BROAD STREET NEW BERN, N. C.

To Farmers of Craven and Adjoining Counties.

This year is the farmers' own. We rejoice with you. A wise farmer seeks the best MARKET for his products. New Bern is paying more for farm products today than in any town in Eastern North Carolina and the New Bern STORES are overflowing with well selected and attractive goods that may be bought at very low prices. Now as a business proposition, if Cotton, Seed Cotton and other farm products are selling high in New Bern and the New Bern Stores are selling reliable goods cheaply, will it not pay the farmer to trade in New Bern?

A Cordial Welcome and a Square Deal Awaits You.

Under the Orator's Spell. Justice Brewer was once speaking of the oratory of John B. Gough. "I would go home after hearing his eloquence, thoroughly satisfied, but when my father or mother asked me what Gough had said I could not tell them for the life of us. I remember once at a Yale commencement along in the fifties, about the time that I was graduated there, an incident illustrating the force of personal magnetism. Gough was to deliver an oration. He spoke, of course, on temperance. There was a distinguished audience. On the stage were many of the venerable, notable men in New Haven of that day. A large space was clear about the table, for Gough liked to walk back and forth as he talked. He described how a drunkard had bent his wife and came to his climax with, 'Any man who would kick a woman ought to be kicked out of the universe!' "He emphasized his words with a vigorous thrust of one foot, wherewith every person on the stage, intensely wrought up by the orator, likewise kicked outward as did Gough."—Kansas City Journal.

When Tabby Raises Her Battle Cry. Despite the cat's softness, fairness, diffuseness and purring amiability, her piercing wavery in the night startles and exasperates us beyond all bearing—not by its loudness, but by a certain vicious, weird, half terrifying, half infuriating note in it that makes us spring to arms with the bootlegger or other substitute for the boomerang, as the warbling of our tribal enemies did a century or centuries ago, says Dr. Woods Hutchinson in Success Magazine.

Children Cry FOR FLETCHER'S CASTORIA. Pepsin. Pepsin is produced from the dried inner lining of the stomach of a healthy calf. Most Active Volcano. The most active volcano in the world is Mount Sangay, in Ecuador. It has been active continuously since 1728.

YOU MUST READ THIS IF YOU WANT THE BENEFIT. J. W. Greer, Greenwood, La. suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago."—Davis Pharmacy.

No Extension. "Is the wind due east or due west today?" asked an evasive creditor by way of changing the subject of his debt. "It's due now, and you'd better hustle to raise it," was the unflinching reply.

WANTS TO HELP SOME ONE. For thirty years J. F. Boyer, of Fertile, Mo., needed help and couldn't find it. That's why he wants to help some one now. Suffering so long himself he feels for all distress from backache, nervousness, loss of appetite, lassitude and kidney disorders. He shows that Electric Bitters works wonders for such troubles. "Five bottles," he writes, "wholly cured me and now I am well and hearty." It is also positively guaranteed for liver trouble, dyspepsia, blood disorders, female complaints and malaria. Try them, 50¢ at all Druggists.

An Expensive Present. Young Wife—Yes, father always gives expensive things when he makes presents. Husband—So I discovered when he gave you away. (And then he went into the library to write a check for the monthly military bill.)

A SIMPLE SAFEGUARD FOR MOTHERS. Mrs. D. Gilkeson, 326 Ingles Ave., Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Honey and Tar. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Honey and Tar in the house. Accept no substitutes."—Davis Pharmacy.

All About It. To appreciate fully this scrap of dialogue quoted from London Punch one should see the two odd characters engaged in it. Apparently they parted satisfied, one that he had imparted some real information, the other that he had received none. Said one man: "You recollect old Tom's name?" "In with the collar?" "Aye!" "What's that?" "It's 'at to go down'—jerk of the head—"you know: They give 'im wot you call 'em'—and art git it, I don't think!" "Beety!" "Aye? you 'eard, then?" "I did jess somethink, but no details, but afore now."

Pen, Chisel and Brush. Holman Hunt spent seven years on his great painting, "The Triumph of the Innocents," and then was not at all satisfied with it, while "The Shadow of Death" took him three years. Sir Moses Ezekiel has been unanimously chosen by the Confederate Memorial association to model the monument to the south's dead that is to be erected in the National cemetery at Arlington, just outside of Washington.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Trouble. A New Bern Citizen Shows How to Cure Them. Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to more serious ones. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. New Bern people testify to permanent cures. L. A. Smith, 13 Griffith Street, New Bern, N. C., says:

"Backache caused me a great deal of suffering and I had other distressing symptoms of kidney complaint. Doan's Kidney Pills, which I procured from the Bradham Drug Co., completely cured me. I have publicly endorsed this remedy before and I am now pleased to confirm my former statement. Our son, who had a weakness of the kidneys, also used Doan's Kidney Pills and was relieved."

