

WHAT WOULD YOU DO?

YOUR income is the only support of your family. What would you do, if it should be stopped by sickness or some other trouble? Well, you are reasonably sure that it will stop some time. Did you ever think what you would do then? Why not begin preparation for the day when the income may stop by saving just a little from what you have now?

A savings account at this bank will pay you 4 per cent interest, compounded semi annually.

Unique Contest Between Man, Horse, Mule and Auto. The Auto Trilled Field.

Jackson, Fla., Dec. 27—A contest unique in sporting events was decided at Monticello park yesterday when the management provided as an added holiday attraction, a special handicap novelty race, in which was tested the speed and endurance of an athlete foot runner, a thoroughbred racehorse, a mule and an automobile.

The winner was returned in Marie Hyde, the racehorse, favorite in the betting at two to five, who, under the handicap conditions, was required to cover six furlongs. Eight lengths back came the mule, which started 41 1/2 furlongs from the wire, while the runner, who had 650 yards to negotiate, finished third.

The automobile, which was asked to travel 1 1/8 miles, after a running start of one-sixteenth of a mile, was a distant trailer, probably due to the slow track.

Ideal racing weather and a program of six good races besides the novelty event brought out the large attendance ever seen at the local course, the grand stand and field enclosure being filled to their capacity.

Twenty-seven books handled a heavy play and kept most of the money, only one favorite winning.

Prominent Greensboro Man Tells of Savodine.

T. F. Causey, a Greensboro merchant doing business at 713 E. Market street, says: "I have been a great sufferer from neuritis for several years, as every one in my locality knows. SAVODINE is the only thing I have ever found that would give me relief. I can't say enough for it."

T. F. CAUSEY.

One of North Carolina's Great Industries.

While in attendance at Greensboro, N. C. a few days since, on the State Farmer's Union, it was our privilege to look at the progress our state is making at the State Normal and Industrial College. Those worthy daughters of our State are receiving there a training that is sure to be a great uplift in the years to come.

Divided into groups of 20 or 30 under the guidance of one of the faculty, we old farmers were shown through the rooms of the college and its workings and progress explained to us. It was most interesting and profitable hour to us as we looked in the great work being done.

Getting ready for the business world, the literary world and the greatest of all places for our girls the home world, we learned from the leader in the department of domestic economy, that the girls are testing their ability to prepare the best meal for the least outlay of expense. Surely this is a great step in the direction of home making.

While looking on the great progress our State is making in the preparation of our girls for future usefulness and while looking at those six hundred girls in the great auditorium of the college my mind went forward to the time when the great majority of those girls now in training would be filling places of honor and trust in this and other states.

In the business world, in the social world, in the teachers forum, but greater than any and all of these combined, is the place woman occupies in the home. All other institutions of our State and nation are dependent upon the proper home culture for their success for no state rises above the home that constitutes that State. And when we realize the fact that woman is the home maker, and without her training and training influence our home can never become what they should be. We cannot emphasize the fact with too great force, when we say this is the greatest work our State has ever attempted. The generations yet unborn will rise up in praise of these noble institutions that are turning out the home makers and home keepers of our land.

As these 600 girls sing "The Old North State" for us, we old farmers rejoice that heaven's blessing would surely be upon those who are laboring to improve our dear old North State.

NINE "BLIND TIGERS" RAIDED BY THE POLICE

Much Material Evidence Was Found in Each of the Places That Were Raided. The Proprietors of the Establishments Were Caught Napping, Each One Was Placed Under a Bond of \$150.

The Majority of Them Have Been In The Tolls Before For Conducting Similar Establishments. The Preliminary Hearing Will Be Held This Afternoon at Two O'clock.

Assisted by all of the officers on the police force and also by Sheriff Biddle and his deputy, Chief of Police Hargett yesterday morning raided nine of the near beer stands in this city and secured a large quantity of whiskey and beer of almost every known brand.

Some months ago a similar raid was made and a number of the offenders were hauled into court. For some unknown reason, although they had material evidence in abundance, the jurists who tried the cases failed to convict the offenders. Becoming assured of the fact that they would not again be molested by the police after they had made a failure in the other cases, the proprietors made "no bones" about letting it be known that they had the "real thing" for sale and it was known all over the section of the State that New Bern was a "wide open" town. During the past few weeks a number of the most influential citizens of the city have been discussing the advisability of making another raid, and Monday they completed their plans.

