

THAT HOME MADE BANK

A FEW people still cling to the practice of having some secret hiding place for their money. How long will it take to learn that the skillful thief is just as sharp about finding money as the owner can possibly be in hiding it. The best and safest plan is to deposit all of your money with this bank where it will be protected by every modern banking safeguard. When you wish to use some money either draw your own personal check or call at the bank with your pass-book.

YOUR PATRONAGE IS CORDIALLY INVITED.

COAL FACTS.

In looks all coal is alike—black, rough sparkling. But there the likeness ends. For some coal burns unevenly, throws off little heat and makes much dirt. Our coal has proven best by test. It burns with a hot, steady flame to a white ash and is most economical. We solicit your patronage on quality alone.

NO PREVENTION EMPLOYED

No Guard Against Forest Fires. Foreign Countries Insure Forests.

Washington Dec. 31.—Forest fires, their destructiveness, cause and prevention are discussed at length in the annual report of Henry S. Graves, Chief Forester, just made public. He says the most important consideration is protection from fire.

"In a forest fully organized with adequate means of transportation and communication and a sufficient force of rangers and guards the risk from fire is very small," he says "In foreign countries in which forests are so organized the risk is so small that the forests are insurable at a moderate rate."

Mr. Graves says that 84 per cent. of the fires during 1909 were due to the "lack of preventive care on the part of the users of the forests and of the railroads traversing them." He suggests that the locomotives either use sufficient spark arresters or burn oil. Four per cent of the fires were from incendiaries and 12 per cent from lightning. The approximate total stand of timber in national forests, exclusive of Alaska, is 530,000,000,000 feet. About 62 per cent. is in the three Pacific Coast States, 21 per cent. in Idaho and Montana and 12 per cent. in Arizona, Colorado and New Mexico. The timber sold was valued at \$1,460,992.

Prominent Greensboro Man Tells of Savodine.

T. F. Causey, a Greensboro merchant doing business at 713 E. Market street, says: "I have been a great sufferer from neurgia for several years, as every one in my locality knows. SAVODINE is the only thing I have ever found that would give me relief. I can't say enough for it."

T. F. CAUSEY.

Hugged His Wife too Hard.

Kansas City, Dec. 31.—Jay Barr Jordan, a telegraph operator, was fined \$200 for hugging his wife so hard as to break two of her ribs. He was arrested on her complaint to a policeman. "We have been married just a month," Jordan told the Court. "A fortnight ago I tried to kiss my wife. I grasped her firmly to give her one good kiss. She tried to squirm away, and in the squirming cracked two ribs. "A week ago she heard a girl say I was a nice-looking young man. That was the beginning of our quarrels. Now she claims that I broke her ribs on purpose."

KILL MORE THAN WILD BEASTS.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. They're the only chills, fever and ague, all malaria and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back if not satisfied. Only 50c at all Druggists.

"The Young Tuskegee."

The New Bern Collegiate Institute has purchased a farm near the City of New Bern, N. C. and will begin at once to raise poultry, hogs, cattle and vegetables for the local market. Prof. W. B. Hayes, the gentleman whom Dr. Booker T. Washington has sent as head of the Agricultural Department, has arrived and is now arranging to begin the farm. Dr. Booker T. Washington will furnish seeds for the first planting from his institution. We shall be very glad of any farming implement, bedstead, chickens, or anything any person will give toward helping to furnish the house on the farm or toward getting any of the departments started. The man who will take charge of the brick-making will arrive in a few days. Let every citizen do something. Come to the mass-meeting Jan. 23. Prof. W. W. HAYES, Agricultural Director.

REV. A. E. E. WEEKS, Principal.

A New York Actress Writes for a Tube of Savodine.

To the Savodine Company: Corner Broad and Fleet streets, New Bern, N. C. Dear Sirs:—Enclosed please find 25c in stamps for one tube of your "Savodine." This has proven splendid for colds, etc., but I have been unable to find it in this city. If you have an establishment here kindly send me the address and oblige.

MISS ELINOR POSTER, 820 West 58th St., New York, N. Y.

Miss Poster has appeared in this city as various times with the H. B. Mowbray Stock Company and it will be remembered that she has a voice of unusual

TO OBSERVE EARTHQUAKES

Plans Devised to Install Ten or Twenty Seismographs.

Washington, Dec. 31.—A plan for a comprehensive system of earthquake observation at weather stations through the installation of seismographs at from 10 to 20 stations, has been urged on congress by Chief Willis L. Moore, of the weather bureau. There is already such an instrument at the bureau office at Washington and from another source, backed by scientific bodies, a movement has sprung up for the creation of a seismographic bureau at a cost of about \$200,000, together with a proposal for a seismographic laboratory at the Smithsonian institution.

Professor Moore had advised the house committee on agriculture that if congress will authorize the placing of these instruments in San Francisco and others of his stations, the government need seismographic data can just as well be met by the weather observers with almost no expense as against the inauguration of an elaborate separate seismographical bureau at great expense. He says it would not cost the weather station over \$500 per instrument, the building and observers being already under employ. Professor Moore contends that every constructing engineer wants to know from what direction quake waves come, so that he can make his buildings earthquake proof.

