

A SAVINGS ACCOUNT

It is well known that a person in poor physical condition is more subject to attacks of disease than a person who is strong. It is just as true that a person who is in poor circumstances financially, is more liable to misfortune than one who is protected by some ready money in the bank. A savings account is the best means of strengthening yourself financially. Open an account at once. This bank accepts deposits of one dollar or more and interest is paid at the rate of 4 per cent per annum.

REBELS WILL SHELL JUAREZ

Foreigners Notified to Leave, Cannon on House-tops.

El Paso, Texas, Feb. 4.—Ciudad Juarez is practically depopulated today, everyone who could have fled to this side of the Rio Grande. The postoffice and banks there have been closed and all of the records and money have been brought to this city for safekeeping.

There has been considerable fighting beyond the town between the rebels and the Federal troops, and the latter are slowly falling back before the assaults of their foes. The casualties to date are not believed to be heavy, although details are not now available.

House-tops in Juarez have been fortified and cannon have been mounted on the roofs of the public buildings. The Federal commander promised a stubborn resistance when the assault on the city, should begin.

The rebel army under command of General Orozco, is advancing in force and outnumbering the garrison of Juarez. Orozco complied with all of the demands of modern warfare by notifying the foreign consuls that he would shell the city at the designated hour, and giving them sufficient time to get their people out of the city.

That the Federal troops hardly expect to retain the city is shown by the action of the police in blowing up the Government powderhouse on the Mesa in order to prevent it falling into the hands of the rebels.

Orozco's brother is in the Juarez jail, held on a charge of treason. The rebel commander sent word to the officials that if his brother is harmed he will make reprisals on the Mayor and city officials when he captures the city.

Abraham Gonzales, Provisional Governor of Chihuahua, who is here, said that the city would be taken by assault if it does not surrender. Then the provisional government will be established there, and the affairs of the rebels conducted from that point. The rebels control the railway and telegraph lines to the south and all communication is interrupted.

Help The Boys Along.

Although a number of local "fans" have given liberally to the fund which is being raised by the High School Baseball Team for the erection of a fence around the ball park in the western part of the city, the amount so far secured is still inadequate. The local boys have one of the strongest teams in this section of the State and are confident of winning much success for the school this season if they can get the park in shape by the opening of the baseball season. Any assistance given them will be greatly appreciated.

The Greatest Calamity Ever Happened in New Bern.

Colonel A. A. Monsh walking down Middle street in his long tail coat, five women got weak in their knees and fainted, six men went stark blind, seven men butted their heads against the telegraph poles rubber necking, at his long tail coat. They were all hurried to the hospitals, Herbert K. Land and Johnny Parker and Eugene Hawkins helped pick them up and they said "I'm sorry that your long coat, tail has caused so much trouble" and all that were hurt the last thing they said, "For Heavens Sake give us ZIPPO that is the only thing that will help us." Sold by McCullough Co., 45 E. Hunter St., Atlanta, Ga.

Disagreeable to the Traveling Public.

One thing that the traveling public is dubious impressed with is the large number of raggled loafers that congregate around the depot upon the arrival of the passenger trains. There is nothing more disagreeable to a well bred lady or gentleman than to be compelled to push their way through a crowd of these toughs when they dismount from the train. The city vagrant law should be amended so that these conditions should be eliminated.

SOCIETY

COMPLIMENTARY RECEPTION PARTY.

One of the most beautiful receptions of the season was given yesterday afternoon by Misses Edalis and Inez Willis, complimentary to Mrs. William L. Hand, and their house guests, Miss Marguerite Mossman, of Springfield, Mass., and Miss Marian Bryant, Boston. The entire house was artistically decorated in Southern smilax, long leaf pine and cut flowers and lighted by numerous candles in old brass and silver candlesticks.

The open fires with their glowing yule logs, added to the beautiful scene. Misses Ivy Willis and Elizabeth Ulrich opened the door to the guests and they were cordially greeted in the hall by Mrs. Richard N. Duffy, gowned in blue embroidered chiffon, and Miss Sara Congdon who wore white chiffon over satin.