The officers were all informed of the fact that a raid was to be made yesterday morning and warned to keep it a secret until after it was all over. The proprietors of the establishments were all unaware of the impending danger that was about to befall them and when the officers made their appearance and demanded that they be allowed to search the places there were much consternation.

The establishment of Lon Bell, an old offender, was the first place visited. In this number of bottles of whiskey and beer were found. The establishments of Henry Connor, Will Stallings, Gerry Hawk, Ben Grinson, Baker Bryan, Tom Howard, Samuel Simpson and Jake Moore were also paid a visit by the searching party. In all of these places either beer or whiskey, and in some cases both were found. The proprietors were at once placed under arrest and carried to the city hall where they were required to give bonds of \$150 each for their appearance this afternoon at 2 o'clock.

This time it is hoped there will be no hitch in the law and that the offenders will receive the full penalty.

Another "Tiger" in the Tolls.

While on his beat at Five Points Monday afternoon and while passing the store conducted by Moss Neill, colored officer Fred Rowe saw Neill hand another negro a bottle of whiskey and in return receive an amount of money. Before either the purchaser or the proprietor of the place could take the money or the bottle from the counter the officer had rushed in and seized both. Neill offered some resistance at first but later cooled off and came to the city hall without giving any other trouble.

Yesterday afternoon he was given a hearing before Mayor McCarthy and probable cause being found he was bound over to the next term of Superior Court under a bond of \$250.

"You Ought to See Me Now," he Phoned His Girl

New York, Dec. 27—After being a 30 cent cigarette into his hand, John Rice propped himself on his elbow on the floor and, calling for the telephone receiver, calmly resumed a conversation he had been holding with a young woman at the other end of the line.

"You should see me now," he said. "I'm at a party."

This little phone talk took place in the Chatham street office, where Rice was sitting with several friends, when he made his phony act and went to the telephone.

"I don't see you," he laughed, when the girl who answered, and then Rice hung up the receiver, saying "I'm at a party."

With that he phoned a neighbor and ...

WORLD'S RECORD FOR ARCH HUXSEY

During Aviator Soared 11,474 Feet in the Sky During a Gale.

Aviation Field, Los Angeles, Cal., Dec. 27—Seventy-five thousand people saw Arch Huxsey, of the Wright team of aviators break the world's record for altitude here yesterday. He soared more than two miles up into the sky, his barograph registering 11,474 feet, or about a thousand feet above the altitude of 10,498 feet recently attained by LeGagneux, at Pau, France.

Good Trade in all Lines.

The Christmas holiday trade which came to an end Saturday night was in many respects most gratifying to the merchants of New Bern and on the whole they are well pleased with the volume of business transacted in the past few weeks.

One of the most noteworthy and pleasing features connected with the holiday trade this season was that it began to do their Christmas shopping more steady and gradual up to the end, thus eliminating in a large measure that final rush in the last few days before Christmas so dreaded by employers and employees alike, and distasteful also to the vast majority of customers. This year the people began to do their Christmas shopping during the last part of November and continued to shop in a steady, day-after-day way that resulted in supplying most of the needs of the public before the coming of the last few days, giving more satisfaction all around. This is one result of the advice along this line given by the Journal and other newspapers of the country and the experiment has brought universal satisfaction. Next year it is safe to say that the same conservative method of doing the Christmas shopping will be followed.

Auto Ride Fatal

Wilmington, Dec. 27—While on her way across the street to show a playmate a horn gotten from a Christmas tree, Adell Rowan, the 4-year-old daughter of Mr. and Mrs. Newton Rowan, was instantly killed in front of her home at Delgado, a suburb, shortly after 6 o'clock yesterday afternoon by being struck by an automobile owned and driven by N. B. Rankin, a banker of this city, who was returning with his wife and daughter and a friend from Wrightsville Sound. The front wheel of the automobile struck the child in the back of the head, splitting it in twain, parts of the brain being scattered here and there for some distance.

Bonded Against Copied

Spokane, Dec. 27—When Miss Margaret Perkins went to work as telephone operator in a local hotel yesterday the management required her to give a \$500 bond not to marry within 6 months. The articles are prominent business men. The reason is that a half dozen telephone operators have married within so many months.

"I am not engaged, nor do I expect to enter into an engagement during the coming six months," said Miss Perkins, a sunny brunette. "Of course I have received a proposal or two, but I am not ready to settle down for life. The two young women working on the other night best shifts will also be required to give bonds. I am informed."
