OFFICIAL PAPER OF NEW BERN AND CRAVEN COUNTIES.

New Bern, N. C., Nov., 24, 1910

THANKSGIVING.

The President's and Governor's Thanksgiving Proclamations have been issued, and the day thereby named and set apart for the people of the United States to give thanks to their Heavenly Father for the blessings bestowed upon them during the past twelve months.

Charity and thankfulness should be inspirations of this day. Charity because however one person may appear to have suffered during the preceding year, yet there may be found some other one whose misfortunes were even greater. Charity, because there cannot be the real, genuine sincere thanks giving, unless there be the gift of feeling, out of the abundance there must be the sending forth to others.

Thanksgiving, for the blessings of national safety and peace, for crops and harvest, for sunshine and rain, for health, strength and kinfolk. And not last or least, thankfulness, if there has been the gain of spiritual life over the material life.

Too often is Thanksgiving Day accepted in a perfunctory way. It is a national holiday by official proclamation, and therefore impersonal in its character. The fact that the proclamation tells the people to offer thanks to Almighty God for the blessings vouchsafed them during the preceding twelve months, has no more effect or significance than do the church bells on Sunday admonish to attend divine services. There have been years in our national history when Thanksgiving Day was observed with a devout fervor and eager sincerity that came from the hearts of the people in a volume of praise and prayer. Very thankful, can this day of 1910 be held, because there is nothing to arouse the American people to any fervor of intensity because of dangers within or without the republic. And still peace, quiet, prosperity have been sufficient during the year passed, to call for an observance of today with a spirit of the utmost piety, with a thankfulness that should be a pledge for a better and cleaner citizenship, and a charity that is broad and looking upward to purer heights.

HEKAMETHYLENTETRAMINE

Is the name of a German chemical, one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylene-tetramine is recognized by medical text books and authorities as a uric acid solvent and anti-septic for the urine. Take Foley's Kidney Remedy promptly at the first sign of kidney trouble and avoid a serious malady. Davis Pharmacy

That Cold Room

on the side of the house where winter blasts strike hardest always has a lower temperature than the rest of the house. There are times when it is necessary to raise the temperature quickly or to keep the temperature up for a long period. That can't be done by the regular method of heating without great trouble and overheating the rest of the house. The only reliable method of heating such a room alone by other means is to use a

SMOKELESS
OIL HEATER

Absolutely smokeless and odorless

which can be kept at full or low heat for a short or long time. Four quarts of oil will give a glowing heat for nine hours, without smoke or smell. An indicator always shows the amount of oil in the font. Filler-cap does not screw on; but is put in like a cork in a bottle, and is attached by a chain and cannot get lost. An automatic locking flame spreader prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so that it can be cleaned in an instant. The burner body or gallery cannot become clogged, and can be unclogged in an instant by re-wicking. Finished in Japan or black, strong, durable, well-made, built for service, and yet light and ornamental. Has a cool handle.

INDIGESTION WILL VANISH

A little Diapepsin makes your out-of-order stomach feel fine in five minutes.

Take your sour out-of-order stomach—or maybe you call it Indigestion, Dyspepsia, Gastritis or Catarrh of Stomach; it doesn't matter—take your stomach trouble right with you to your pharmacist and ask him to open a 50 cent case of Papa's Diapepsin and let you eat one 22-grain Triangule and see if within five minutes there is left any trace of your former misery.

The correct name for your trouble is food fermentation—food souring; the digestive organs become weak, there is lack of gastric juice; your food is only half digested, and you become affected with loss of appetite, pressure and fullness after eating, vomiting, nausea, heartburn, griping in bowels, tenderness in the pit of stomach, bad taste in mouth, constipation, pain in limbs, sleeplessness, belching of gas, biliousness, things to stop food fermentation and sick headache, nervousness, dizziness or many other similar symptoms.

If your appetite is fickle and nothing tempts you, or you belch gas, or if you feel bloated after eating, or your food lies like a lump of lead on your stomach, you can make up your mind that at the bottom of all this there is but one cause—fermentation of undigested food.

Prove to yourself in five minutes that your stomach is as good as any that there is nothing really wrong. Stop this fermentation and begin eating what you want without fear of discomfort or misery.

Almost instant relief is waiting for you. It is merely a matter of how soon you take a little Diapepsin.

