The New Bern Building and Loan Association whose 38th series opens on Oct. 1st, and which is now on sale by the undersigned, has laid the foundation for many a fortune.

There is no better known or safer investment for the small or large investor. Its 23 years of wonderful success is easily understood. Every dollar invested is backed by first mortgages on valuable city property under efficient and conservative management. Did you ever consider that?

Our idea is to get wise and take on a few shares of this stock and assist in establishing the Association's third dividend. It may make your fortune, and you will not regret it.