Misses Edalis Willis attired in pink chiffon over corded silk, silver garniture and Miss Inez in lace over yellow mulline received the guests in the parlor and were assisted by the guests of honor, Miss Mossman who wore an imported Spanish lace robe, Miss Bryant gowned in yellow crepe mecor and Mrs. Hand in her lovely wedding gown.

Mrs. B. Ulrich in a white lace robe, invited the guests into the dining room which was most attractively decorated in green and white, the center pieces of the table being an exquisite box of narcissi overflowing with mistletoe and juniper.

The table was lighted by candles shielded by hand-painted shades. The guests were served an ice course and white and green mint by Misses Mary L. Waters, Mildred Ball and Inez Willis, all in delicate frocks.

Mrs. David Ward gowned in blue mulline over silk, led the way to the punch room which was a lounge of beauty.

Mrs. David Congdon wearing white lace and Miss Harriette Harris in white embroidered tulle, presided at the punch bowl.

CLUBS CANNOT KEEP LOCKERS

For Whiskey. Interesting Speeches Made on This Subject In Legislature.

Raleigh, N. C. Feb. 4.—The Koonce bill for a legislative commission to be named to investigate the conduct of fire insurance companies in this State received Friday night an unfavorable report from the House committee on Propositions and Grievances, of which Mr. Koonce is the chairman. The vote was 6 to 10. Mr. Koonce served notice that he will file a minority report. The hearing was long and spirited.

Commissioner of Insurance J. R. Young was invited before the commission and made it clear that while he did not consider an investigation as in any way needed but that if the committee and the legislature thought differently, he would most heartily enter into the work, giving whatever assistance he could. His talk and questions and answers covered the whole scope of the matter involved.

Chairman Koonce warned members of the committee opposing his bill that he intends to make the fight for his life on the floor of the House to win out with his minority favorable report.

The sweeping provisions of Senator Brown's bill now pending in the Senate, are attracting wide attention especially by the children of the State. The provisions in full are: "That any corporation, club, association or person who shall directly or indirectly keep or maintain by itself or himself or by association with others, or who shall in any manner aid, assist or abet in keeping or maintaining a club room or other place where intoxicating liquors are received or kept to be drunk or for barter of sale or distribution or for diversion or use among the members of any club or association by any means whatever, or where the members are allowed to keep intoxicating liquors in lockers or in storage devices of any kind, shall be guilty of a misdemeanor. That this act shall be in force from and after July 1st, 1911."

House of Representatives passed on final reading by vote of 57 to 30 bill to husband and wife on equal footing for divorce on Biblical grounds. A single act will constitute cause for divorce from husband as well as wife.

Murderer Still at Large.

A telephone message yesterday afternoon from Wilson, stated that the negro who shot two officers at that place Friday afternoon and who later escaped was still at large. Every available avenue of escape from that town is being closely guarded and it is more than probable that he will be captured. Mr. Henry Whitehurst, of this city, was in Wilson on the afternoon of the tragedy and he informed the writer yesterday that the excitement was intense and that if the murderer was apprehended and fell into the hands of the people he would doubtless be lynched.

Norfolk-Southern to Durham.

Durham, Feb. 4.—A meeting of the business men of the city, is announced for an early date, which time a proposition and an invitation will be extended to the Norfolk-Southern Railway to project its line from Raleigh to Durham, thus getting into competition with the other roads that are coming in here now.

Though no official touch has been given to the story from any of the road's constituted authorities. It is nevertheless declared here that the Norfolk-Southern would like to come here and the business men would welcome. The schedule to Norfolk over that road beats them all in same points, and it would be quite as good from this point as from any other. The talk of the line, board's main line coming to Durham has died out and though boys in Durham have nothing happening, within the past year to justify the fact that the road will come here. On the contrary, one heard nothing about it. The usual proposition to extend the Norfolk and Western to same point on the new Southern line is the only one mentioned.
