HOW TO DRAW CHECKS.
CHECK is the simplest of all bank forms, being merely an order for the bank to pay a certain sum to a designated person out of funds belonging to the drawer of the check; yet a check is one of the greatest safeguards against errors, loss or the necessity of paying a bill a second time. This bank welcomes deposits subject to check and affords every assurance of positive safety for the money.

LUMBER TRUST INVESTIGATION

Chicago Grand Jury Probing Conditions in the Lumber Business.

Chicago, June 7.—The federal investigation of conditions in the lumber industry, looking toward the prosecution of the alleged "lumber trust," has been begun before a special grand jury in the United States district court. Three Chicagoans, Henry A. Sellen, vice-president of a sash and door company; Harry B. Munger, president of a door company; and George J. Pope, vice president of a local lumber concern, testified.

Coincident with the opening of the inquiry Olyer E. Ragan, government indictment expert, arrived and began a study of the evidence, said to have been gathered by special agent. The case is based on the theory that the various lumber dealers, associations and companies form a conspiracy in restraint of trade. The inquiry will affect only organizations of the middle west, south and west. Among the points alleged by the government representatives are:

That the associations have forced the members to buy lumber products from "recognized" retail merchants.

That wholesalers and manufacturers who have sold directly to consumers have been blacklisted and that consumers buying from manufacturers have met the same fate.

That the purpose of lumber organizations have been to create a list of persons violating rules of the trade and to maintain strict rules governing the conduct of business.

Death of Miss Oleta Whitty.

One week ago Miss Oleta Whitty of Pollockville, was brought to the sanatorium here for treatment for appendicitis. Other complications set in after the operation, and last night death came. Miss Whitty was the daughter of Mr. and Mrs. Chas. Whitty, was a teacher in the graded school at her home town and beloved by all her associates. The remains will be taken to parents home this morning and burial following.

SHORT PASSING EVENTS

In asking the Board of Aldermen to secure a driver for the "Button" fire engine at their last meeting, Chief Harrington showed much foresight. The company now has a driver for this engine but he does not stay at the engine house and when ever there is a fire it is necessary to go out and hunt him up. In the meantime it is usually the case that the fire gets beyond control and when the engine arrives on the scene it is of no service. It is to be hoped that his request will be acted upon favorably.

STEEL TRUST MUSK DANCE

Will Be Given Some Hot Time as Was Standard Oil And Tobacco.

Washington, June 7.—It is said at the White House that the Steel Trust will be the next combination to be attacked by the United States Government. Action will be begun this summer, according to present plans.

It is the belief of both President Taft and Attorney-General Wickersham that the Steel Trust can be driven over the same road as the Standard Oil and American Tobacco Companies. The decision to begin the fight is a direct result of the verdict of the Supreme Court upon the two big trust cases.

Within a few days the President will receive a report on the Steel Trust from Commissioner of Corporations Smith. The President already knows that the tenor of this report is adverse.

APPEALS TO DEMOCRATS

President Urges Democrats To Stand By His Reciprocity Measure.

Washington, June 7.—Abandoning hope of defeating in committee the Root amendment to the Canadian reciprocity bill, affecting the print paper and wood pulp clause of the government, friends of the measure have begun on the floor of the senate an active campaign to prevent acceptance of the Root provision. The President showed anxiety over the situation when, after an executive session of the senate finance committee, he appealed to the Democratic senators to stand out against the amendment. Senator Stone expressed to the President his confidence that far more than a majority would be found voting against the bill and all other amendments that may be offered.

The administration throughout has contended that amendments to the bill probably would be fatal, and by reason of this contention the measure was passed by the house in the form desired by the state department. The same argument was advanced when the measure was turned over to the senate finance committee, and Chairman Penrose, of the committee, has endeavored to prevent consideration of any amendments.

A decided majority of the Democrats are favorable to reciprocity, but until, comparatively recently many of them, disposed toward political advantage, made the condition that the Canadian bill should receive no consideration except in connection with the pet Democratic measure. They have abandoned that attitude, and now announce boldly that they will oppose any amendments of whatever nature. They have gone to the extent of rejecting overtures from the progressives, which the coupled with a promise on the part of the part of the latter to tack the free list on to the reciprocity bill.

Department Got Plenty Now.

Washington, June 7.—The salaries of upwards of a thousand postmasters in office in every state and territory will be increased on July 1st next, as the result of the annual adjustment of compensation announced today by the post-office Department. The increases are mostly \$100 a year, a few running to \$300, while in occasional cases reductions are made because of diminished business. The adjustment is based on the gross receipts of the offices.

Allen's Minstrel Show.

Allen's Minstrels, colored, made their usual visit to this city yesterday. The street parade and band playing attracted quite a crowd, and the playing was about the best of any show band appearing here. At night, under canvas, there was a large crowd and an orderly one. The show was a good one.

The Pick of the Parasol Production.

This is the best way to class our showing of Summer Parasols for ladies and children. They are surely the best of the heap. So pretty that they command instant and rapt attention as soon as they are seen. So new that you will be forced to admit never seeing anything like them before. And so reasonable that you can easily afford to have one to match every dress.

The showing consists of all the latest styles, Japanese, Mandarin, and the 17th century prevailing, in colors that rival the rainbow and are just as beautiful.

Do not miss this parasol parade. You will be sorry if you do. Your friends will all be under one of our parasols this Summer. So if you don't want your friends to get ahead of you—you had better get ahead of them.
