## REPORTED FIRING AT KAISER

William on His Yacht Cruising in Greek Waters. Italians and Spanish Branches Active.

London, April 28th.—A dispatch received from Corfu by the Dalziel News Agency says that while the Kaiser's yacht, Hohenzollern, with the Emperor on board, was cruising off that port 8 rifle shots were fired at it.

The bullets whistled over the Imperial cabin, according to this report, and caused excitement among the members of his Majesty's suite. Although the dispatch says the outrage is attributed to disaffected Greeks, diplomats are at a loss to understand why Greeks should be displeased with the Kaiser.

At the German embassy it was said that every effort is being made to secure particulars of the outrage. There is a feeling there that the firing may have been part of an anarchistic plot. It is known that the anarchists, especially the Italian and Spanish branches have been very active lately. Because of the belief that they are plotting an attempt at wholesale assassination to mar the coronation of King George, the police of England and all of the Continental countries have recently been very active.

All known anarchistic chiefs are being subjected to the closest espionage. Because of this fact, and because of the intense activity of the Berlin police in searching the haunts of the anarchists, it was said the outrage might be due to German anarchists.

The Kaiser planned to remain in the Mediterranean for ten days longer, but whether this reported incident will result in his changing his plans cannot be learned at present.

### Deeper Waterways.

The address of Mr. S. A. Thompson, field secretary of the National Rivers and Harbors Congress, last night at the court house, was only fairly attended. Mr. Thompson was impressive, forceful and interesting, and those who heard the address were greatly pleased. This deeper waterways subject is becoming better understood and its importance as affecting New Bern, is being seen more clearly by the people here, but the action is needed, to see the result, that is, a water depth down the Neuse equal to that to be found through the sounds and inland waterway to the ocean.

Probable cause was found and the defendant bound over to the next term of Federal court under a bond of \$150, in default of which he was committed to jail.

## SCHOOL NEWS OF THE WEEK

New Set Lantern Slides Received. Piano and Violin Club Meets.

On Friday morning, the 3A grade sang in the auditorium for the first time. The song was very well rendered and every one seemed to enjoy it. The class games of ball are still going on at recess. The series between the 8A and 9th grades ended Thursday, the score was 14 to 12 in favor of the 9th grade.

A new set of lantern slides came this week and several of the classes have been shown. A class in Physical Geography, which has just finished a study of clouds, saw a set of slides especially prepared for the purpose. A great many of the scenes were taken from Alps so in addition to the help in studying clouds the class had the privilege of seeing some of the noted scenery of the Alps. Among the slides are also sets on glaciers, snow and ice. Scenes from South America and South Africa reveal a state of civilization hard to realize merely from books. A complete set of scenes from England and Italy and Panama Canal Zone give definite ideas, where hazy, indistinct ones are the rule with school children. The beautiful scenery in western North Carolina is shown in a set on the Appalachian Mountains.

The piano and violin club of the Graded School met Friday afternoon in the Griffin Auditorium, and gave the following musical program, all without notes:

- Piano Solo—March From "Norma"—Bellini—Sophia Hollister.
- Piano Solo—Brook in the Forest—Wenzel—Norma Styron.
- Piano Solo—Waltz—Grace Mungler.
- Piano Solo—Swaying Trees—Spaulding—Agnes Foy.
- Violin Solo—Valse—A. Hertton—Albertina Jones.
- Piano Solo—Waltz—Reinhold—Adolph Hahn.
- Piano Solo—Frit Flower to Flower—Kullak—Bess Hyman.
- Piano Solo—Song of the Birds—Carl Harris, Sara Hollister.
- Piano Solo—At Twilight—Mabel Cohn.

### Attempts To Take His Life.

While under the influence of alcohol and temporarily mentally unbalanced Mr. Ferdinand Ulrich, who resides at No. 5 Fern street attempted to take his life yesterday afternoon by swallowing a number of grains of bichloride of mercury and but for the fact that a physician began work on him a few minutes after he committed this rash act he would doubtless now be a corpse, and as it is he may succumb to the effects of the poison.

## DARING RAID IN CHICAGO

Four Robbers in Stolen Auto Bind Nine and Make \$20,000 Hunt.