A Card of Thanks.

I take this method to thank my customers for the liberal patronage they have honored me with for the past year. I trust by strict attention to business to merit a continuance of the same.

Yours to please,
J. B. WATSON,
Fish and Oyster King, phone 142.

Happy New Year to all.

Is the Journal's first greeting to all New Bern, and its many friends outside.

1911 was received rather quietly here last night. A few were at watch services, a few bells, fewer whistles, some fire works, and Happy New Year to those few going home.

ENDS WINTER'S TROUBLES.

To many winter is a season of trouble. The frost bites nose and fingers, chapped hands and feet, chills, colds, coughs, and sore throats. There is but one remedy for all these troubles—Dr. Williams' Pink Pills. A trial convinces. Each box contains a full course of treatment. Price, 25c. Sold by all druggists.

PEOPLE URGE PARCEL POST

Report Recommends Improved Rural Mail System. Will Increase Mail Service.

Washington, Dec. 31.—In the annual report of Fourth Assistant Postmaster General DeGraw, made public Thursday are several recommendations designed to improve the rural free delivery service. He describes in detail the delivery of mail in the rural districts throughout the country and makes an urgent plea for the establishment of a parcel-delivery system along the line of rural routes. Many farmers, he says, are demanding such a system and its establishment will mean additional revenue to the government amounting to millions of dollars.

The total mileage of rural routes in operation on June 30, last, was 983,586; the mileage per route averaging 24.17. The average number of miles traveled daily by rural carriers was 986,993. The average cost or the service per mile of route was \$35.96 per annum.

Mr. DeGraw suggests that legislation be enacted that will extend to rural carriers and other employees of the postal service the existing laws which authorize the postmaster general to pay the sum of \$2,000 "to the legal representatives of a railway postal clerk or sub-railway mail clerk who shall be killed while on duty, or who, being injured while on duty, shall die within one year thereafter, as the result of such injury" and also will authorize the payment to such employe, while suffering from injuries so received, of his salary for a period of one year. He further recommends that congress enact legislation at the coming session which will make provision for the retirement of superannuated employes.

PILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

"The Comfort" Party Returns.

The houseboat "Comfort" which left here last Monday with a party of young men under the guidance of Mr. Wm. B. Blades returned Saturday, having enjoyed a royal good time. The trip was made down to the Sounds where a good bunch of ducks were secured and also a fine string of fish. In the party were: Cutler Watkins, of Greensboro; Harold Forman, Elizabeth City; Allen, Ives, John H. Jones, James Warren and Will Blades, Jr., of New Bern.

Rheumatism Relieved in Six Hours

Dr. Detchon's relief for Rheumatism usually relieves severest cases in a few hours. Its action upon the system is remarkable and effective. It removes at once the cause and the disease quickly disappears. First dose greatly benefits. 75c and \$1.00. Sold by Bradham Drug Co.

Negro Found Dead.

A physician was called to a sick negro at J. H. Guy's boarding house on Wednesday night, and after ministering to the patient, the doctor was requested by the proprietor to see a sick boy in the house. The boy was lying on the floor, on his stomach, and Guy, calling to him to get up and let the doctor see him, gently pushed the boy with his foot. Not getting any response they took it for granted the boy was asleep and left him. Before the physician had hardly gotten out of the house it was discovered that the boy was dead, and probably was when they were trying to arouse him. His name was Robert Edwards, and he came to Guy's boarding house after the burning of the Rutledge mill, where he worked. No one knew anything further about him, as he was a stranger in these parts.—Kinston Free Press.

PILES! PILES! PILES!

Williams' Indian Pile Ointment is prepared for Piles and Itching of the private parts. Sold by druggists, mail 50c and \$1.00. Williams' M'fg. Co., Props., Cleveland, O.

Babies Go in 2020.

St. Louis, Mo. 31st.—There will be no children in the United States under five years of age in the year 2020. Babies accordingly, will have disappeared from this country as early as 2015. This is the mathematical conclusion of Prof. Walter F. Willcox, of Cornell University, announced to the American Statistical Association at its concluding session this afternoon. The only hope of saving babies in the United States after 2020, according to Prof. Willcox's calculations, is the introduction of a law which would require that every child born in the United States should be vaccinated against smallpox.

The Peoples Bank
NEW BERN, N. C.

4% PAID ON SAVINGS

HAPPINESS AT CHRISTMAS TIME

often depends, in a large measure, upon the degree in which friends manifest towards each other their regard, wishes of welfare and good will. The custom of giving bank books as tokens of remembrance at this season is a most desirable one because it evidences that you have given careful thought to the selection of the gift. You can open accounts in this bank with \$1.00 or as much more as you wish to give. The bank books will be issued in the names you designate, (enclosed in special holiday envelopes) and mailed with your card so they will reach the persons for whom they are intended Christmas mornin.

4 Per Cent Interest on Savings.