Remember the name—Doan's—and take no other. How to Avoid Burning Sauces. A large marble bottled in sauces, mustard, milk, etc., will do the stirring as the liquid cooks. Any chance of burning will be prevented, and thus the trouble of constant stirring and the cook's time can be saved.

How to Clean a Furnace. A small piece of zinc placed on the hot bed of coals in a furnace will quickly remove all the soot.

Served as coffee, the new coffee substitute known to grocers everywhere as Dr. Shoop's Health Coffee will trick even a coffee expert. Not a grain of real coffee in it either. Pure healthful toasted grains, malt, nuts, etc., have been so cleverly blended as to give a wonderfully satisfying coffee taste and flavor. And it is "made in a minutes," too. No boiling 20 to 30 minutes boiling. —H. C. Armstrong.

Matter of Intelligence. Mrs. Suburba—John, did you call at the intelligence office today to inquire about a maid of all work? Suburba—Yes, my dear. Mrs. Suburba—Couldn't you find one? Suburba—Oh, yes; I found a dozen, but they were all too intelligent to come out to this place.—Chicago News.

Down on His Luck. "Oh, John," she exclaimed as she observed him getting into his overcoat, "I hope you're not going to be out again tonight!" "I hope not," he replied absentmindedly, "but it's quite likely. The cards have run very badly for me lately."

A Mere Beginner. Gaddie—Well, old man, Youngley's in your class now. Popley—How do you mean? Gaddie—He's a proud papa too. Popley—Huh! He's only an amateur. —Catholic Standard and Times.

The greatest danger from influenza is its resulting in pneumonia. This can be avoided by using Chamberlain's Cough Remedy, as it not only cures influenza, but counteracts any tendency of the disease towards pneumonia. Sold by all Druggists.

Saved by a Dream. "Hints conveyed by dreams are occasionally worth heeding," says the London Chronicle. "The late Lord Dufferin when in Paris dreamed that he was in a hearse on the way to the cemetery. A few days later, as he was about to enter the elevator of a certain hotel, he was startled to find that the attendant was a double of the driver of the hearse in his dream. He thereupon promptly left the elevator and walked upstairs. The car ascended without him, but as it neared the top something in the mechanism gave way, and the passengers met their death. Had they also, one wonders, been forewarned in a dream?"

Worse than an alarm of fire at night is the metallic cough of croup, bringing dread to the household. Careful mothers keep Foley's Honey and Tar in the house and give it at the first sign of danger. It contains no opiates. —Davis

Unfair. The Tailor—Married or single? The Customer—Married. Why? The Tailor—Then let me recommend my patent safety deposit pocket. It contains a most ingenious little contrivance that feels exactly like a live mouse. —Chicago News.

Tell Some Sick One It Is Free If It Fails. Will you do an act of humanity? Will you tell some sick friend of this, my remarkable offer? Tell him or her, that you have learned of a medicine so certain that its maker dares say to the sick, "It is absolutely and unconditionally free if it fails." And you, no doubt, already know of Dr. Shoop's Restorative and its popularity. For 30 years it has been the standard remedy for Bronchitis, Kidney and Heart ailments everywhere in America. When the "inside" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought these nerves and organs back to health again. I do not dose the stomach, nor stimulate the heart or kidneys—for that is all wrong. Dr. Shoop's Restorative goes direct to the source of these ailments—the falling, falling, inside or controlling nerves. And herein lies the keynote to my success. When these nerves are again made well and strong, then that is the certain, sure of all such sicknesses. To me it is a great satisfaction that I am the only physician able to say to the suffering sick, "Take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—yours." Then why should the sick take any chance on any other medicine, when the money does not back it just as I do by this remarkable offer? I also have a Rheumatic Remedy—and that remedy is covered by the same identical "no back" promise.

England's Newspaper Tax. On June 15, 1850, England's news paper stamp duty was abolished, and the reign of the cheap daily began. This "tax on knowledge" was first imposed in 1712 and was made most severe by the act of 1820, which fixed it at 8 cents a sheet, with 87 cents duty on each advertisement. The "Wigs" reduced the duty to a penny in 1850, but when the Crimean war broke out and every one wanted the news even a penny duty was found to be intolerable. Its repeal is called the Magna Charta of the British press.
