and song, is not seen today. The nation going to war must have the financial backing to as great an extent, as it has men and battle ships. Gold is the basis of war in this age, and the nation engaging in the war game must provide in advance, and not entertain the delusion that it can live off the second with the common, every-day cure advertised that they have about made up their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the second with the common and Dyspepais or an out-of-order stomach with the common every-day cure advertised that they have about made up their minds that they have something else wrong, or believe there is a case of Nervousness, Gastritis, Catarrh of the second with the common. enemy. And war is not just for to let even a petty little country start any war, unless there be protéction and a guarantee to preserve international rights. There may be revolutions and 'insurrections, but unless the country in which these break out, the rulers, can in Londo curb the insurrectionists, there is George. going to be a change of rulers.

The Mexican disturbance is an example. Some two billian dollars of outside money is invested in Mexico, and the investors are far from satisfied with the Diaz government which cannot check the insurrection. There is no longer confidence, and those who have money in railroads, mines, plantations, etc. demand that their countries, the United States, specifically, England and Germany investors as well, shall give Mexico a government that shall insure peace and safety for their investments. There is no glamor as to any Mexican principles that may be pyolyed. There is the one issue. protection, certain and sure to investors, and Mexico must give this protection, or the present government must stop, and a stable goverment, one that can preserve the investors properties, be set up.

There is going to be no war these days, that is of the Sherman brand for financial interestsand inves

Somnambullant has been a mystery and a matter of discussion to the medical profession since the days of the ancients. They knew as well as we all now know that there is such a thing as somnambultam, or walking in the sleep. They attempted to explain it just as medern medical science has been endeavoring to explain it ever since. But as it was then so it is now. There are so many explanations that even the physician is puzzled to decide which to accept. There are many stories told of the vonderful thrift of Harry Lauder, the Scotch comedian. Once when Lauder was in New York he was in a wine ouying party at the Astor, Everybody which to accept. "Well, boys," he said, "it's my turn to treat. Come along with me. I've
