A SKETCH OF MAJ. GEO. E. BUTLER

BY PROF. STREET BREWER
His Public Record, as Teacher, Educator, Lawyer, Soldier, and Legislator Briefly Told.

Great Friend of Public Education

Hon. Geo. E. Butler, the Republican candidate for the Third Congressional District, was born and reared at Salemburg, Sampson county, about 40 years ago. He received his education at Salemburg High School and the State University.

After completing his education he was principal of Salemburg High School for several years.

He then took up the profession of law, graduating at the University Law School in 1893.

He located at Clinton, N. C., upon receiving his license, and the next year was unanimously elected Superintendent of schools of Sampson county, and was afterwards appointed County School Examiner. He is one of the most progressive, competent and enthusiastic advocates of public education in the state.

He made a state reputation in his addresses before the State Teachers As-

say, while holding a Teachers Institute in Sampson county, in 1900, that Mr. Geo. E. Butler, by reforming the school law of North Carolina and organizing the Township System, had shown himself to be one of the greatest benefactors of the State, and was entitled to a monument at the hands of the educators of North Carolina.

Mr. Butler, while a member of the Legislature of 1905, advocated many other educational reforms, chief of which was the election of all school officials in each county, by a direct vote of the people.

When the call for volunteers was made in 1898, to enlist in the war with Spain, Mr. Geo. E. Butler was the first man in Sampson county to offer himself for service at the front.

He was made a Major in the First N. C. Regiment and saw service in Cuba. He was appointed President of the General Court Marshal Court of the First Brigade, and he made an enviable reputation, not only as a soldier and officer but as the head of the Brigade Court Marshals.

Mr. Butler is a good lawyer and one of the strongest advocates at the bar in this section of the State. Born and reared as the son of a farmer, he served his time as a farm boy on his father's farm, and upon receiving his education, he has, as Teacher, Superintendent of Public School, County School Examiner, Legislator, Soldier and Lawyer, proven himself faithful, competent and progressive, and can be relied upon to perform, with ability and integrity, every public and private trust reposed in him.

There is no man in the State who has a cleaner public and private life and enjoys more the confidence of the people, and for one of his years there are few

Major Geo. E. Butler, Clinton, N. C., Republican Candidate for Congress in the Third Congressional District.

semblies in 1896 and 1897, by his advanced ideas on popular education. He represented this district in the State Senate of 1897 and was the leading member of that body on all educational matters and was the author of the new school law, enacted by that body, which was recognized then and now, by the leading educators in the State, as the best school law the State ever had. The Township System and The Local Tax System, first inaugurated by the Legislature of 1897 gave the state the greatest educational impetus in its history. Mr. Butler, together with Dr. Chas. D. McIver and other leading educators made a campaign of education in this part of the State, advocating this great educational reform.

This writer heard Prof. P. P. Claxton men in the State, better equipped to represent his State in the National Congress, to which place he now aspires, as the chosen representative of his party in the Third Congressional District.

This sketch is presented to the public, by one of his friends and co-workers in education, with the hope that his merit may be known in this District, and recognized by all men who are friends of public education, and who want an honest, energetic and progressive representative in Congress.

This Sept. 24, 1910.

Signed, STREET BREWER, Ex-County Supt., Schools of Sampson County. A D V.

Extraordinary Sun Appearance.

Santa Clara, Cal; Oct 1.—An extraordinary occurrence was observed on the sun yesterday, announces the Rev. J. S. Rickard, of the Santa Clara College observatory, who last night gave out the following statement.

"A group of spots on the solar axis at 10:30 o'clock gathered in one so big spot which was visible on a negative taken at 3:30, but which was seen broken up into fragments on a negative taken at 4:30. It is very seldom that such a rapid fragmentation occurs.

"This unusual event is one of several solar events that have been developing from the beginning of last week up to the present consisting of the appearance of one large spot, now about three days from the west limb and of a group which appeared on September 12, and which is still showing with undiminished splendor."

The Genus "Hobs,"

Fiction writers say that the day of the professional hobo is a thing of the past, but judging from the appearance of an individual who "blew" into the Journal office and solicited the price of a "feed" that class of humanity is not yet extinct. The person in question showed evidences of much hard travel, and in fact he stated to the writer that he had walked all the way from Asheville, N. C., and that he had come to New Bern in endeavor to secure employment on some fishing vessel.

