THE ADVANTAGES OF A CHECKING ACCOUNT.

An account subject to check with this bank will enable you to make your money go farther than it does when you carry the cash in your pocket and pay it out haphazard. A check, moreover, when paid and returned to you becomes an unquestionable receipt for money.

One other advantage of a checking account is found in the fact that you can keep a correct record of your income and expenses without the inconvenience of a book account.

is a busy time among builders, for the weather is generally good in summer. It is a favorable time also to buy pine lumber, for stocks are usually complete and prices reasonable. We are specialists in pine lumber and can supply anything for the building, high grade or low. Our 8 inch Weatherboarding has a reputation as the best in the market, and our cheap ceiling at 95c per sq. ft. is well worth the price.

WOOL BILL PASSES HOUSE

But Senate Likely To Hold It Up Until December Session.

Washington, June 21.—The House of Representatives by a vote of 221 to 100 passed the Underwood wool tariff revision bill providing for a reduction of the duty on wool and manufactures of wool. Twenty-four Republicans voted with the Democrats for the passage of the measure and one Democrat, Representative Francis, of Ohio, voted against it.

Many amendments were offered and voted down, the only one adopted being a slight change in phraseology. Almost five hours were spent by the House in debate under the five minutes rule. Immediately preceding the final vote, a motion offered by Representative Payne, of New York, that the bill be re-submitted to the Ways and Means Committee with instructions that it avail a report from the tariff board on the woolen industry before making final report of the bill was lost by a vote of 189 to 118.

The bill places a duty of twenty per cent, ad valorem on raw wool imports as against an average duty of a little more than 41 per cent, ad valorem under the present law. On partly manufactured wool and on products manufactured in whole, or in part from wool the average duty under the proposed law would be about 42.5 per cent, ad valorem as compared with the present average ad valorem duty of more than 90 per cent. The Ways and Means Committee has estimated that the bill would reduce the annual revenue under the woolen schedule of the tariff by a little more than \$1,000,000.

The bill prescribes that it shall be in effect January 1st, next, but it is not believed that the bill will pass the Senate at this session.

Killed Instantly.

A telephone message received in this city yesterday afternoon from Oriental stated that John Truitt, of that place an employee of the Rope Lumber Company had been instantly killed while attempting to couple two cars on the yard of that company. Meagre details were given in regard to the accident, but it seems that Truitt, who had been engaged in shifting some logs in the pound had volunteered to assist the brakeman in his work. Being inexperienced in this he was caught between two of the cars and crushed to death.

Seeking Fresh Air.

Each night East Front street along the river front is lined with people, both young and old, who are seeking a breath of fresh air. There is not a single seat of any variety at this beautiful place, and those who go there for an hour's rest are compelled to sit on the bare ground. A number of benches could be procured at a reasonable cost and placed there. This would be greatly appreciated by the public.

Crazy Woman and Electric Wires.

Yesterday morning a demented colored woman was placed in the padded cell in the jail. The electric wire that furnishes power for the fans in the court house is located in this cell and in some way she got hold of one of these and by main force jerked it out. Fortunately she was not injured, but the fans were stopped. She was removed to another cell in order to keep her from tearing down the wires after the break had been remedied.

Black Mountain Inn Opens June 20.

The Black Mountain Inn opens June 20th and will be under the management of Mrs. W. D. May. It is located in the most beautiful in the State, even if it seems like a wild statement. The terms are moderate, but satisfaction is promised to all guests. Water has been put in the house and cottages will be a feature.

Many improvements and changes have been going on at Black Mountain, with many new houses, and \$20,000 spent in remodeling. A new grandstand road has been voted that will lead to the inn, and the money will build a bridge across the Swannanoa river at the old ford. The Y. M. C. A. has begun improvements, the main building being the contract for \$40,000. The new building of the inn, and will be ready by the first of the year.

NOTICE TO BOX RENTERS.

