, Yadon, and McDowell counties, with Dr. D. I. Priddy in charge. From all sections of the State there are coming in material progress for the crusade. It is no more from need by unknown agents, but has stood the test of over seventy years; and those who use the article, internally or externally, will connect with it grateful recollections of its worthy inventor.

CHARGED WITH RETAILING

Harvey Morse of Carteret County Bound Over to Federal Court.

During the past few weeks there have been a large number of alleged blockade runners and retailers captured by the revenue officers in this section and brought to this city for a preliminary hearing before United States Commissioner Chas. B. Hill.

The latest addition to the ranks of those that will be tried at the next term of Federal Court which convenes in this city on October 24th is Morse, a white man who lives in Carteret Co. Morse was brought before Commissioner Hill yesterday morning and given a hearing on a warrant charging him with operating an illicit still and also retailing. After hearing the evidence given by the witnesses Commissioner Hill decided that there was probable cause and bound the defendant over to the next term of Federal Court under a bond of \$250, which he gave and was released from custody.

To the Public.

New York Cotton Market.

Special to Journal, New York, Sept. 20—Although the cotton market was dull today the undertone was much firmer and prices experienced a sharp recovery on short covering. Spot sales none prices unchanged. LATHAM ALEXANDER & CO

Anxious For Light.

Mr. Editor:— On about Sept. 2d "Another Citizen" wrote and asked a reply to "Citizen's" inquiry which appeared in your paper on August 8th. But up to this time no one has taken the time or interest to give any light on the subjects inquired about. I take it that the people of New Bern, as a whole, very much interested in this matter, and arguing from that standpoint, it seems to me that the board of aldermen, or the water and light department ought to let a ray of light flash out over the situation and thereby relieve the anxiety of both "Citizen" and "Another Citizen," or it may be some other persons who are equally interested, but are silent, hoping however, that some one would at least make some observations that would tend toward bringing light out of darkness.

We note from the papers that Charlotte is having her water and light department investigated by an expert accountant, secured from the Southern Auditing Co. Would it not be well for the people of this city, to do as Charlotte has done? Of course such a step, ought to be the last resort. This books a row, and I have heard several persons say also, that there were a number of persons who have not paid any water rents during the past six to twelve months. This being true, there must be a cause for it, and that cause ought to be known. Now, will some one who can, throw some light on this matter, and do so at once, and thereby silence both "Citizen" and "Another Citizen," if their 'imaginings' have led them astray? "THE PEOPLE"

A Well Known Citizen Says.

I find Savoline to be a most excellent remedy for nasal catarrh, colds, headaches and neuralgia are quickly relieved by it.

J. J. TOLSON, City Tax Collector.

New Bern, N. C.

G. A. R. MEN CHEER VETERANS IN GRAY

Band Plays 'Dixie' at Encampment of Federal Soldiers in Atlantic City.

Atlantic City, N. J., Sept. 20.—With leaders of the "lost cause" cheered as heartily as those who led the armies of the North and with commander-in-chief Van Sant's band playing the "rebel" air of "Dixie," the 44th national encampment of the Grand Army of the Republic began here today.

Never before has there been such a complete absence of sectional feeling and dozens of Southern soldiers, who have "dropped in" for the encampment are hailed as "comrades."

So strong is this fraternal spirit that there is talk of merging the G. A. R. and the organization of Southern survivors into one body for future encampments. While this union will hardly materialize at this time, it is considered significant by the leaders of the G. A. R. that the idea should have gained such headway so soon after its proposal and its ultimate success is predicted.

The annual parade will be held Wednesday.

A resolution will be presented to the encampment Thursday, calling upon the railways to establish a uniform rate to veterans for all future encampments.

Encampment headquarters were opened this afternoon on Young's pier. A reception to Commander-in-Chief Van Sant will be given tonight on the steel pier. The attendance exceeds expectations and headquarters are the liveliest place in Atlantic City.

Brick! Brick! Brick! See us for Brick and save money. J. S. Basnight Hdwr., Co.

Thousands Show Love For John M. Julian.

Salisbury, Sept. 20.—The body of the late John M. Julian, editor of the Salisbury Post, who died at his home here from pellagra Friday afternoon was interred in the Chetnut Hill cemetery in this city Sunday afternoon, a large concourse of several thousand people being present in attestation of the high esteem in which he was held by this community. The ceremonies were conducted at the home by the pastor of the dead editor, the Rev. M. M. Kinnard, of St. John's Lutheran church. The Junior Order American Mechanics, the Woodmen of the World, and representatives of other fraternal orders, of which Mr. Julian was an honored member, attended in a body. The officers of the Bill Nye Memorial association in this state of which Mr. Julian was the secretary and treasurer, also attended in a body. Among the out of town visitors were representatives of the press from Raleigh, Durham, Greensboro, Lexington, Charlotte, Statesville and other places. No man has ever been shown more honor at a funeral in Salisbury than Mr. Julian who was held in universal esteem.

Postal Saving Banks

Washington Sept. 20.—Attorney General Wickersham, Secretary MacVeagh and Postmaster General Hitchcock, who constitute the board of control for the Postal Savings banks, will have a preliminary conference between the cabinet meetings next week.

It is understood the board is ready to recommend the establishment of one bank in each of the States and territories where it has been decided to make the experiment. It is the plan to issue certificates of deposit in one form up to \$5 and in other forms for \$10, \$20 and \$50. They will be non-transferable and non-negotiable.

The applications of banks desiring to become depositories of the funds far outnumber the applications of the post office to be equipped to take the savings. In South Carolina ten banks want to be depositories and only three post offices want to be designated.

The New Bern Banking & Trust Co. speaks in the advertisement on this page of the service that a bank renders. Few people appreciate all that a bank does for its depositors and the community at large. The fact is that the bank is the financial heart from which flows the resources that develop manufacturing and other enterprises, furnishing employment and general commercial activity.

Fatal Error of Saw Mill Employee

Emporia, Va., Sept. 20.—One man was decapitated, another's head was crushed into pulp and three more were injured, one probably fatally, at Artigliano, near here, this morning when a large employee of a saw-mill pulled the lever of the carriage the wrong way and knocked five men into whirling blades of the saw.

The accident occurred at the exit of the Camp Manufacturing Company. The man was running the machinery and pulled the lever to kill. He got in long familiar with the machinery, used the fatal error.

THE BEST LESSON A DOLLAR SAVED IS A DOLLAR EARNED
Start a bank account for your boy, he will make a man. Teach him to save, for all begin early.
No one's education is complete if he has not learned to save his hard-earned dollars. How many times in your life have you wished you had the money you knew you had thrown away foolishly.
Dollars planted in the bank are like seed planted in the ground; they grow.
We pay liberal interest consistent with safety 4 per cent.
MAKE OUR BANK YOUR BANK.
