90 PER CENT. PER ANNUM

This is the dividend of the Bao Motor Company for the past five years. Common stock in most automobile manufacturing concerns pays from 10 per cent to 1000 per cent dividends.

Our offering of the 7 per cent Cumulative Preferred Stock of the CONSOLIDATED MOTOR CAR COMPANY, (Capital stock \$4,000,000) of Cleveland, at par, \$100.00, with a bonus of 100 per cent of Cumulative should prove equally productive of profits.

The CONSOLIDATED MOTOR CAR COMPANY manufactures the Royal Tourist and the Creston Cars, both of which are familiar to every Automobileist.

There are individual, fundamental, mechanical reasons why these complete lines of commercial trucks, taxicabs and pleasure cars will continue large profits to the investor; these we will gladly furnish on request.

Investors will also be furnished with detailed public accountants' statements semi-annually. The book value of preferred stock is 60 per cent in excess of price asked.

The Creston Taxicabs are now being used by William W. Blair Co. of Chicago and elsewhere. Other large business companies.

This is the first public offering of the stock, which is limited to \$1,000,000. General illustrated prospectus, showing plans, views, etc., upon request. Address:

PREDICTS U.S. INVASION

Congressman Focht Hears and Thinks That Intervention is Inevitable.

Washington, May 5.—Invasion of Mexico within the immediate future is predicted by Representative Focht, of Pennsylvania. He says an army officer just returned from the border tells him intervention is inevitable. Mr. Focht did not name the officer. He said the officer, a young man associated with him, declared that the army was going over the Mexican border "to stay."

"I would not think that the President would object. We have been absorbing everything they did not want in Europe for years and years. We have taken as trade in stock what nobody wanted in the Philippines—another white man's burden. We added a little more down here in the West Indies. Why couldn't we occupy something that is worth something and where we could be of some great good to somebody?"

"I am not a soldier of fortune. I do not expect to be at the head of the army, but we are called upon to discuss, occasionally, paramount questions, and I believe this will be a mighty interesting one before the House adjourns."

Mr. Focht contends that the United States wants empire and it is about to follow the "line of gold and the call of adventure."

Tabernacle Revival.

The revival at the Tabernacle Baptist church is drawing large crowds and is fast becoming a real revival—a revival in the old time sense of the word.

Many conversions are reported and great interest is being manifested on part of the church. Dr. Rodgers is living up to his reputation as a preacher and is preaching some truly great sermons.

Fun services have been planned for Sunday. At 10 o'clock p. m. there will be a service in the church for men only and at 8 p. m. an open air service at the corner of South Front and Barn streets.

Thos. L. Willingham has been engaged to sing at all these services, and in all probability will have charge of the music until the meeting closes. Dr. Rodgers' sermon Sunday morning will be of special interest to husbands and he invites every husband and all prospective husbands to attend this service.

Preacher a Blockader.

Anniston, Ala., May 5.—George Nowland, who is pastor of two churches, according to United States Revenue Commissioner G. B. Randolph, will be tried here next Monday on the charge of operating a moonshine stillery. Nowland was captured near the Ebenezer church, said to be one of his charges, last Sunday when a big still, of which he was the alleged owner, was destroyed by the raiding.

The Athens is sanitary and safe—always a comfortable rest.

Dr. F. W. Covington to Fight Hookworm Disease.

Dr. F. W. Covington, of Rockingham, has given up his private practice to assume the duties of District Director of the campaign against hookworm disease. Dr. Covington is to be congratulated on accepting this important appointment, and on having the opportunity for extending his valuable work over a large territory. He, like the other three District Directors already in the work in the State, is well fitted to fill his office. He received his medical education at Davidson College, and his medical education at the University of North Carolina and the University of Maryland. After serving as hospital assistant physician for one year he located at Rockingham. There he has built up a splendid practice, has held important medical appointments, and won the esteem of the country at large.

The three physicians already holding positions as District Directors are Dr. J. W. Fain, L. F. Brantley, and G. L. Priggen. There with Dr. J. W. Fain, the State Director of the campaign, make this campaign a grand one. It is the hope of the people that all municipalities in the State will be kept at bay by the energetic work of these men in making the campaign for hookworm disease.

