

## A SAVINGS ACCOUNT

It is well known that a person in poor physical condition is more subject to attacks of disease than a person who is strong. It is just as true that a person who is in poor circumstances financially, is more liable to misfortune than one who is protected by some ready money in the bank. A savings account is the best means of strengthening yourself financially. Open an account at once. This bank accepts deposits of one dollar or more and interest is paid at the rate of 4 per cent per annum.

## LOUIS WEST CAUGHT AT LAST

The Negro Who Shot Two Officers At Wilson a Few Days Ago Caught at Maxton.

Yesterday morning the following article appeared in several of the State papers:

Maxton, Feb. 10—Chief of Police N. H. Dantap arrested and placed in the lock-up a negro here tonight answering very closely the description of Lewis West, who is wanted for the murder of deputy sheriff Munford at Wilson last Friday. The negro had eight pistols on his person, three of which have numbers corresponding to those stolen at Dunn, two large knives, one of which was bloody. He also had about a quart of cartridges.

That the man captured is West is now known for a certainty. Immediately after his arrest at Maxton the authorities there decided that he was not safe in the jail at that place, so they carried him to Raleigh and placed him in the penitentiary. Yesterday morning several people who had known the negro before the shooting occurred visited the penitentiary and positively identified him. It is said that later on in the day West made a clean breast of the whole horrible affair in which sheriff Munford was killed and Chief of Police Glover seriously wounded.

## RECIPROCITY WILL UNITE COUNTRIES

President Gives Strong Reasons For Confirmation of Treaty.

Columbus, O., Feb. 11—The first public appeal of his "reciprocity tour" was made by President Taft at the Corn Show here yesterday afternoon in part as follows:

"It is a mere truism to say that the farmers of a country constitute the greatest wealth-producing class of the country and that it is of the highest importance to conserve their welfare. Their intelligence, their energy, their industry, their adaptability, have most largely contributed to the progress, and prosperity of this country. Any one, therefore, who would initiate a policy to injure the farmer has much to answer for at the bar of public opinion.

"The greatest reason for adopting the reciprocity agreement with Canada is the fact that it is going to unite two countries with the kindred people and lying together across a wide continent, in a commercial and social union to the great advantage of both. Such a result does not need to be justified by a nice balancing of pecuniary profit to each.

## FIRST WEEK'S SESSION CLOSES

Sentences Imposed Late Yesterday Afternoon. Number of Those Found Guilty.

The first week's session of a two weeks term of Craven County Superior Court came to a close late yesterday afternoon. The first case taken up yesterday morning was that of the State vs Garry Hawk, charged with selling whiskey and which had been continued from the previous day. Considerable time was taken up with the taking of the evidence in the case and it was not given to the jury until just before court adjourned for dinner and late yesterday afternoon no verdict had been rendered by them.

This following sentences were imposed on those who had been found guilty during the term:

Henry Conner, found guilty of selling whiskey, sentenced to 6 months on the county roads. Defendant took an appeal and bond was fixed at \$400.00.

Ben Brinson, found guilty of selling whiskey, 6 months in the county jail.

J. W. Smith, who pleaded guilty to the charge of selling whiskey for Brinson while he was in his employ, was sentenced to a term of 3 months in the county jail.

Eronius Moye, colored, found guilty of larceny, was sentenced to 10 months on the county roads.

Jake Moore, colored, sent to the county roads for a term of 4 months.

