JAPAN LOVES
HER CHILDRENPasses Laws as Strict as Those of
Uncle Sam to Protect
Them.

Washington, June 8.—The Japanese have followed the lead of the United States in legislation to secure the abolition of child labor, the safety of the employees and sanitary conditions in factories, according to information received at the Department of State.

Under the new laws, persons under 12 years of age may not be employed in any factory. Persons under 15 years of age and women may not be employed more than 12 hours a day, nor for the night or repairing of dangerous machinery. All shall have at least two holidays a month. Persons under 18 shall not be employed in the handling of poisons, injurious chemicals or explosives.

All persons working more than six hours a day shall have a recess during working hours of at least 36 minutes, and if working more than 10 hours the recess shall be at least one hour. Persons working alternately in day and night shifts shall have at least 4 holidays a month, and the working hours shall be alternated at least once every ten days.

Labor Federation Opposed to Prohibition.

Richmond, Va., June 8.—The Virginia Federation of Labor, in its sixtieth annual convention here practically tabled all matters pertaining to prohibition, passing a resolution that it go on record as opposing any legislation for state-wide prohibition or against local option, and incidentally waste-basketing a communication from the State anti-saloon league. A resolution that the State furnish public school children with school books free of cost was adopted.

Abolition of the federation with the Farmers Co-Operative and Co-Operative union and with the Equal Suffrage league was formally was effected.

MADERO'S OMI-
NOUS RECEPTIONMexico's Capital Trembles With
Earthquake Immediately Upon
Revolutionary Victor's Ar-
rival.

Mexico City, June 8.—Sixty-three persons were killed, 75 wounded and property worth \$100,000 was wrecked today by an earthquake which shook the Mexican capital and injected a note of tragedy into what was to be a day of pure rejoicing over the arrival of Francisco I. Madero, Jr.

When the work of searching the ruins is completed, it is possible that the live or dead will be increased somewhat as here and there throughout the city there doubtless are many wounded who, with traditional fear of the authorities and government hospitals, are anxious to evade discovery.

The earthquake shook the city just before daylight. At the first shock every light was extinguished and there was a rumble like artillery, which prevailed for several moments.

No personal property of Americans was damaged, and, with the exception of one Chinese killed, no foreigners were injured. In the barracks where the soldiers were killed, 12 women also lost their lives. They were the wives of artillerymen.

The water mains of the city were not injured and the light and power company suffered little inconvenience in operations. Some damage was done to street car tracks, but not enough to interfere with traffic, except on one line. The projection of the front wall of the Holm prison was thrown into the street. No great damage was done.

Two of the capital's old churches and the National palace showed effects of the shock. Long cracks appeared in all of them. In the palace, a keystone in one of the arches was thrown almost out. The two churches are Santa Dominga and La Profesa; the latter in San Francisco street.

M. M. Drake was captain of the com-
pany just disbanded.

Hyde-Maiden.

In the evening of the bright, cloud-
less May day of the 8th, a day when
sky reflected their future so far as in
new wedding could penetrate. Miss Ma-
rie Hyde-Maiden, of near Mayville,
Jones county, was united in wedlock to
Mr. Eugene Hyde, of Asheville, N. C.,
by the Rev. J. P. Smith, at the
house of the bride's parents.

Immediately after the ceremony they
left for their future home on Montford
Avenue, in Asheville.

The bride was beautifully dressed in
a tan suit with lovely in disposition,
she made friends wherever she went,
and in the sportive degree, she will
prove her future home a veritable
paradise. She goes to make her first
home in the city where she has
been her previous home, after having grad-
uated from a Virginia Seminary.

The groom, Mr. Eugene Hyde, a na-
tive of Asheville, N. C., is an electrical
engineer, located at Asheville where he
has extensive contracts in Western
North Carolina.

These young people have the best
wishes of a large circle of friends and
relatives.

TRINITY GETS AN-
OTHER MILLIONThe Dukes Make Another Hand-
some Gift to College. Two
Other Departments.

Durham, N. C., June 8.—It was
announced at the closing exercises of Trin-
ity College that the North Carolina and
the Western North Carolina Methodist
conferences and the Dukes of New
York city, have entered upon a plan
whereby Trinity College is to be given
a million dollar endowment, of which
amount \$200,000 will be raised by the
church.

The gift of \$100,000 in lands by Jas.
B. and Benjamin N. Duke, of \$50,000
for a new building by James B. Duke,
and of \$10,000 by B. N. Duke, for camp-
us improvements, was announced to-
day, that totaling \$160,000 at this com-
mitment and running the Duke phil-
anthropies far above a million and a
half to date.

The million dollar endowment is to be
used, it is supposed, for the purpose of
establishing at Trinity College a depart-
ment of dentistry, medicine and other
much needed additions. North Carolina
and Western North Carolina confer-
ences have agreed to raise \$100,000 each
of this amount, and it is generally sup-
posed that the Dukes will chip in the
remaining \$60,000. The gifts of this
family to Trinity now amounts to close
on to two million dollars, and with the
new addition this institution will be sev-
eral times more heavily endowed than
any other Southern college.

Some Intensive Farming This.

As an example of what land in this
section will produce the following, which
can be verified, is given: From four
acres in Pamlico county upon which
\$225.00 was spent for fertilizer prepara-
tion and cultivation, was gathered this
season 420 barrels of Irish potatoes,
which sold for \$5.50 per barrel, a net
profit of \$2,310.

A crop of cotton in the best condition
is now growing on the land, which with
favorable season will yield one and one-
half to two bales to the acre, or six to
eight bales from the plot. It is need-
less to say that the land is being cul-
tivated by one of Pamlico's most pro-
gressive farmers.

Brown on the Cotton Situation.

New York, June 8th.—The appear-
ance of W. P. Brown, one of the promi-
nent New Orleans bull leaders, on the
floor of the New York Cotton Exchange,
was the signal for rumors that Brown
had come here to take charge and
the season of the bull campaign, some-
what similar to that in which he figured
last year when cotton, during August,
sold for 20 cents a pound. Brown re-
fused to discuss the possibility of the
bull campaign, but expressed confidence
in much higher prices for old crop cot-
ton. He said: "I am very bullish on
crop. Supplies of raw material and
manufactured goods at the end of the
season will have small that both will
practically come off themselves, and next
year's very large crop will be the most
necessary for actual requirements
and to fill up holes. The new crop in
nearly all sections is needing rain and
the general public count of the op-
inion thing is an early one, which is
not the case. South Texas, South Georgia
and South Alabama will get some
early cotton. The rest of the cotton
is from normal to later and the general
thing is looking over about the aver-
age but much already late crop later."

THE PEOPLES BANK
NEW BERN, N. C.
STRONG, COURTEOUS, PROGRESSIVEThe Pick of the Parasol
Production.

This is the best way to class our showing of Summer Parasols for
ladies and children. They are surely the best of the heap. So pretty
that they command instant and rapt attention as soon as they are seen.
So new that you will be forced to admit never seeing anything like them
before. And so reasonable that you can easily afford to have one to
match every dress.

The showing consists of all the latest styles, Japanese, Mandarin,
and the 17th century prevailing, in colors that rival the rainbow and are
just as beautiful.

Do not miss this parasol parade. You will be sorry if you do. Your
friends will all be under one of our parasols this Summer. So if you
don't want your friends to get ahead of you—you had better get ahead
of them.
