

The Prudent Farmer

THERE is a great deal being said throughout the country about the importance of farming as an occupation. The fact is, that the great mass of people are just beginning to understand the value of land and the independent position of the farmer. The great drawback to farming in the past has been the lack of knowledge with regard to methods of agriculture and the precaution on the part of the farmers to lay up money in good years for possible emergencies when crops fail.

The farmer who deposits his surplus money in a strong, safe bank can tide over a season of bad crops, when it comes. This bank issues Certificates of Deposit, yielding interest at the rate of Four Per Cent.

one way out of it. The world says unless you have "the goods" you are not it. It matters little what you make unless you save regularly and persistently. Therefore it is not wise to save money while you may and invest in something that is good and absolutely safe? By taking stock in the October Series of the NEW BERN BUILDING & LOAN ASSOCIATION (established 1889-22 years) which we now have on sale you not only lay the foundation for a snug nest, but become a factor in the town's uplift, as the money circulates freely and improves business conditions generally.

At the end of seven years when the stock matures and you draw on \$100, \$500, or \$1000 to cost only \$64, \$320, or \$640, it comes so easy it's like picking money up out of the street.

THOUSANDS VIEW
WAREHOUSE RUINS

Steady Stream of Sight Seers Visit
Scene of Saturday Night's
Fire all Day Sunday

Beginning early Sunday morning and continuing until a late hour in the afternoon thousands of spectators visited the smoldering ruins of the Norfolk-Southern freight depot which was destroyed by fire last Saturday night.

All during Saturday night streams of water played on the fire, but despite this fact many of the heavy timbers are still burning. The river in that vicinity is full of floating debris of every description, and even the novice can see that the loss was a large one.

Trent river bridge adjacent to the structure which was destroyed was badly scorched, but there was no injury in the passage of trains during the day. This section will be replaced by new timbers.

A few of the Company's workmen were busily engaged yesterday in clearing away some of the wreckage, but on account of the fact that the fire has not yet died out they were unable to do but little.

Two cars of the Norfolk-Southern officials arrived in the city from Norfolk yesterday morning and they spent the day in looking over the ruins and formulating plans for the erection of a new structure. Nothing definite was made known, but it is more than probable that the new building will be constructed on the site of the old one.

Savodine Cures Burn.

"My little boy burned his leg badly on a red hot stove. The burn was about three inches square. He was suffering much and could not walk. I bought a tube of SAVODINE and was astonished to see how rapidly he improved. In a few days he was walking about. I can recommend it for burns."

Shooting Scrape Sunday Afternoon.

What came near proving a fatal shooting scrape occurred Sunday afternoon near Smith's hall on Pine street when two colored swordsmen became engaged in an altercation over a pint of whiskey. One of the negroes, neither of whose names could be learned as no arrests were made, drew a revolver during the melee and fired several shots at the other, neither of the bullets took effect however, and both of the principals escaped before any arrests could be made.

"Madame Sherry" Takes New York
By Storm.

The great musical show, "Madame Sherry," now appearing at the New Amsterdam Theatre contains music that has not been equalled since the production of "The Merry Widow" and "The Waltz Dream." The New York Sunday World, with its usual enterprise, has secured the best song in the production of "Madame Sherry," and will give it free, words and music complete, with next Sunday's World.

SEVEN DWELLINGS
ARE DESTROYED

Fire Yesterday Morning Caused
Loss of \$2,000. Harsh Work
By Firemen.

A fire of unknown origin early yesterday destroyed seven two story dwelling houses, the property of Isaac Smith colored, located on the corner of Pine and Bern streets.

The blaze was first discovered about 3:30 o'clock but for some unknown reason the alarm was not turned in for at least 15 minutes and when the fire companies arrived on the scene three of the houses had been totally consumed.

Located as they were, in close proximity to each other, it was almost impossible to fight the blaze with any marked success, and before it had been extinguished seven of the structures, which were constructed entirely of wood and occupied by colored people had been totally consumed while another building had been badly damaged.

The structures were built at a cost of \$200 each and there was \$250 insurance on each of them. As far as could be learned none of the occupants of the buildings carried any insurance on their possessions.

CIVIL CASES
BEING TRIED

Last Week of Two Weeks Session
of Federal Court Now In
Progress

At 9:30 o'clock yesterday morning the last week of a two-week session of the U. S. Circuit and District Courts convened in this city. Although the last week is usually set aside for the trial of civil cases only one or two were disposed of during the day.

In the case of U. S. vs. Joseph W. Baldwin, charged with tampering with the mails, the jury returned a verdict of not guilty.

Geo. Williams, for retailing was given 1 year and 1 day in some reform.