With the beginning of the campaign there the people are urged to keep their children and stock clean and to use the proper precautions.

Mayores Spuzas Council.

Wellington, Kan., May 5.—Wellington has a dual government, the five Councilmen meeting in one place and Mrs. Ella Wilson, the Mayor, meeting at another. Mrs. Wilson has the records, and therefore won the first scrimmage with the Council.

The Councilmen rented a room for the regular meeting this week, and all met there last night. The Mayor did not attend. With a number of her friends and political supporters she "met" at the foot store of W. E. Hilton, taking with her the clerk's journal.

May Use Aerial War Craft.

Madrid, May 5.—At Thursday's session of the Congress of International Law resolutions were adopted affirming the right of nations to use aerial craft in war provided that such use was not accompanied with greater danger to non-combatants than warfare on the earth and sea.

The resolutions also proclaim the right of aeroplans to free and international circulation, subject to the measures that the government may take in the interests of public security.

WILL HITCHCOCK BE FIRED

Postmaster General Gives One Week in Which to "Get Busy."

Washington, May 5.—"I want to know if the new Post H. Hitchcock is big per cent the same," declared Senator George Gray (Republican), of Arkansas, in a long and pointed personal address to the Senate. Dr. Dismick's trustee has been elected April 29, calling on the postmaster general for information regarding certain appointments which were held by Hitchcock. The trustee said that he had been told that Hitchcock had been fired by the postmaster general.

BURN THEIR PRISONERS

Horrible Atrocities Reported From Lower California. Perpetrated by Guerrillas.

Sand Diego, Cal., May 5.—According to a letter written at Tecate last Monday and brought by a messenger to this city, the guerrillas in Lower California are committing numerous atrocities. They are even accused of burning two Federal prisoners to death. The name of the writer of the letter, who is still below the line, is not divulged, for obvious reasons.

The letter reads: "The rebels are in full possession of Tecate and it is impossible to do any business in that city because they have orders from the captain to shoot any Mexicans they catch there without regard to their business. They have already shot five and last night they burned two whom they captured in the skirmish they had at Carrizo. They have had two skirmishes and some have been killed, but it is not known how many.

"They are killing animals they do not want and committing great injustices. They shot three helpless fellows who had nothing to do on either side politically or otherwise. George Meis and brother and Placido Mata. George left seven helpless little children. They were about to shoot Abraam Arend. He was already kneeling to be shot when Valencuela saved him.

"They have a captain prisoner on the American side, also another who was shot in the Carrizo skirmish and another man who was shot through the leg."

Mother's Day.

Mother's Day will be observed at the Centenary Methodist Church tomorrow. Everybody who attends the services is requested to wear a white flower, a coronation if possible in memory of their mother. The services will be appropriate to the occasion at both hours. The subject at the morning hour, as a short communion meditation, will be the "Motherhood of God." At the evening hour, instead of a sermon the pastor will read several beautiful tributes to the value and influence of mother, written by various members of the congregation. These testimonies will be from the pen of both old and young, men and women, boys and girls.

This ought to be a very helpful and impressive service. Every member of the congregation should be present.

Week Day Hours.

Stamp and General Delivery windows are open from 7 a. m. to 7 p. m. except during the time of sorting and putting on the large morning and afternoon mails.

Sunday and holiday hours. Stamp and general delivery windows are open from 7:45 to 8:45 a. m. and also from 10:15 to 10:45 a. m. The general delivery window is open from 6:15 to 6:45 p. m.

Postmaster.

Have You \$34.55?

Washington, May 5.—If you cannot run your hand into your pocket and haul forth a roll of \$34.55 you are financially not an average man. The United States treasury statement just issued gives that amount as per capita circulation, based figures upon the estimated population, May 1, 1911, of over 97,000,000.

LET THE GOOD WORK GO ON.

We are advertising just as much to educate the public to the use of good pine lumber as to sell it ourselves. Therefore, at times, we need not dwell on the merits of our own timber but can safely leave that to the judgment of intelligent lumber buyers. Our experience with pine lumber enables us to speak with authority, and to offer a grade of goods absolutely without parallel in this section of the country.