Why pay high prices for your goods? We sell them for less. J. J. Baxter.

Cotton Market Dull But Strong.

Special to Journal. New York, Oct. 1.—The cotton market was dull but strong today. The trade inclined to await publication of government report. Spot sales five thousand bales in unchanged prices.

ROOSEVELT TO COME SOUTH

Itinerary For Ex President's Tour Completed Yesterday. Atlanta Stay Will be Feature.

Oyster Bay, N. Y., Oct. 1st.—Bringing with him his son-in-law representative Nicholas Longworth, of Cincinnati, Colonel Roosevelt returned to New York late this afternoon. Although he will entertain the Nassau county delegates to the Republican State Convention at luncheon tomorrow, he said he would hold no political conferences at Sagamore Hill until after his Southern trip which he begins on Thursday, the itinerary for which was completed today.

The attack on Col. Roosevelt which appeared today in the Des Moines News which is said to be Senator Cummins' personal organ, brought forth no comment from the Colonel beyond the statement that he had heard of it. It is known, however, that he regards the State platform not as an expression of his own ideas, but rather as a reflection of the views of the party.

Colonel Roosevelt's ten days tour through the South and Southwest begins on October the 6th. He will leave New York in a private car at 3:25 p. m. The first stop will be at Bristol, Va., where Mr. Roosevelt will make a brief address to the citizens of that town under the charge of the Board of Trade. The second stop is Knoxville, Tenn., where he will deliver an address at the Appalachian Exposition. The stay at Knoxville covers the afternoon and evening of Friday, Oct. 7th. The party next goes to Rome, Ga., where Mr. Roosevelt will address the citizens of Rome and vicinity.

The special feature of Mr. Roosevelt's stay in Atlanta, which is the next stop, is an address before the Uncle Remus Memorial Association on the evening of October 8th. He will also speak at a conservation meeting in the afternoon and will be entertained by the Mayor of Atlanta at a private dinner.

Died.

Mrs. Martha Bright at her home in this city yesterday morning. The funeral services will be conducted this afternoon at 4:30 o'clock. Rev. Huake will officiate at the service which will be held from Christ church. The interment will be made in Cedar Grove cemetery.

Improved Local Freight Service.

For the benefit of shippers to points on the Oriental and Washington divisions, Superintendent Walker at the request of the Chamber of Commerce has caused the hours of receiving freight at the Trent River warehouse to be changed from 4 to 5 o'clock p. m. and has inaugurated a daily freight service to Washington and points beyond effective Monday Oct. 3d. instead of the tri weekly service as at present. These changes will enable merchants in this city to forward freight the day orders are received and will give better satisfaction all around.

Death Of Capt Nat Martin.

A telephone message received in this city yesterday from Bards Creek told of the death of Capt Nat Martin who died at his home at that place yesterday morning at 6 o'clock. Capt Martin is well known in this city, running on the "Ruth Watson" a freight boat which made weekly trips between New Bern and that place. He was married to a young lady at that place about 5 months ago and besides he leaves his mother and one sister to mourn his loss. The funeral will be conducted at Bards Creek this afternoon.

Governor Approves Monument to Women

State of North Carolina, Executive Department—Raleigh, Gen. C. Irvin Walker, Saluda, N. C. Dear Sir: In reply to your letter of the 22nd, I beg to say that I shall be glad to co-operate with you in the movement to secure State monuments to the women of the Confederacy.

I think your plan to have a tag-selling Monument Day will be beneficial to the movement. I have often advocated monuments to the Confederate woman, not only in recognition of her loyalty and service during the war, but for her unflinching loyalty ever afterwards. I have frequently said that a monument to the Confederate woman, among other things, should have an inscription stating that the days of reconstruction found no sealwags among the women of the South.

With best wishes,
Yours truly,
W. W. KITCHIN,
Governor.

You can save money only while you have money. When old age comes don't let it be fettered by the folly of your younger days. It is pitiable to be old and poor. Bank your money and have your money.
