TAFT AT PANAMA INSPECTING THE

Canal. Given Cordial Welcome by Officials. Landed at Colon. Will Inspect Naval Base.

Panama, Nov. 15.—President Taft's first day on the Panama-Isthmus was spent at the home of Lieutenant Col. Goethals, the chief engineer of the canal, in going over detailed reports of the progress of the work and in consulting the chiefs of departments.

The President landed at Colon yesterday morning from the armored cruiser Tennessee, after a splendid voyage. The Panaman and Zone officials met the President, and the party proceeded to Col. Goethals' house at Culebra, where he was in conference most of the afternoon.

When in search of a refreshing drink try Water's Hot Chocolate.

Express Packages Badly Congested.

New York, Nov. 15.—When the striking express drivers and helpers and platform men went back to work yesterday morning, under the peace terms accepted last week, they found so many express packages congested at all express depots that it will take at least a week to clean them up.

Raleigh, Nov. 15.—The corporation commission issued a call yesterday for reports of the condition of state and saving banks in North Carolina at the close of business November 10.

A Blow in the Back.—An overcoat is a necessary nuisance and the tendency to take it off on warm days in late autumn and winter is as strong as it is unwise.

Call Kats Paper Money For a Diet.

Spartanburg, S. C., Nov. 15.—While going milking Mrs. Luther Calvert, dropped a pocketbook containing five twenty dollar bills, a ten, a five and three ones, besides a silver quarter.

Savodine Remedy for Grip.

"SAVODINE in my opinion should be in every household. I have given it an impartial trial for several ailments for which it is recommended and without a single exception have received very perceptible benefit.

LESS DESERTIONS FROM ARMY

Material Reduction Shown in Annual Report to Secretary of War.

Washington, Nov. 15.—The number of desertions from the enlisted strength of the regular army of the United States during the last fiscal year was materially less than the record of any year since 1899, according to the report of Adjutant General Ainsworth, which was presented to the Secretary of War.

The official returns showed 3,464 desertions last year, or 3.66 per cent. of the total number of enlisted men in service or of enlistment contracts in force during the year.

Thanksgiving Day—Orphans' Day.

The work of the orphanages of North Carolina appeals most strongly to reason and to sympathy. These institutions are worthy of the heartiest support of our people and they have a large place in their interest and gifts and efforts.

At the Thanksgiving season minds and heart turn especially toward our orphanages and many are the practical expressions of gratitude made to this cause by a people richly blessed.

These love-prompted gifts to carry on this blessed work with these little ones surely must be acceptable to G-d, the Father of the fatherless.

It seems that, here in North Carolina, Thanksgiving Day has been especially set apart as "Orphans' Day" and we rejoice that this is true.

We trust that even larger offerings will be made at this Thanksgiving season than ever before to the end that these institutions may be the better able to perform their services. They need funds for maintenance, for improvement and for the extension of the work.

PILES! PILES! PILES!

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief.

Subsection "A" May Run Gauntlet

Raleigh, Nov. 15th.—It is said that there is to be another try at this session of the general assembly to get a North Carolina antitrust law with "teeth," after the manner of the famous subsection A, of the two past legislatures.

THE INLAND WATERWAY

Completion. Canal Between Pamlico Sound and Beaufort. Two Years Work.

Beaufort, Nov. 15.—This afternoon the dredges at work on the inland waterway route, cut out the space that had grown smaller each day during the past two years, and completed everything with the exception of some cleaning up, the link between Pamlico Sound and this place. The day was a glorious, brilliant one in point of weather, with a keen northerly wind that gave spice to the air.

The bill providing for this work was passed in Congress in the spring of 1907, the appropriation being \$500,000. The canal to be dug to be ten feet deep at low water, which assures twelve feet practically all the time for navigation.

The total length of the canal-cutting is 95,527 feet. Of this 23,177 feet in Adams creek, which is on the north end of the canal, is 250 feet wide at the bottom, the side slopes being 301 feet.

While the original appropriation was \$500,000, there has been effected a saving of \$90,000, or \$490,000 spent for the route. Since starting, there have been two shifts of men each 24 hours, the only cessation of work being between midnight Saturday, and midnight Sunday.

Rheumatism Relieved in Six Hours. Dr. Detchon's relief for Rheumatism usually relieves severe cases in a few hours. Its action upon the system is remarkable and effective. It removes at once the cause and the disease quickly disappears.

Sides Opened For Smith Creek and Harbor Dredging.

Wilmington, Nov. 15.—Bids have been opened in the United States engineers office in this city for dredging in Smith's creek Morehead City harbor, and Beaufort harbor, which is a portion of the work to be begun in a short time under the direction of the local engineer.

FOR RENT.
