

The Prudent Farmer

THERE is a great deal being said throughout the country about the importance of farming as an occupation. The fact is, that the great mass of people are just beginning to understand the value of land and the independent position of the farmer. The great drawback to farming in the past has been the lack of knowledge with regard to methods of agriculture and the precaution on the part of the farmers to lay up money in good years for possible emergencies when crops fail.

The farmer who deposits his surplus money in a strong, safe bank can tide over a season of bad crops, when it comes. This bank issues Certificates of Deposit, yielding interest at the rate of Four Per Cent.

SAVINGS ACCOUNTS OF ONE DOLLAR OR MORE ARE CORDIALLY INVITED.

TIRED OF LIFE TRIES SUICIDE

Fifteen Year Old Lad Shoots Himself—Sweat-Shop Victim.

New York, Nov. 9.—A victim of the sweat-shop, Samuel S. Siborne, 15 years old, tried to kill himself yesterday because he was "too tired to live."

Hollow-chested, weak and anemic, the lad rushed himself from the lethargy that had seized him while sitting on a bench in Chelsea Park and shot himself twice with a revolver that he bought a week ago in contemplation of suicide.

Neither wound was serious and the intervention of a policeman prevented a third shot.—The big officer carried the moaning boy to a station house and later he was taken to Bellevue hospital.

"Let me die," he cried, as he struggled futilely in the policeman's arms. "I'm sick and have nothing to live for."

"That's what the sweat-shops do for the children of New York," the policeman commented.

Siborne lived in Jersey City. In addition to working thirteen hours a day in a tailor shop, the lad attended night school five nights a week, to further his ambitions to become a lawyer.

"It was hard enough," he told the hospital officials, "to work thirteen hours a day and then study half the night, but I could have stood this if the doctors hadn't told me that I would not live unless I got another job, where I could be in the open air. I tried, but I could not find anything. What's the use of living if you know you can never realize your ambition?"

Decides His Fate With Card Deck

St. Louis, Nov. 9.—After a game of solitaire decided his fate, Charles W. Eggers, 29 years of age, ended his life by swallowing a mixture of carbolic acid and wood alcohol. He was found dead in bed.

Unsuccessful in business and unable to earn sufficient money to send for his wife and three children, Eggers played the game of solitaire in the kitchen of his boarding house last night. The ace and nine of spades, which Mrs. Hodge, his landlady said, Egger considered the worse cards in the deck, lay face up on the table this morning. She believes these cards caused Eggers to decide to die.

Not Yet.

The High Point Enterprise thinks that the time is not going to be far off when the political debates will be less the "campaigns of denunciation and epithet" and more of the intellectual debate. "The American people," it says, "are fast raising the universal issue against 'rank partisanship,' regardless of whatever party it may be in." The time it speaks of, is not going to come in North Carolina as long as the present line of politicians is alive and kicking.—Charlotte Chronicle.

Savodine Remedy for Grip.

"SAVODINE in my opinion should be in every household. I have given it an impartial trial for several ailments for which it is recommended and without a single exception have received very perceptible benefit. In cases of Headache, Toothache or Difficult Breathing its effect is wonderful. I have had La Grippe a number of times which has left me with heavy cough and also with throat, nasal and bronchial troubles. In these cases I got from SAVODINE a relief which nothing else has given me. I had a scabby excoriation on both of my ears. Continued application has removed it from the one and I believe will remove it from the other. Two great points in its favor are that it is harmless and that it does its work at once."

LAWRENCE E. DUFFY, New Bern, N. C.

ELECTION RETURNS STILL COMING

Majority in Congress. Hooper in Tennessee and Roosevelt Not Curious of Results.

Chicago, Nov. 9.—The democrats gained many seats in Congress and are claiming a safe majority in the next House of Representatives.

The principal Democratic gains have been made in Chicago and New York, where the cities turned against the Republicans. In Iowa, where the defeated factions seem to have knifed the nominees freely; in Ohio, swept by the Harmon wave, and in Connecticut.

Trenton, N. J., Nov. 9.—Returns from the election in New Jersey were the election of Dr. Woodrow Wilson, Democrat, for Governor, the only state office to be filled by 40,000 plurality over his Republican opponent.

Nashville, Tenn., Nov. 9.—Summed up, the result of today's election appears to be B. W. Hooper, Republican and Fusionist, chosen Governor and a possible small Fusion majority in the Legislature.

Oyster Bay, N. Y., Nov. 9.—Theodore Roosevelt made no preparations to receive the election returns, but said that some one probably would let him know the results.

Several newspapers and news associations offered to run telegraph wires into his house to supply direct returns, but the Colonel said that with the casting of his ballot he had completed his work, and that he did not care to receive the returns at his home.

He felt that he had earned a rest, he said, and will take a vacation at Sagamore Hill. He does not even expect to visit his editorial office in New York until November 17.

Indianapolis, Ind., Nov. 9.—Scattering returns from over the State indicate that the Democratic State ticket will be elected and possibly and Legislature will be Democratic.

Utley Escapes From Prison.

Raleigh, N. C., Nov. 9.—Ed Utley, member of a prominent Fayetteville family, serving twenty years for shooting to death Clerk Hollingsworth, of the Hotel LaFayette, LaFayetteville, N. C., nine years ago, escaped from the penitentiary yesterday afternoon by cutting an iron bar from a third-story window and letting himself down with a rope, which he had secreted there in some way. The escape was discovered within 30 minutes at most, but no trace of the fugitive has been found. The authorities with the approval of Governor Kitchin, have offered \$200 reward for Utley. Utley has been a model prisoner for quite a while and there are pending with the Governor strong petitions for his pardon.
