

The Prudent Farmer

THERE is a great deal being said throughout the country about the importance of farming as an occupation. The fact is, that the great mass of people are just beginning to understand the value of land and the independent position of the farmer. The great drawback to farming in the past has been the lack of knowledge with regard to methods of agriculture and the precaution on the part of the farmers to lay up money in good years for possible emergencies when crops fail.

The farmer who deposits his surplus money in a strong, safe bank can tide over a season of bad crops, when it comes. This bank issues Certificates of Deposit, yielding interest at the rate of Four Per Cent.

THE FIGURES ARE STARTLING

Marked Increase in Number Killed and Injured Upon Railroads.

Washington, Nov. 4.—Startling increase in the number of persons killed or injured upon railroads during the last three months and during the year are made public by the interstate-commerce commission. In the year, for which the figures for the three months make the last quarter 1,013, more persons were killed by railroads than the year before. The list of injured by 12,454. In this time 8,504 persons were killed and 32,274 persons were injured.

There is a marked increase in train accidents during the last three months, when 127 persons were killed and 2,541 injured. Accidents of other kinds bring the total of casualties to 20,650, of which 766 were killed and 19,884 injured. This is an increase in killed of 178 and injured of 4,567. Whether this increase is due to the instant demand for quick transportation or to lack of caution is not shown by the records.

There were 5,861 collisions during the year ended June 30, 1910, causing the death of 453 persons and injured 7,705, with a damage to the property of the railroad companies of \$4,625,289, being an increase of 1,450 in the number of collisions, with an increase of 91 in the number of persons killed and an increase of 2,970 in the number injured.

There were 6,918 derailments during the year ended June 30, 1910, an increase of 653. There were 240 persons killed in derailments and 4,814 injured, an increase of 79 in the number killed and 678 in the number injured.

Pieces of Skull as Evidence

Athens, Ga., Nov. 4.—Calmly drawing two generous pieces of his own skull from the pockets of his green overalls, Herbert Jackson, a negro, startled the judge, jury, lawyers and court officials when he offered them as an exhibit in evidence yesterday in the case of the state against Ed Dimson, charged with assault and battery. Jackson declared that Dimson hit him a very big blow on the head, resulting in a crushed skull. Surgeons removed the two pieces which Jackson introduced in evidence. The court regarded the evidence sufficient to send Dimson to the chancery for a year.

MASONS WILL ERECT STATUE

To Washington as a Mason-President Taft May Attend.

Washington, Nov. 4.—President Taft today was invited to attend in Alexandria, Va., on February 22nd, a meeting of the National Memorial Association, which is to be organized for the purpose of erecting a suitable memorial temple to George Washington as a Mason. The movement has been started by Virginia Masons, but it is said that it will become country-wide. Master Masons from all sections of the United States have been invited to attend. The President tentatively promised to be present.

Mails Delayed By Storm

All northern mails were delayed in arrival yesterday, owing to a severe snow storm that prevailed from Washington D. C. to New York City and westward to Chicago. It was clear here, but a stiff wind blew that had the feeling of winter in every blast.

Col. Bryan's Smoker.

The Democratic good time promised by Mr. James A. Bryan came off last night according to the program. It was a love feast at which the Democratic candidates addressed their friends in an informal way and a general good time was the result.

The grounds were lighted by strings of electric lights and the addresses were made from a platform. Nearly all the county candidates were on hand, including the two Senatorial, Messrs. Green and Davis, and among the notable speakers were Judge Henry R. Bryan who pleased the crowd.

Refreshments were furnished for all and the pipe of peace smoked in every form. It was like Col. Bryan to call a pipe a "chubook" due to his gift of fore go tongues, but it had a mixing up effect in some sections wherever the learned could not explain that it was a Persian word for pipe. It was generally supposed that it meant some kind of "radical" that the Colonel intended to smoke out.

Savodine Cures Burn

"My little boy burned his leg badly on a red-hot stove. The burn was about three inches square. He was suffering much and could not walk. I bought a tube of SAVODINE and was astonished to see how rapidly he improved. In a few days he was walking about. I can recommend it for burns."