Holiday Hours Thursday.

Thursday, Nov. 24th being Thanksgiving Day, this office will observe usual Sunday hours. Carriers will make only one collection and one delivery during the day.

Postmaster.

COUNTY COMMISSIONERS

Continued From Page 1.

We inspected the County Jail and yard, and found the jail in not a very sanitary condition. The yard has a very clean appearance. We also find a prisoner that should be removed, so as to get better medical attention, the jail being so crowded, that it is impossible to give him the attention required. The Convict Camp is not used, and no report is made for some, the jail being used instead. In compliance with your request, we the undersigned members of the Grand Jury, inspected the County Home, and have the honor to submit to you the following report to-wit:

We found at the County Home thirteen inmates; there being one white male and one white female, two colored males, and nine colored females. The inmates were of clean and decent appearance, and in every respect seemed to be well cared for. The building is neat and clean, and in good sanitary condition. The grounds are well kept, and every thing speaks well for the efficiency and competence of the matron, Mrs. William. We would respectfully submit the following recommendations: That the county have a building put up and suitably fitted with two bath tubs, one for the use of the white, and one for the use of the colored inmates, respectively, such building to be supplied with a proper stove, to heat same. To have some fencing repaired that has been damaged by a runaway horse. That the county may see fit to buy a mowing machine to keep the yard mowed, which will not only add to the looks of the premises, but also further improve their sanitary condition.

Respectfully submitted,

J. W. STEWART,
ALFRED GASKINS

We have examined the Magistrate report of the county and find it correct, except W. R. Barrington, he has paid to the treasurer five dollars (\$5.00) more than his report shows, and J. S. Robinson, also reports two dollars (\$2.00) more than has been paid to the treasurer. We have also examined Nos. 1, 2, 5, 6, and 9 of the road reports, which was reported in good condition. We have examined the report made by an expert, of the different offices of the county, and find there has been overcharges made by some, and we respectfully recommend that the honorable court get this report from the County Commissioners, and investigate same that they may know the exact conditions as they appear. Seeing the need of such, and knowing the advantage in bloodhounds to a community, we ask that the Honorable Court order the County Commissioners to purchase three bloodhounds; two males, and one female one of them to be trained, if possible, when purchased, and the other two to be trained as soon as possible. We suggest that not more than two be at all times, so that if one or both are killed in pursuit of a criminal, or in any other way be killed, or die, the county will still have one left. We also recommend that, if, for any cause, any of them are killed, or die, that the county replace them at once. Also to the Vagrant Law: This city and county is infested with hundreds of people, both white and colored, that have no visible means of support, and will not work when it is offered them, knowing that idleness is the father of crime, in us earnestly ask the Honorable Court to have this law looked after. We further recommend that the office of County Treasurer should be abolished, in our opinion, it is a useless expense, and if it cannot be abolished at once, we recommend that the County Commissioners so reduce the fees for the County Treasurer, that the total should not exceed the sum of four hundred dollars per annum. We also recommend that a Recorders Court should be inaugurated for Craven county, believing that it would save the taxpayers many thousands of dollars in court cost, etc. In looking over the work of the County Commissioners, of Craven county, we feel that we would be lack in our duty to city and county, if we did not make some expression of our appreciation of the interest that they have shown in the management of the affairs of the county, and we beg leave of your honor to congratulate the county in having such men to manage the affairs in which they have done.

Respectfully submitted,

O. H. PERRY,
Foreman.

TWO SICKLY CHILDREN

Made Well by Vinol—Letters From Grateful Mothers.

New Haven, Conn.—"My little girl ever since her birth was frail and sickly and nothing seemed to do her any good, until we tried your cod liver and iron tonic, Vinol. As soon as she commenced to take it, I noticed an improvement in her health and appearance. She has now taken three bottles of Vinol and from the good it has done her I can say it will do all you claim for it in building up and strengthening frail and delicate children." (Name furnished on request.)

Another mother of Chicago, Ill., writes: "My little girl was thin, run-down, pale and without any appetite. Vinol gave her a good appetite,—she has rosy cheeks and has gained rapidly in flesh and strength.

"I cannot say too much in praise of Vinol for delicate, ailing children." We ask every mother of a frail, sickly or ailing child in this vicinity to try Vinol on our agreement to return their money if it does not do all we claim.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
