AN EPIDEMIC OF SMALLPOX

At Durham, More Than one Hundred Cases in The City. No Deaths.

Durham, Jan. 10.—Smallpox epidemic in two counties, Durham and Granville threaten to interrupt communication between the two and quarantine notices have been sent out.

One hundred and fifty cases in the city of Durham, and more than that number in Granville have caused the medical authorities to resort to compulsory vaccination. It is being resisted by many people. The entrance into the schools of the city has been made dependent upon successful vaccination. There are many white cases.

A case recently discovered in the city market caused quarantine of the market man. He had declined to be vaccinated and both the father and the son contracted the disease. There have up to date been no deaths.

The State board of health, backed by individual counties, will ask the general assembly for abolition of the quarantine laws thus making vaccination compulsory everywhere.

The mildness of the attack has militated against an easy handling of the situation. Many have contracted the disease, passed through it in all stages and been cured by nature before discovering that they have it.

BLACK HANDERS THROW BOMB

Demand For \$4,000 Ignored—Attempt to Wreck Store.

Chicago, Jan. 10.—Within two hours after the expiration of the time set for Paul Figaro to deposit \$4,000 in the mail box at Chicago avenue and Larabee street to satisfy the demands of Black Handers a bomb was exploded in the basement of his dry goods store, partly wrecking the store and building and throwing the residents of the North Side Italian into a state of panic.

It was the second bomb aimed by the members of the Black Hand at Figaro. Five months ago he refused to accede to demands made on him and 24 hours after the last warning was given a bomb was set off in the same spot where the last explosion caused such damage.

"I am thought by some people to be rich," but I am a poor man and did not have the money. Five months ago the same man made a demand for \$3,000 and said they would blow up my place and kill my family if I refused. I did not have the money then and I haven't the money now."

HOUSE ENGAGES IN WORDY FRAY

Speaker Cannot Reverse Precedent Established Last March.

Washington, January 10th.—After a wordy battle on the floor of the house, Speaker Cannon yesterday reversed the precedent established by the Norris resolution of last March, that the house as a question of constitutional privilege can at any time consider or amend its own rules.

"Mr. Cannon declared that the contest last March was a matter of personal action against himself as a member of the rule committee.

"To cure an alleged wrong being done by the speaker and the committee on rules," Mr. Cannon said, "this resolution was carried on, fostered by a press, both periodical and daily, that knew nothing of the rules.

"Under this great parliamentary reform," he shouted, swinging his gavel, "there is no way to amend the rules, except by a resolution. It must be done on the floor."

The fight resulted from a split in regular ranks over the construction placed upon the insurgent "motion to discharge committee" rule.

Representative Fuller (Republican) of Illinois, introduced a resolution amending the rule to prevent the "motion to discharge" calendar taking precedence over "suspension of the rules."

Mr. Mann (Republican), of Illinois, made a point of order against Mr. Fuller. In an impassioned address, Mr. Fuller attacked Mr. Mann. He declared that Mr. Mann had by placing 107 bills on the "motion to discharge" calendar, and cut off absolutely all chance for a "suspension of the rules" at this session.

Other regulars joined in the battle. Regular Democrats lined up with the opposition to the insurgent rules. Underwood (Democrat) of Alabama, and Fitzgerald (Democrat), of New York, declaring the Norris resolution was the result of a fight in a special case.

When put to a vote by an appeal by Mr. Gaines (Republican) of West Virginia, from the decision the speaker was sustained.

Uncle Sam and Canada Dealings.

Washington, January 10—The second session of the conferences looking to tariff reciprocity between the United States and Canada was held this afternoon at 3 o'clock. Ministers Fielding and Patterson, of the Canadian cabinet, and Attorneys Pepper and Andersen, of the State department, attended. Secretary of State Knox was present during part of the meeting.

The negotiators maintained the silence which they have preserved since the first conference on Saturday. It is now believed possible the conferences may be brought to an end by the State dinner on Wednesday evening at the White House for which President Taft has issued invitations.
