FRANCES BOYD EXHONORATED

Woman Who Caused Crawford Roper's Death Now at Liberty.

On the 23rd of last July Crawford Roper, a colored employe of the John L. Roper Lumber Company, became engaged in an altercation with Frances Boyd, a colored woman of ill repute who lives on Kilmorist street, and during the melee which followed he was stabbed several times with a large wire nail and which was wielded by the Boyd woman.

Roper was taken to Stewarts Sanatorium where he hovered between life and death for several days and finally succumbed to his injuries. An autopsy was held over his body and the verdict rendered by the coroner's jury was that his death was caused by a wound inflicted with some pointed instrument wielded by Frances Boyd. After this verdict had been rendered she was taken into custody and placed in jail to await a preliminary hearing.

Yesterday afternoon she was brought before Mayor McCarthy and Justice of the Peace W. K. Baxter and this hearing was held.

It was proven by a number of witnesses that Roper had gone to her house to beat her and that at the time he was stabbed had her on the ground and was kicking her unmercifully. After due deliberation the court decided that the woman was justified in her action and ordered her released from custody.

RECKLESS RUN PROVES FATAL

Auto Plunged into Basin Canal Near New Orleans and Four Occupants Drowned.

New Orleans, Sept. 26—All four occupants of a large touring car returning from a Lake Shore resort to New Orleans early today were drowned when the car rounding a curve in the West End shell road at a high rate of speed, shot straight ahead and plunged into the new basin canal.

The dead; W. R. Freeman, 35 years old, New York City. Thomas Boettler 43 years old, of New Orleans, Dorothy Hall, 21 years old, of New Orleans, Marian Giblen, 25 years old, of New Orleans.

A laborer was the only witness to the accident. He said the car passed him at such a clip that he was unable to know just how many persons it contained. Late this afternoon it was definitely established that the four persons above mentioned were the only ones in the car.

Freeman was a traveling salesman representing a New York perfume manufacturing concern in the South. Boettler was engaged in the automobile business. He was a native of Kent Ohio. The Hall girl came to New Orleans three years ago from Baton Rouge, La. The Giblen woman is said to have come to New Orleans from St. Louis.

Although the bodies remained at the bottom of the canal, but a few hours, shrimps and crabs disfigured them to such an extent that they were barely recognizable. The identity of the women was established largely through their wearing apparel and their hair.

DESPERATE NEGRO BEHIND THE BARS

Joe Credle Captured By Officers Sunday Morning. Shoots at Officers.

Joe Credle the negro man who seriously wounded his wife by firing two bullets into her body at their home on Smith street shortly after 7 o'clock last Saturday night and who later attempted to kill policeman W. B. Parker with the same weapon which he was shooting his wife, was captured Sunday morning in the colored schoolhouse in the northern part of the city after an all night search and yesterday afternoon was given a hearing before Justice of the Peace W. K. Baxter on a warrant charging him with an assault with intent to kill an officer.

Two warrants had been sworn out for Credle, one for an assault on his wife and the other the assault on officer Parker but owing to the fact that the wounded woman was unable to appear at the trial that case was postponed until this afternoon at 3 o'clock. In the warrant which charged him with shooting at the officer Credle plead not guilty, claiming that the shot was fired by another man who was assisting him to escape from the clutches of the law. This story however was too thin and he was bound over to court and in default of bond was remanded to jail.

THE BEST LESSON, A DOLLAR SAVED IS A DOLLAR EARNED

Start a Bank account for your boy; he will make it grow. Teach him to save. They all began early.

No one's education is complete if he has not learned to save his hard-earned dollars. How many times in your life have you wished you had the money you knew you had thrown away foolishly.

Dollars planted in the bank are like seed planted in the ground; they grow.

We pay liberal interest consistent with safety 4 per cent.

Taft Deals Death Blow.

President Taft dealt a body blow to the "piece meal" policy of river and harbor appropriations at the convention of the Ohio river improvement association recently held in Cincinnati and emphasized his position on waterway improvements as outlined in his memorandum to Congress in giving his reasons for signing the last river and harbor bill.

President Taft's emphatic protest against sporadic appropriations in the river and harbor bills of the future emphasizes in no uncertain manner the position of the National Rivers and Harbors Congress on this subject, and when this great body of waterway enthusiasts meets in nation's capitol on Dec. 7, 8 and 9 it is confidently expected that the President's demand for a comprehensive policy of waterway betterments will be enthusiastically endorsed.

Strong Cotton Market

Special to Journal.

New York, Sept. 26—The increasing demand and light offerings of new cotton resulted in a strong market for futures today. Spots sales 7000 bales at ten points decline.

