## VALUATION OF EDDY ESTATE

Big Amount Involved in Litigation in New Hampshire and Massachusetts.

Concord, N. H., March 14.—A valuation of \$2512,146 is placed on the estate in New Hampshire of the late Mrs. Mary Baker Glover Eddy, founder of the Christian Science Church by the appraisers whose report filed in the Merrimack county probate court by General Henry M. Baker, of Box, executor of the estate. While the property left by Mrs. Eddy in Massachusetts has not been formally appraised, General Baker estimates it as about \$250,000.

The chief items in New Hampshire are stocks and bonds to the amount of \$1,667,788 and copyrights valued at \$1,400,000. The amount due the State of New Hampshire as a succession and legacy tax under the appraisal announced today is \$123,607. The payment of this tax will be deferred until the disposal of pending litigation over Mrs. Eddy's will.

General Baker announced that Pleasant View which was Mrs. Eddy's home when here, has been sold to Boston friends of Mrs. Eddy, who will preserve the property in the way that would have been most pleasing to Mrs. Eddy. The plans in this direction, General Baker said, he was not at liberty to divulge at present.

Our New Spring stock is about all in and we are selling lower than ever. Our Motto is Quick Sales and Small Profits. Will save you 10 per cent on your purchases. J. J. Baxter.

## AN ARMY IN CIVIL SERVICE

Increase Last Year 43,585, Making a Total of 384,088. 27th Annual Report.

Washington, March 14th.—President Taft has sent to Congress in a special message the 27th annual report of the Civil Service Commission. The report expresses the opinion that the merit system "is indispensable to economy and efficiency in government affairs."

The report shows 384,088 persons in the executive civil service, 222,278 of whom were in the competitive classified service. During the year the Attorney General gave an opinion that mechanics and laborers at navy yards are not in the classified service, the Commissioners say they ought to be.

Including transfers, promotions and reinstatements, 43,585 persons were appointed through examination to the Federal service during the year. The many clerks needed here for the recent census were readily supplied through the examination system.

The report strongly urges legislation that will reclassify salaries in accordance with the work performed, with enough grades to insure frequent promotions, promotion on merit to the higher positions and some provision for retirement. The present classification of salaries was adopted in 1853 under different conditions. If a reclassification of salaries is made the report favors promotions on the basis of efficiency records kept and harmonized by a supervisory board.

President Taft ordered that the merit system be applied to the diplomatic and consular services. This pleases the Commission, who applaud the President's recommendation that the system be adopted by law in these services.

PILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

It was announced at the war department today.

A list of 1200 militia officers who have applied for permission to observe the maneuvers is now on file at the war department and they will be sent to Texas in batches of 150 each. It is expected that fully 2,000 officers of militia will be sent to the "scene of warfare" before the maneuvers are completed.

### C. J. MCCARTHY FOR MAYOR

I hereby announce myself a candidate for re-nomination by the Democratic Primary to the office of Mayor of the city of New Bern.

If I shall be honored by your vote I shall appreciate your confidence as I thank you for past favors. It will be my endeavor to continue as in the past to enforce the laws by all lawful means with firmness and without harshness. I shall expect to give whomever of my time, the whole if necessary, to look after the interests of New Bern and its people as involved in the city government, and shall recommend to the Board of Aldermen all such matters as, in my judgment, should receive their consideration. Of course all power lays in their hands, and I shall submit such matters in their judgment as the law requires. It will be my endeavor to suggest such measures as may be helpful to the city government with economy and efficiency, and to see that there shall be no further increase in taxes in the city. I think the city and its people are to be congratulated upon the many improvements in its streets and public utilities made in the last four years and now in process of making. Our tax rate is now lower than any other city of its size in the state, but I think it is high enough and should not be increased.

With thanks for your kind confidence in the past, I am  
Your obedient servant,  
C. J. MCCARTHY.