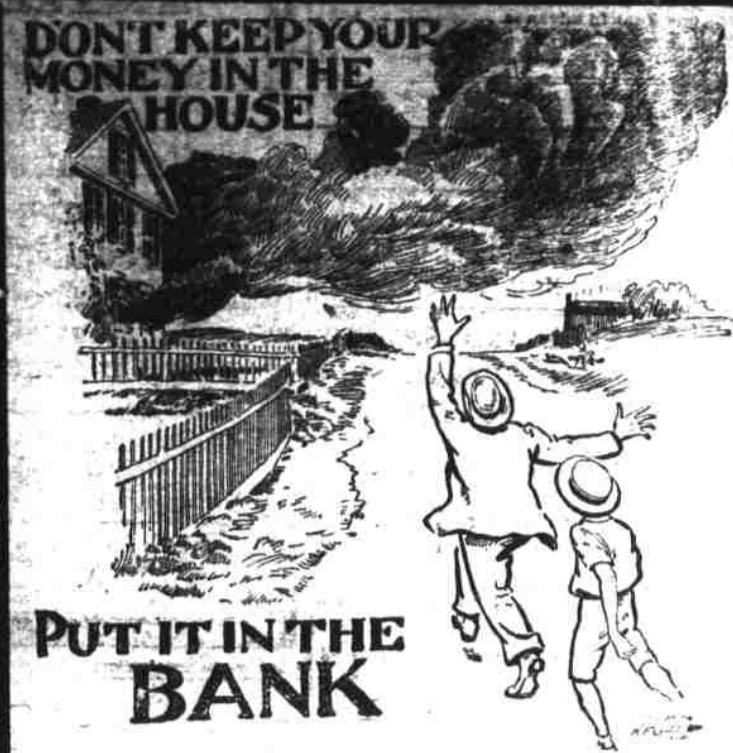

Archie Whitehurst, found guilty of larceny, was sent to the county roads for 4 months.

Henry Paul, was sent to the penitentiary for 2 1/2 years for larceny.

Baker Bryan, who was arrested several weeks ago on a warrant charging him with selling whiskey and who skipped out of the city immediately after he had given bond for his appearance at court, was apprehended yesterday morning in the western part of the city and will now have to stand trial for the offense with which he is charged.

In the case against J. D. Perry charged with conducting a lottery which was tried at Friday's session the defendant was found guilty. Yesterday afternoon the judge imposed a fine of \$20. Counsel for the defendant immediately gave notice of an appeal.

At 12 o'clock last night the jury in the case against Gerry Hawk had failed to reach a verdict and they retired to the hotel.

## CUT IN THE WORKING TIME

Railway Mail Clerks Get Shorter Hours.

Washington, Feb. 11—A cut in the working time of railway mail clerks from 6 1/2 to 5 1/2 hours a day is reported to have been ordered by the Postoffice Department, following a conference between officials and representatives of the clerks.

An air of deep mystery was thrown about the situation at the department and Postmaster General Hitchcock did not see the committee until this afternoon. It is reported the concession as to hours will be used in an effort to compromise the general complaints.

The following official statement, after being OK'd by the department, was given by E. B. Canfield, president of the Railway Mail Clerks' Association:

"The executive committee of the Railway Mail Clerks' Association from all sections of the country are in Washington and have had conference with the Second Assistant Postmaster General and officers of the railway mail service on the subject of equalization of hours. There has been some difference of opinion as to the method of adjusting conditions in the service brought about by the equalization, and it was to compromise that difference of opinion that the conference was held. It is the present belief that this question will be settled quite satisfactorily by the promulgation of instructions issued.

## Mail Close.

## Jefferson Davis Monument.

Headquarters United Confederate Veterans, New Orleans, La., February 2, 1911.

To behold monuments erected in various sections of the South to commemorate the daring deeds and patriotic sacrifices of her heroic sons cannot fail to inspire the minds and hearts of Confederate Soldiers with sentiments of profound pride and pathetic pleasure. And these feelings are intensified and exalted when the monument to the justice and honor of the Confederate cause takes the form of a statue of Jefferson Davis, our first and only President.

The General Commanding has recently received the following communication from Mrs. W. J. Behan, President of the Jefferson Davis Monument Association of New Orleans:

"As President of the Jefferson Davis Monument Association of New Orleans, I beg to advise you of the early completion and dedication of a monument in the city of New Orleans to the memory of Jefferson Davis, the first and only president of the Confederate States of America.

The Jefferson Davis Monument Association is deeply grateful to the various camps of United Confederate Veterans, to the Memorial Association, to the United Daughters of the Confederacy and the United Sons of Confederate Veterans who contributed to the success of the patriotic object and a cordial invitation is extended to one and all to be present at the unveiling ceremony in the city of New Orleans on the 25. 1911.

The Commanding General extends it a privilege and a duty to give the foregoing announcement and invitation of the Jefferson Davis Memorial Association, through its President, Mrs. Behan, the greatest possible publicity, and hopes that the attendance upon the dedication ceremonies will be commensurate with the national significance of the occasion.

By command of  
G. W. GORDON,  
Gen. Commanding

## COAL FACTS.

In looks all coal is alike black, rough sparkling. But there the likeness ends. For some coal burns unevenly, throws off little heat and makes much dirt. Our coal has proven best by test. It burns with a hot, steady flame to a white ash and is most economical.—We solicit your patronage on quality alone.