Harvey Morse, charged with illicit distilling was sentenced to a term of 1 year and 1 day at Atlanta.

The cases against C. L. Stevens and J. F. Taylor was continued until the next term of court.

After several other minor matters were disposed of court adjourned until this morning.

Republican Speaking at Court House

The republican speaking at the court house last night had more than the address of Mr. C. A. Reynolds of Winston, N. C., as Mr. H. L. Wooten of Ft. Barnwell was introduced and announced himself as candidate for the legislature from Craven Co. and ex-Sheriff Mayer Hahn candidate for Sheriff also introduced made a short address, and said among other things that he hoped that Sheriff Biddle would meet him in joint discussion during the canvass this week.

Mr. Reynolds spoke an hour, and showed the political differences between the parties as they looked to him. The greater part of the speech was telling about the legislative work of the republicans at Raleigh, and what had been accomplished under their rule. The speaker frankly declared every man should vote as it looked best to him, no political barrier should hedge him in.

GETTING MONEY
WILL NOT SATISFY

Treasury Department Will Not
Settle Custom Fraud Cases on
Merely a Money Basis

Washington, Oct. 31.—Merely "getting the money" will not satisfy the United States government in under-valuation customs fraud cases where there is evidence to convict the offenders. The Treasury Department today officially expressed its policy in a reply sent to a man in New York who asked if the government would be willing to settle all cases on a money basis. The reply, which was approved by Secretary MacVeagh, is in part as follows:

"It is not the policy of the department to permit guilty parties to escape so long as the department received the cash which is coming to it."

NEW YORK STRIKE
BECOMES SERIOUS

Over 5,000 Men Join in Walk Out
Affecting Nine Express
Companies.

New York, Oct. 31.—The Metropolitan District is still in the grip of the express strike. Nine companies are now affected; more than 5,000 men are out and rioting. A special was issued at police headquarters Saturday night holding practically the entire night police force of more than 9,000 men in reserve for an emergency.

In Jersey City, the police, battered by days of street disorder, are still trying to cope with the situation unaided except by private detectives but tonight Governor Fort instructed the Third Regiment N. G. N. J., to prepare for active duty at a moment's notice. Tomorrow determined effort will be made by the companies to distribute the vast amount of express matter that has accumulated, and upon the result of the day will depend whether the militia is called out.

The nine companies, whose drivers and helpers are demanding increased pay and shorter hours are:

The American, United States, Wells, Fargo, Adams, National, Wescott, and Long Island Express companies, the Manhattan Delivery Company.

"Mickey" Killed By an Auto.

It is very seldom that a member of the canine family receives an obituary notice but when one of them becomes the pet and pride of the force of a newspaper and when his life is unceremoniously snuffed out under the wheels of an automobile we cannot refrain from mentioning his sad demise.

"Mickey" was one of the trio of fox terriers that were the property of Dr. Hughes and during the past few months had taken up his habitation at the Journal office and during his visit with us had won the affection and undying loyalty of the entire force from the Editor down to the "devil" and to speak unwell of him was an incentive for a fight.

Yesterday morning upon opening the office "Mickey" ramped down from his bed in the composing room and affectionately showed that he was delighted to again be with the "bunch" after spending Sunday in watching the office which he seemed to think was one of his solemn duties. Little did we think then that a few hours later we would be viewing his crushed and bleeding remains.

Shortly after 11 o'clock however, while attempting to cross Pollock street, in front of the Victoria theatre, he was struck by Mr. W. C. Willett's automobile and his soul, for without any doubt "Mickey" was possessed of such winged flight up to the "Dog Heaven."

INVALUABLE
CIVIC ASSET

Charlotte Observer Joining With
Journal in Merited Praise
Woman's Club.

Charlotte is not the only city in the State which owes much to the activities of its public-spirited women, as a recent editorial in The New Bern Journal bears witness. The Journal felicitates its community upon the plans the Woman's Club of New Bern has formulated for the betterment of the city and praises the opportunity to express its very high appreciation of the work of this organization in the past. "The work of the club has been upon such broad and liberal lines," declares The Journal, "that the community at once recognized its influence and its ability to plan and execute. This was notably shown before and during the bi-centennial celebration, and upon other occasions the Woman's Club has been an active factor in assisting in movements tending towards civic advancement."

It has long been a truism that no other single influence acts nearly so directly upon a man as do the opinions and desires of his womanhood, but it has been customary to consider civic affairs entirely outside the province of feminine consideration. The community at large will quickly show the advantage derivable from its ladies' taking an intelligent interest in civic affairs. It is not necessary for them to possess the ballot in order that their influence may be felt, as several Charlotte officials are fully convinced. The activities of the women's club.
