OFFICIAL PAPER OF NEW BERN AND CRAVEN COUNTY.

New Bern, N. C. June 17, 1911.

DOES THIS MEAN A BREAD TRUST?

The incorporation of the General Baking Company, with a capital of \$25,000,000, combining leading bakeries in seventeen cities, gives rise to the fear in some quarters that a "bread trust" is being organized.

Though the promoters announce that the purpose of the combination is to unite so that raw materials may be purchased in enormous quantities at lower rates than any single bakery could buy them and to "give the consumer a better quality of bread at the same price," so powerful and comprehensive a combination might easily become a "bread trust."

While Attorney General Wickensham and the government attorneys are prosecuting the oil, tobacco, sugar and other trusts formed long ago and now firmly entrenched, they may well turn their attention to this fledgling and investigate its motives and intentions.

Senator Knute Nelson and others took part in the reciprocity debate.

LIGHTNING KILLS FEW.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from violent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, and kidney remedy and blood purifier on earth. Only 50c at all druggists.

SAVED HIS WIFE'S LIFE.

"My wife would have been in her grave today," writes O H Brown, of Muscadine, Ala., "if it had not been for Dr. King's New Discovery. She was down in her bed, not able to get up without help. She had a severe bronchial trouble and a dreadful cough. I got her a bottle of Dr. King's New Discovery, and she soon began to mend, and was well in a short time." Infallible for coughs and colds, it's the most reliable remedy on earth for desperate lung trouble, hemorrhages, lagrippe, asthma, hay fever, croup and whooping cough. 50c, \$1.00. Trial bottle free. Guaranteed by all druggists.

Our Sleep. As a race we sleep too little. Our average life is nearly all sleep. Greatly as the child grows under the hours of sleep are shortened to ten the day or about eight hours. Youth until the age of twenty is reached requires fully ten hours sleep. Although nature demands fewer hours sleep in summer than in winter, it has been proved that eight hours of sleep are required for the average adult in good health. By this explains the P. B. B. Dispatch, it is not so much sleep that keeps us in bed, but that amount of food, sound, restful sleep night after night. Our power to work is intimately related to our ability to sleep, and there is no more reliable indicator of sound health than the capacity to sleep soundly, and the more active and energetic the individual, the deeper the sleep.

A HARMLESS WAY TO DARKEN THE HAIR

A Little Sage and Sulphur Makes Gray Hair Vanish—A Remedy for All Hair Troubles

Who does not know the value of sage and sulphur for keeping the hair dark, soft, glossy and in good condition? As a matter of fact, sulphur is a natural element of hair, and a deficiency of it in the hair is held by many scalp specialists to be connected with loss of color and vitality of the hair. Unquestionably, there is no better remedy for hair and scalp troubles, especially premature grayness, than sage and sulphur, if properly prepared. The Wyeth Chemical Company of New York put up an ideal remedy of this kind, called Wyeth's Sage and Sulphur Hair Remedy, and authorized druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
