THE AMUSEMENT PATRONAGE OF NEW BERN.

The coming of Creator to this city this week, together with one or two excellent entertainments previously given this season, and added to these the splendid course furnished by the graded school...

New Bern has always been noted for its demand for amusements, and these of a high order. That for several years past in this city the class of amusement furnished has been inferior, with loud bill board announcements, with the result that patrons of entertainments were deceived, was no fault of the people, and led to theatre failure, as it deserved.

Moving pictures shows followed, and while liberally patronized, generally beyond their merits, the local public had to accept these or nothing. Thanks to the two gentlemen who at the first of the present season inaugurated a different course of amusement or entertainment, New Bern is getting back into its old form, and is feeling that life is worth living here with the return of clean, healthy and first class amusements.

New Bern amusement patrons have never balked at prices asked for meritorious shows or entertainments. Make it first class, with all that the name implies, and crowded houses were the result. The same has been the result at the good entertainments this season, it will be the same in the future, and it is to be hoped that henceforth the people of this city will have only first class amusement presented them to enjoy.

It is not for the hour, that an entertainment serves, if it has genuine merit. Its exhilaration is beneficial for days, and its educational effect, for any really good entertainment educates one way or another, perhaps more in inspiring and cultivating the senses for what is clean and wholesome. With such a class of entertainments, first class in every particular, the patronage will be liberal, and best of all their will be developed a moral uplift to the community.

Fred D. Smith, addressing Chicago business men, expressed fear of a high school scandal from coast to coast.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure.

ACT QUICKLY

Delay Has Been Dangerous in New Bern.

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger. Doan's Kidney Pills act quickly. Cure all distressing, dangerous kidney ills. Plenty of evidence to prove this. Mrs. C. Pennington, 27 E. Front St., New Bern, N. C., says: "I suffered intensely from backache and sharp, shooting pains across my loins. Often I was so lame that I could hardly straighten after stooping. I knew that my kidneys were disordered, for their operations looked very unnatural. I used just one box of Doan's Kidney Pills that I got from Bradham Drug Co., and this was sufficient to dispose of my aches and pains. Doan's Kidney Pills have been of greater benefit to me than any other kidney medicine I have ever taken." (Statement given January 24, 1906).

RE-ENDORSEMENT.

Mrs. Pennington was interviewed on November 23, 1910 and she said: "I can still recommend Doan's Kidney Pills, for they gave me permanent relief. You may continue to publish my former endorsement of this remedy."

Charles E. Erbstein, a Chicago lawyer charged with bribing a juror in the trial of Leo O'Neal Browne an Illinois legislator, was acquitted by the jury.

In sickness if a certain hidden nerve goes wrong, then the organ that this nerve controls will also surely fail. It may be a stomach nerve, or it may have given strength and support to the heart or kidneys. It was Dr. Shoop that first pointed to this vital truth. Dr. Shoop's Restorative was not made to do the stomach nor to temporarily stimulate the heart or kidneys. That old-fashioned method is all wrong. Dr. Shoop's Restorative goes directly to these failing inside nerves. The remarkable success of this prescription demonstrates the wisdom of treating the actual cause of these failing organs. And it is indeed easy to prove. A simple five or ten days test will surely tell. Try it once, and see! Sold by Bradham Drug Co.

Startling stories of fraud and intimidation by republicans in Atlantic City were told before the legislative investigating committee at that place.

KILL MORE THAN WILD BEASTS.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back if not satisfied. Only 50c at all Druggists.

From Rev. H. A. Stupvold, Allison, Ia., in praise of Dr. King's New Life Pills. "They're such a health necessity. In every home these pills should be. If other kinds you've tried in vain, USE DR. KING'S And he will again. Only 25c at all druggists."

The Plague and the Ten Plots. Besmondrey's association with the burning industry was originally due partly to his fine oak woods and partly to the fact that the London slaughter-houses were to a large extent situated in Southwark, on the unfashionable side of the river. For a brief period, however, it enjoyed a certain fame as a health resort. That was, as Sir Henry Trueman Wood reminds us in "In-Straw" England in the Eighteenth Century" when "fierce-stricken crevices and from the ravages of the great plague in the city of London to the Besmondrey ten plots to find strong medicinal virtues in the nauseous smell."

Threatening feverishness with children is quickly and safely calmed by Peppermint. These Little Candy Cold-Cure Tablets should always be at hand - no precaution is so important. From a child's mouth no quinine, no bark or sassafras. They are indeed "the starch in life." Carried in pocket or purse. Prevents a genuine safeguard against colds. 25c. Sold by Bradham Drug Co.

DOWN THE BACK OF HIS HEAD

A Parting of the Hair From Which We've Partly Parted.

What has become of our well known fellow townsmen that used to brush his hair two ways from a line extending from crown to collar and bring the comb over his ears? He was a leading citizen. He sat in the nest pew in front at church and always attended the shows. He worked in a bank in St. Louis and was made on one of the Mississippi river steamboats. He was a floorwalker in a New York dry goods store and kept a saloon just off the main street. Usually he wore a cluster of diamonds with a little chain attached in his shirt front. He was a conductor on the dry express, a Mason and an Odd Fellow. He practiced medicine and worked in the boot and shoe store. He had been to California and played cards for months.

Well, he's still in town, although greatly changed. It was all the barber's fault. When he was in his prime and known to everybody the barber used to trim hair. Later he began to cut it. It wasn't long before our well known fellow citizen was aliped by the shears, his locks curled on the collar pinned around his neck and rolled to the floor, and there wasn't anything to part. When the barber's ruthless shears cut their way to the very scalp they killed a famous pomade customer, for the man that parted his hair behind always stood (or sat) for the things in the bottles which cost 10 cents extra. - St. Louis Post-Dispatch.

ESCAPED WITH HIS LIFE. "Twenty-one years ago I faced a awful death," writes, H. B. Martin Port Harrelen, S. C. I tried everything, I could hear of, for my cough, and was under the treatment of the best doctor in Georgetown, S. C. for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery, I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positively guaranteed for coughs, colds and all bronchial affections, 50c & \$1.00 Trial bottle free at all druggists.
