JACKIES TELL THEIR TROUBLES

Charged Many Times The Price of Everything While in The Ports of France.

New York, Nov. 20th.—Letters received here from the members of the American battleship fleet now anchored at Brest and Cherbourg, give details of the recent troubles the American Jackies have had at those ports on account of the rapacity and even thievery of French tradesmen and shop keepers. Not only have the American sailors been charged four and five times the ordinary price for everything, but spurious French money has been passed on them in quantities. Even the French newspapers have realized the folly of killing the goose that lays the golden egg and have urged that the robbery of Americans stop, else tourists will shun France.

It is conceded that the American sailors have conducted themselves with rare good behavior in the face of great provocation.

Disappointed at Goldsboro.

Quite a number of New Bern people went up to Goldsboro yesterday morning to witness the flight of the Blériot monoplane, which was scheduled to take place there yesterday, but they were disappointed. The machine and the Aviator failed to make the proper connection at Richmond and did not reach there until late yesterday afternoon and the proposed flight had to be postponed until today.

MAKE LIFE WORTH LIVING

Says Elder Cunningham. When pure healthy blood courses through every vein and artery of the body, the organs are in a healthy condition, and a strenuous life is a pleasure to man or woman.

But if the blood is impure and sluggish, the appetite poor, digestion weak, and vitality not up to the standard, life is a burden; then you need Vinol, our delicious cod liver and iron tonic, without oil. Such evidence as comes from Henry Cunningham, elder of the Baptist Church, Elberton, N. C., should be convincing. He says: "I was run-down and weak from general debility, and suffered from indigestion. I took Vinol with the most gratifying results. I gained in health and strength, and now feel generally well."

Elder Cunningham's recovery was due to the combined action of the medicinal elements of cod liver, added to the blood making and strength giving properties of their iron contained in Vinol.

Try a bottle of Vinol with the understanding that...

TAFT ASKS CUT IN ESTIMATES

Has Reference to Proposed Appropriations for Government Department.

Washington, Nov. 30.—President Taft yesterday informed his cabinet of his estimate of the final draft of the estimates of the various government departments for the fiscal year beginning July 1, 1910, that there must be a further and deeper cut in them; that they would not do in their present form.

In response to the urgent demands of the President the heads of the various departments had held their estimates down to what they considered rock bottom figures. The President today, however, pointed out a number of places where he declared the pruning knife could be used to advantage.

Representative Alexander, of New York, chairman of the House Committee on Rivers and Harbors, and General Bixby, chief of engineers of the army, participated in the conference. At its conclusion Mr. Alexander announced that the river and harbor bill to be reported to Congress at the coming session would carry approximately \$30,000,000 in appropriations and authorizations.

The Rivers and Harbors Committee will meet tomorrow to consider the subject of appropriations to be incorporated in the bill. Chairman Alexander's conference with the President resulted in a general understanding as to the character of a bill that will meet the approval of the President and at its first meeting tomorrow the committee will have before it the estimates of the War Department and the general plan of action to which the President is favorable. This is the first bill to be prepared under the plan for the annual river and harbor bill. It is expected that the bill will be much smaller than any of those of recent years. Estimates of appropriations needed for continuing contracts amount to about \$7,000,000, while the War Department has recommended further appropriations of about \$22,000,000.

MRS. BRINSON'S AFTERNOON TEA

Mrs. Samuel M. Brinson was hostess yesterday afternoon, at a beautiful tea at her home on Broad street given complimentary to her charming sister, Mrs. Richard Henderson, of Salisbury. Little Miss Mary Steele Brinson and Mattie Belle Moore, opened the door and the guests were cordially greeted in the hall by Mrs. E. N. Baker, seated in lavender silk.

Southern amaranth and pink roses were the decorations in the parlor where Mrs. Brinson, wearing a hand braided cloth gown, received her guests assisted by Mrs. Henderson in pink silk, Mrs. Thomas J. Mitchell in black and white silk and Mrs. Theo. J. Mitchell Jr. in a gray messaline gown. Mrs. James A. Mitchell, in a blue silk gown, led the way to the tea-room which presented a scene of beauty with its open log fire, many lighted candles and yellow chrysanthemums, wreathed by amaranth, banked everywhere. The tea table was presided over by Mrs. Luther Lewis, clad in gray messaline.

Mrs. J. H. Hook wearing green messaline and Mrs. Edward Hubop in white satin draped in black messaline, served to each guest the refreshing cup of tea. The dining room was beautifully decorated in pink and green and unaltered wax candles.

Mrs. David E. Davis, crowned in a handsome black silk veil with mauve quills and Mrs. Theo. Warren, in a becoming white lingerie frock, received the guests in the dining room, where delicious refreshments were served by Misses Julia Bryan Jones, Norma Guyton and Alice Ward, all wearing white messaline frocks.

At 8:30 o'clock a buffet luncheon was served the evening party by Mrs. Brinson.

Washington, Nov. 30.—Gustavo A. Madro, brother of the leader of the revolution in Mexico, who is here representing the interests of the insurrectionists, issues a statement declaring that only skirmishes have taken place thus far with government troops, that large bodies of volunteers are constantly augmenting the revolutionist forces in Chihuahua, Durango and neighboring states and that the revolt in Yucatan, Campeche and southern Mexico is even more serious than in the north.

"Nearly 9,000 prisoners were in the prisons in Mexico City," says the statement "and there have been recently many secret executions, several of them young army officers whose loyalty was under suspicion."

"General Diaz is reported in inside circles to be prostrated and has threatened to demiss Senor Cocio, the minister of war, because of the magnitude which the revolution has assumed."

Legislative Wheels are Turning.

Washington, Nov. 30.—By Sunday night practically the entire membership of the senate and the house will have reached Washington. Already the legislative wheels are beginning to turn. There were hearings yesterday on the legislative bill, which carries approximately \$32,000,000, and on the bill for the maintenance of the Indian service, which requires about \$7,000,000 a year. With the arrival of scores of representatives, some successful and some defeated for re-election, there arrived also considerable gossip and recitals of experiences.
