

The Prudent Farmer

THERE is a great deal being said throughout the country about the importance of farming as an occupation. The fact is, that the great mass of people are just beginning to understand the value of land and the independent position of the farmer. The great drawback to farming in the past has been the lack of knowledge with regard to methods of agriculture and the precaution on the part of the farmers to lay up money in good years for possible emergencies when crops fail.

The farmer who deposits his surplus money in a strong safe bank can tide over a season of bad crops, when it comes. This bank issues Certificates of Deposit, yielding interest at the rate of Four Per Cent.

F. S. DUFFY Pharmacist.

one way out of it. The world says unless you have "the goods" you are not it. It matters little what you make unless you save regularly and persistently. Therefore is it not wise to save money while you may and invest in something that is good and absolutely safe? By taking stock in the October Series of the NEW BERN BUILDING & LOAN ASSOCIATION (established 1889-92 years) which we now have an sale you not only lay the foundation for a snug sun, but become a factor in the town's uplift, as the money circulates freely and improves business conditions generally.

At the end of seven years when the stock matures and you draw out \$100, \$500, or \$1000, to cost only \$84, \$520, or \$840, it comes so easy it's like picking money up out of the street.

W. G. BOYD, Agt.

NEW BERN BUILDING & LOAN ASSOCIATION

FEEDING PANAMA CANAL ARMY

Nearly Two and a Quarter Million Meals Served Yearly.

Washington, Oct. 19.—Feeding the army of Panama Canal builders is a matter of tremendous expense, and to keep tab on the money, the government makes a record of wonderful detail that shows the cost per meal per man. It is shown by the annual report of the Panama Canal Commission that there are in operation 10 hotels, 19 European laborers' messes and 20 common laborers' kitchens.

The total number of meals served at the hotels was 2,176,451. The supplies were \$4.98 cents and the expense 6.23 cents a meal, a total of a little over \$1 cents.

The meal served in the European laborers' messes made a total of 1,992,487 which cost 26.33 cents each for supplies and expenses. The meals in the common laborers' kitchens totaled 781,745 and cost 28.09 cents each. The average daily attendance during June in the line hotels was 1,915, in messes 3,178 and in kitchens 1,497.

The average weight of the ration supplied each person daily in the laborers' kitchens was found to be approximately 4.41 pounds, with a value of 23.28 cents. It is a coincidence that the net weight of the ration furnished the European laborer is exactly equal to the gross weight of the United States army garrison ration, and the net weight of the ration furnished the negro laborer is exactly equal to the gross weight of the United States army field ration.

The year's operation showed a loss on hotels of \$22,168, a profit on the European laborers' messes of \$84,405 and a profit on the laborers, kitchen \$21,211.

If it's Gloves you want we have the guaranteed Simons Glove for Ladies, the best yet for \$1.00. J. J. Baxter.

Inventor of Matrix Process Dies.

Washington, Oct. 19.—Willard Stephen Whitmore, inventor of the Papier Mache matrix process of stereotyping used by nearly every newspaper in the country but from which invention he gained no material benefit, is dead at his home here, aged 68 years. He was born in Laporte, Ind., and was founder of the Stillwater (Minn.) Gazette and the Minneapolis Chronicle, then the only paper in Minneapolis, which later was consolidated with the Tribune. At the time of his death, Mr. Whitmore held a position as stereotyper in the government printing office.

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Train and Track.

In Belfast the ratio of street car fatalities to passengers is only one in 28,173,795.

When sidetracks are taken into account the United States has more railroad mileage than all the rest of the world.

With a view to maintaining a healthy rivalry among its track supervisors and assistant supervisors, the Pennsylvania railroad distributes annually the sum of \$5,400 in premiums to those whose divisions have been kept in the most perfect condition during the year.

State Lines.

Alabama has held third place among the states for iron production since 1904.

In natural wonders Arkansas is one of the most attractive parts of the United States.

Charles H. Peck, biologist of the state of New York, in his annual report states that the known species of edible mushrooms in New York amount to 200. Five new kinds of edible mushrooms were discovered in the last year.

A present given away with every purchase at our store, equal to 5 per cent of your purchase. J. J. Baxter.

A GOOD POSITION

Can be had by ambitious young men or ladies in the railway or wireless telegraph service. Since the 8 hour law became effective, and since the extensive developments of wireless telegraphy, there is a shortage of about 10,000 telegraphers. Positions pay beginners \$70 to \$80 per month. We operate under supervision of telegraph officials and all positions are guaranteed positions. Write the full details to the Institute of Wireless Telegraphy, National Printing Co., 1000 Broadway, New York, N. Y.

WELLMAN'S AIRSHIP ABANDONED

Steamer Reports Rescuing Daring Navigator and Crew, Signalled Ship For Help.

New York, Oct. 19.—A wireless dispatch from the Royal Mail steamer Trent, received here yesterday afternoon, says that the steamer has rescued Walter Wellman and crew of the dirigible balloon America.

The message was sent by Captain Downs, of the Trent and reads as follows:

"At 5 a.m. yesterday sighted Wellman's airship America in distress. Signalled by Morse code that she required assistance and help. After three hours maneuvering with fresh winds blowing got Wellman and his entire crew and cat. They are now all safe on board. All well. America was abandoned in latitude 33.43 north, longitude 66.18 west."

The Trent was on the way to New York from the Bermudas.

Upcoming liners yesterday reported the airship nearly all the way across the Atlantic ocean are being combed by wireless messages in an effort to locate the big balloon America in which Walter Wellman and his crew started to cross the ocean.