Historical Papers About New Bern

Raleigh, N. C., Sept. 26—There was a meeting of the North Carolina Historical Commission last week during which many matters pertaining to the general work of the commission were discussed. It was decided to proceed with the publication in book form of the valuable historical papers of DeGraffenreid bearing on the founding of New Bern. These are papers recently discovered in Germany. It is believed that the papers will constitute a book of sufficient proportions to have it bound in cloth instead of turning it out in pamphlet form. Prof. M. C. S. Noble, of the University of North Carolina was the only out-of-town member of the commission here for the meeting. Other attending were Colonel J. Bryan Grimes, W. J. Peale, President D. H. Hill and Secretary R. D. W. Connor.

D. F. Jarvis is the only place to get the Royal Worcester and Bon Ton Corsets.

Mr. Watson Improves.

The news from Baltimore concerning Mr. W. M. Watson, is gratifying to his friends. When taken to Baltimore Mr. Watson was run down and enfeebled, but the rest there has greatly benefited him and his condition shows improvement each day.

River Steamer Sunk.

News reached the city this morning that the steamer Duplin, valued at five thousand dollars was sunk at Broadwater Landing, at the 41st mile post on the Northeast river last night. She was tied up at the wharf to receive a cargo of shingles and had just been loaded. The load was such as to cause the boat to be top heavy and it sunk. The boat is owned by Capt. D. J. Stokes and was in charge of Capt. John Sellers as master. Preparations are being made to raise the steamer.—Wilmington Star.

CHILDREN'S SCHOOL DRESSES

We have put in stock a nice line of Children's SCHOOL DRESSES and you can buy these Dresses for what the goods would cost you, they are made in the best styles.

Co., Propa., Cleveland, O.

Flames Devour Hotel

Goldsboro, Sept. 26—This morning at 4 o'clock, fire destroyed the Eagle cafe a Greek restaurant, the restaurant of Henry Guess, colored, and after devouring these buildings the heat was so great that the third story of the Terminal hotel took fire and the building was also destroyed.

Great heroism was shown on the part of the firemen in their struggle with the raging flames, which was a battle that called for strenuous endurance. The loss to the guests of the hotel was very heavy, while the fire loss will amount to about \$15,000 outside of insurance.

Get the Most For Your Money.

Likewise the best! This is especially good advice when one comes to buy a big Sunday newspaper. Aside from its many departments of news, romance, fiction, art, comedy, politics, etc., the words and music of a late song success will go free as a feature of next Sunday's New York World. The song in question is "The Gay Steeplechase," made famous by Fisk O'Hara in the new Irish musical romance, "The Wearing of the Green." Add this popular song to your musical collection. But it will be best to order next Sunday's New York World from your newsdealer today.

Specific For Pellagra

Washington, Sept. 26—Dr. Elizabeth G. Mitchell, instructor in histology and physiological chemistry of Howard university, who also is one of the scientists attached to the Smithsonian Institution, is working on the problem of obtaining a specific for pellagra. She is the first scientist in the United States to attack the problem of finding a remedy for the disease, based on the serum theory.

"Definite results are not ready to be announced," said Dr. Mitchell today. "If a remedy for pellagra is discovered from these experiments I shall be glad then to give it to the medical profession without reward of any kind."

Sound Reasoning.

Cotton growers should bear in mind that cotton will keep. The merchant or manufacturer who buys it now, intending to hold it until June 1911 knows that it will lose the weight and that he will lose the interest on the money locked in it until it is used. Therefore, the merchant or banker expects the cotton to advance in price sufficiently at least to cover the loss in holding it. The farmer who is able to hold his cotton, may safely act upon the same reasoning and if the requisite number of farmers sold, so that the marketing of the crop will be distributed throughout the period of twelve months, the producer will be faster in selling prices. If the bulk of the cotton passes from the farmer to the merchant and manufacturer during the harvest season, the farmer will be

Savodine Has Great Merit.

The Savodine Co., New Bern, N. C. Gentlemen:— I wish to add a word of commendation for your Savodine. Having used it in my family for Croup, Colds in the head, throat and lungs, Neuritis, Piles, Cuts, Sores, Boils and eczema, I unhesitatingly pronounce it one of the best remedies ever used by me, and would recommend it to any one as a valuable family remedy in such cases. I find that a small quantity placed in the nose upon retiring affords a restful night, and by an occasional application that way I have been practically cured of insomnia.

Your Savodine has great merit.

Very truly yours
W. G. BOYD,
Secretary New Bern Chamber of Commerce.
