## RAILROAD LEGISLATISM TO

WARDS CONSERVATION.

It is the occasional instead of the regular thing to exercise what may be termed "baiting" the railroads in state legislatures. In years past the meeting of a state legislature was of grave concern to the railroad people. Many a legis lator has introduced bills for railroad annoyance, in order to "get even" for some fancied grievance. and his fellow members seldom interferred, while the public considered it a good joke. No wonder that the railroad people had to take a hand in the legislatures, through a lobby or through members that could be gained, to attack all legislative matters that would injure their roads.

While there is still legistation inimical to railroad interests intro. duced, the tendency at this time is favorable for the railroads in the main, and this is due no doubt to the fact that railroads show more desire to serve the public. Bailroads cannot succeed, with muri cipal or county hostility opposing them. Communities cannot de velop and grow into great commonwealths by opposition to railroads. The great, progressive cities work hand in hand with the transportation companies, each watching and on the guard for the other's interests. To "cripple" a transportation company works injury to a community, while liberality towards transportation companies helps a community. The necessity for co-operation, the knowledge that each, community and railroad, is mutually dependent upon tellect.

Now for the first time you get a complete set of all Mark Twain's writings at just exactly one-half the price they have ever been sold before. This is a new edition, just as complete as the old one, which still sells, by the way, at \$50.00. This new edition is only \$25.00-for the 25 volumes.

It had been Mark Twain's ambition to have his books in every American home, and he made a great personal sacrifice to bring about this remarkable opportunity-for the first time In the history of publishing, copyrighted books are sold at the price of non-copyrighted books-the chance will not come again.

But for Mark-Twain's action this would have been impossible. Never before has a copyrighted library set of a standard author's works been issued at such a low figure.

## His Complete Works-25 Beautiful Volumes

Franklin Square New York City Brander Matthews says : "Mark Twain will be included in that group of writers headed by Molière and Cervantes. With the exception of Count Tolstoi, Twain was the greatest of recent modern writers, and will be handed down to posterity Please send me for ex through the trio of his works 'Huckleberry Finn,' 'Tom Sawyer,' and 'Pudd'nhead Wilson.' Twain is a greater stylist than Stevenson or amination, carriage free a set of MARK TWAIN'S Thoreau, and his 'Man that Corrupted Hadleyburg' is one of the finest works in English literature." Mark Twain himself wrote a preface WORKS, Author's National Edition, twenty-five volto this edition. Brander Matthews has written the biographical umes, cloth binding. It is under stood 1 may retain the set for five days, criticism of Mark Twain and his work. There are portraits of and at the expiration of that time, if I do the author at periods when the different books were in procnot care for the books, I will return them at your expense.