Chicago, April 28.—Four armed men planned with great skill and executed with success a \$20,000 jewelry robbery. The victims are Albert Str., proprietor of the shop at No. 1246 Milwaukee avenue and Norman Strauss of Newark, N. J., representing Strads & Strauss, dealers in jewelry. In carrying out their plan the thieves captured and bound nine persons, and escaped with their plunder in a stolen limousine.

Before daylight, the Crexel garage, seven miles from the scene, was called by telephone and ordered to send an automobile to a flat in the Ridgewood Building. While the chauffeur was in the building looking up his supposed patron, the machine was stolen.

It was 10:30 a. m. when it drove up to the Milwaukee avenue shop. Strauss was displaying his samples. Edward Albert, son of the proprietor, Samuel Schmidt, Mr. Strauss and a boy assistant were there in the place. Three men entered with revolvers. Those in the store were compelled to go into a back room, where two of the robbers tied them with ropes which they had brought with them. Edward Albert, the proprietor, and his wife, who lived over the store, hearing a commotion, descended. The robbers drove Albert and his wife at a run into the rear room, forced them to lie face downward on the floor and bound them.

Next some miscellaneous errand boys were roped. While one of the robbers worked on the safe two plundered the Newark safe and the store. The safe yielded \$500. Strauss lost \$10,000, mostly in diamonds, and Albert's loss was of equal amount.

After the robbery the men entered the machine and were driven away by the man at the wheel. He had remained at his post during the activities inside. Later the machine was found abandoned on the North Shore road.

### Proceedings in Federal Court.

At the opening of yesterday's session of Federal court the case of D. E. Edwards vs the Hartford Real Estate Company, in which the plaintiff is suing the defendant for breach of contract, was taken up. This case is from Lenoir county and judging from the large number of visitors in the city yesterday from that section who were attending court, it is attracting much interest. A large number of witnesses were placed on the stand by both the plaintiff and the defendant and considerable time was taken up in this manner. At the close of the day's session the case had not been concluded and it was continued until today. Messrs Y. T. Ormond and J. T. Coe represent the plaintiff and Messrs. W. D. Pollock, Loftin, Vassar and Dawson are appearing for the defense.

## FOR RECORDER'S COURT

### NO CHANGE IN JURISDICTION OF MAGISTRATES.

Letters are being published signed by men from various communities in Craven county outside of New Bern, stating that none in their immediate section is in favor of the establishment of a Recorder's Court. Isn't it wonderful how some men can acquire such marvelous knowledge? Indeed it must be a brilliant mind that can forestall the vote of an entire community. What these letters were read by many people in Craven county, they simply smiled, knowing they were written but for one purpose—simply to try to influence some voter who is willing to cast his vote with the crowd. Any man who will vote for a proposition for the reason that he thinks that the majority of the citizens are going to vote that way, is not worthy of the name of good citizen. A man's voting should be influenced by what is right and by what is wrong. If after deliberation he comes to the conclusion that a certain proposition will be beneficial and helpful to his community he should vote for it regardless of how many people will vote against it.

only way that the establishment of the Recorder's Court will affect the citizenship in the county is that it will save them valuable time and their money. It will save them time because they will not have to spend weeks around the court house in New Bern waiting to give testimony, as witnesses for the State and defendant, or serve on the jury. It will save them money because as demonstrated in every county in N. C. that has adopted a Recorder's Court, it saves many thousands of dollars annually.

The magistrates in the county will have the same jurisdiction that they now have. If any man in the county votes against this measure it will not be that he really does not want it, but it will be because he does not understand the facts, but has been misled. Many men from the county have said that they were against this measure because defendants who now are tried by magistrates in the county who have to be brought to New Bern for trial, when informed that this was not true, that the magistrates would have the same jurisdiction they now have, they were told different. That has been the policy of the opposition from the start. False statements have been circulated in every section of the county.

It is a serious mistake for the young business man to think that he needs no credit because he is buying and selling for cash. While it is an admirable policy to pay bills promptly, yet to build up a permanent business, credit is one of the necessary factors.

We cordially invite the accounts of the young men of New Bern and Craven County to whom we will gladly extend every assistance for the upbuilding of any legitimate business in which they may be interested.