Dependent Veterans Drink Larders

Harrisonburg, Va., Nov. 4.—James Bateman, sixty-five years old, a Confederate veteran of Port Republic was found dead in bed. Despite the fact that he had been taking medicine, and was found dead in an empty bottle was found in his bed. The door, which was locked, had to be broken open.

SALVATION ARMY CAMPS

For Mothers and Children.
Hundreds of tired mothers and sickly children were given fresh air and rest during the past summer by the Salvation Army at its fresh air camps. There are many tired mothers who have sickly children who were not fortunate enough to be given such an outing and we ask these mothers to a party to themselves and their children toward the two following letters:

Mr. Ross Hawthorne Lathrop, who has done so much good among the children of New York city, says: "Viable children seem to delight in taking Vi-sol in my work among the destitute sick. I give Vi-sol in many cases where it would be impossible to give any other medicine in any other form, an account of the extreme weakness of the patient's stomach. I have known Vi-sol to restore appetite and induce new life in many cases of sick women and children when everything else failed."

Mr. C. W. Stimp, Clinton, Ohio, says: "I wish I could induce every man that has a weak, sickly child to try the different and best preparation, Vi-sol, as it restores health to our children and saves our lives."

Vi-sol is a food to weak stomachs and sickly children. If it will restore health to...

BIG STRIKE NEARING CLOSE

The Men Get Demands. Some of The Companies Have Capitulated.

New York, Nov. 4.—Final steps were taken yesterday to end the express strike when a conference was held with representatives of the drivers and helpers, the express companies and the civic mediators present.

It was believed that the strike which has stagnated business in greater New York and threatened to paralyze traffic of every description, would be called off within 24 hours unless something unforeseen happens.

William Ashton, general organizer for the International Brotherhood of Teamsters, declared that "everything was fixed for a speedy settlement."

"Public opinion has forced the express companies to end this strike," said Mr. Ashton. "The men have been willing all along to meet representatives of the express companies, not an union men but merely employees."

"The basis of settlement will be on the demands made by the men which are: a decrease in the hours of work to eleven hours, recognition of the union and an increase in pay approximating five dollars a month."

Taft Denies Reported Desire to Annex Panama

Washington, Nov. 4.—Mr. Arsenault, the minister from Panama, saw President Taft at the White House yesterday regarding a story published in New York that President Taft and the American government were considering the possibility of having to annex Panama. Mr. Arsenault, after the interview, said he was sending the following cablegram to his government at Panama:

"With reference to the article published in the New York World, President Taft authorizes me to say that neither he nor the authorities of the United States government have ever had or has now any intention of trying to annex Panama."

Dredging Completed Nov. 14th.

On Nov. 14th only one thousand feet separated the two dredges at work at Beaufort on the inland waterway canal. This 1,000 feet will be dredged out by November 14th is the estimate of the government engineers.

Trappers take notice. The Bannight Hardware Co. has just received a full line of Victor and Jump steel traps, from rat to otter sizes. Phone 99, 67 S. Front St.

Five Buried into River

Pittsburg, Pa., Nov. 4.—Five men and two women were buried almost across the Ohio river, and a big dredge boat caught fire and sank when the boiler exploded at Cambridge a few miles west of here last night.

Engineer John Kennedy, who was standing near the boiler, was spilled and buried, and is dying in a hospital. The women were in the boat's galley preparing the evening meal for the lower deck. They were all picked up in the river after the boat, a mass of flames, went to the bottom.

Savodine Remedy for Grip

"SAVODINE in my opinion should be in every household. I have given it an important trial for several ailments for which it is recommended and without a single exception have received very prompt relief. In cases of Headache, Toothache or Different Headache its effect is wonderful. I have had La-Grippe a number of times which has left me with heavy cough and sore throat. Savodine cured me and I can say that it is a most valuable remedy. In those cases I get the SAVODINE from my druggist or you may get it from the publisher. It will be sent you for a trial on request. If it will not cure you, I will refund the money."