At ten o'clock yesterday morning the Wellman party had been to sea 74 hours and since Sunday morning not a word has been heard from them.

A large shipment of E. P. Reeds fine shoes, just received J. J. Baxter.

Death of Little Boy

Follockville, Oct. 17.—A sad death occurred Saturday morning the death of Alton, the little six year old son of Mr. and Mrs. B. F. Dillahunt.

Alton was a very bright, interesting boy, loved by everybody who knew him and the sympathy of this whole community goes out to his bereaved parents.

Rheumatism Relieved in Six Hours

Dr. Detchon's relief for Rheumatism usually relieves severest cases in a few hours. Its action upon the system is remarkable and effective. It removes at once the cause and the disease quickly disappears. First dose greatly benefits. 75c and \$1.00. Sold by Bradham Drug Co.

No Hobbies For "Holloes"

Norristown, Pa., Oct. 19.—Hobble skirts and jewelry have been forbidden in the offices of the Bell Telephone Company by Mr. Wattles, the manager, who several weeks ago issued orders restricting the dress of the girls in the office to plain black, without frills or jewelry, except white ruching at the neck and sleeves or a pin at the neck.

The new rule went into effect yesterday, and was observed. The explosion of finery is to secure uniformity among the employees and for the betterment of the service. The girls are now all dressed alike.

The Basnight Hdw. Co. has just received a shipment of Floor Oil especially prepared for store floors. Phone 99, 67 S. Front St.

PADDED CENSUS RETURNS, THEN

Skippe, Directors Durand Will Seek to Have Both Tacoma Suspect and Others Prosecuted.

Washington, Oct. 19.—Notwithstanding the fact that Director of the Census Durand is dubious as to the prospect of bringing many, if indeed any, of the alleged peddlers of the census to book, he is determined that the law officers of the Department of Commerce and Labor shall do their utmost to bring about the arrest, and if possible, the conviction of those under suspicion.

The chief assessor at Tacoma, Wash. is believed to have been a special agent of the Census Bureau. He is said to have taken flight and to be outside the jurisdiction of the United States. Director Durand's last information of the suspected man came from the Philippines.

The cities which will be investigated first are Fort Smith, Ark., Boise City, Idaho, and Minneapolis. Director Durand said that he thought the frauds in the Western states were the primary ones.

HURRICANE RAGES ALONG THE COAST

Coast, Destruction in Florida Estimated at Several Million Dollars.

Jacksonville, Fla., Oct. 19th.—What undoubtedly will prove to be the most destructive storm in the history of the United States Monday and Tuesday swept the entire Florida peninsula, doing damage estimated at several million dollars.

Forty thousand square miles of territory south of Jacksonville has been without means of communication with the outside world for more than twenty four hours. The last reports from this section, embracing territory south of a line from Tampa to St. Augustine told of hurricane winds, hourly increasing in intensity and rapidly falling barometers. "The orange crop and vast trucking industry in the territory were reported probably ruined."

Jacksonville sustained heavy property damage, but it is believed there was no loss of life in the vicinity. Along the eastern coast many lives are believed to have been lost and the property damage must have been great.

The maximum wind velocity, seventy miles an hour, was recorded here at 7 o'clock last night when the center of the disturbance appeared to have passed up the Atlantic coast toward Savannah. The wind velocity along the coast was greater than in the city. Mayport, at the mouth of the St. Johns river experienced a wind of 80 to 90 miles an hour and one half of the houses were wrecked.

A Prominent New Bern Banker Says

I am now using Savodine and am well pleased with it. I have never tried any thing I like so well for nasal catarrh. It is cooling and soothing to the air passages and makes breathing easy. I generally use it before retiring.

T. A. GREEN, Vice-Pres. New Bern Banking & Trust Company, New Bern, N. C.

Bust of Ransom.

Raleigh, N. C. Oct. 19.—The North Carolina Historical Commission is notified that the marble bust of the late Senator Matthew W. Ransom has been shipped from Paris and will be in Raleigh soon to be set up in its niche in the rotunda of the capitol by November 10th. A letter to this effect is just received by Secretary R. D. W. Connor, of the Commission from Sculptor F. W. Ruckstuhl, who has the commission for the execution of this work. Ceremonies for the unveiling of the statue will take place during the early days of the next General Assembly with addresses by T. J. Jarvis and E. W. Winston the presentation speech by Col. J. Bryan Grimes, for the Commission, and acceptance by Governor Kitchin.

Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you at Druggist, Price 50c. Williams' M'F'g. Co., Props., Cleveland, O.

Only Liquor Seller III.

Bernardsville, N. J., Oct. 19.—Little things frequently determine the question of "wet" or "dry," as may be attested by residents of Liberty Corner, not far from here. The health of a single man is a more potent factor in the excise question here than are all the laws a session of the Legislature can pass.

William Allen, a tavern keeper, is ill in bed, and his place is closed. He considers it cheaper to close his resort than to hire a man to serve his patrons in his disability.

When he gets well, the thirsty again may quench their thirst at his fountain. There is some other in Liberty Corner.

Savodine Has Great Merit.

The Savodine Co., New Bern, N. C. Gentlemen—

I wish to add a word of commendation for your Savodine. Having used it in my family for Croup, Colds in the head, throat and lungs, Neuralgia, Flies, Cuts, Sores, Bolls and sores, I unhesitatingly pronounce it one of the best remedies ever used by me, and would recommend it to any one as a valuable family remedy in such cases. I find that a small quantity placed in the nose upon retiring affords a peaceful night, and by an occasional application that way I have been profitably cured of insomnia. Your Savodine has great merit. Very truly yours,