Bill (form 1538) is placed in your box to tell you that your box rent is due on the last day of the quarter, and to show you the amount of rent to be paid on or before the last day of the quarter. You will therefore bring your (form 1538) and have it receipted when you call to pay your rent. It is not a matter of discretion with me as to closing your box if the rent is not paid, but the government demands that I shall close them.

J. S. BASNIGHT, P. M.

The following are rules of the Department governing the use of rented boxes I am now giving for the benefit of the patrons of this office:

The use of boxes is restricted to one individual, family, firm, or corporation except in such cases as are specified in this section. An individual renting a box may have placed therein:

1 Mail addressed to himself.

Appropo, the tragic death of Henry Paul, convicted as related in yesterday's Journal, we learn that Henry came out of the family of Mr. J. F. Clarke, this city. Mr. Clarke's father had a store in Bath, N. C. and a farm on Pantego with some 100 acres before the war. On the capture of New Bern and the consequent evacuation of Washington and Plymouth the colored people flocked to those places in droves. Sophia, who was a seamstress in the family and grandmother of Henry would not leave. After close of war her husband, Allen Paul, went for her to join him in James City. He was a Methodist preacher and had spent away over his time before the war. After awhile she died, and on the death of her husband she took Henry to Mr. Clarke and told him she wanted to give him to him to be raised right. He had her the war was long over and she would have to raise him herself but he would assist her to do so. He Henry was given good advice at all times, and his tragic death should have been to those of his race who are misguided and misguided.

B. & L. CON- VENTION CLOSES

Interesting Session Held Yesterday Morning. Automobile Ride Given Members.

At 10:30 o'clock yesterday morning the Eighth Annual Convention of the N. C. Building and Loan League met at the court house for the transaction of the business on the program for the second day of the meeting.

The following report was made by the committee on resolutions:

Mr. John M. Cooke, Esq., of Burlington, was on the program for an address but owing to the fact that he was seriously ill at his home at that place he was unable to be present.

A number of other resolutions were also made by the various committees and there was considerable discussion on these.

At 1 o'clock the election of officers for the ensuing year was begun. Mr. E. L. Kessler, of Charlotte, was elected president of the League. Mr. G. A. Pollin, of Winston-Salem, first vice-president, Mr. Alexander Webb, of Raleigh, second vice-president and Mr. John Dunn, of this city third vice-president. Mr. John M. Hendricks, of Concord, was unanimously elected as secretary.

The members then entered into a discussion as to the place of meeting next year. Raleigh, Burlington and Marion each wanted Association to meet there and there was considerable discussion in regard to this matter but a vote was taken and Raleigh was chosen as the place of meeting next year.

The Association then tendered thanks to local B. & L. for the courtesies shown the visitors and also to the press for the interest taken in the meeting and the wide publicity given it.

Yesterday afternoon the local members secured a number of automobiles and carried the visitors all over the city and several miles out in the country. This trip was greatly enjoyed by all. A smoker was also given them at the Elks club last night and this also greatly enjoyed by all present.

A few of the visitors returned to their homes last evening and the remainder will leave this morning. Several of these will visit Morehead City.

The following resolution was offered by the committee and unanimously adopted.

Since our last annual meeting, an all wise Providence has called to his eternal home our beloved President Samuel Witkowski. For over a quarter of a century he devoted much of his valuable time to help the wage earner and bread-winner to build an earthly habitation, a home and he lived to see his faithful service rewarded. He became one of the vice-presidents of the National Building & Loan League—President of our State B. & L. League and president of the largest Building and Loan in the South, that at the time of his death had then loaned to home owners over \$1,000,000. His enthusiasm, his active careful and persistent interest in every matter pertaining to Building & Loans made him an authority. Thro' his influence the formation of the present N. C. Building & Loan was largely due and he had been its President until the time of his death.

He gave valuable assistance in driving out the foreign or "wild cat" institution from the State which many years ago jeopardized the local or true Building & Loans. He obtained the B. & L. laws of other states and helped draft the present composite B. & L. act of the State. This law so covers the true B. & L. ideas and is a clearly explicit, that since its passage in 1905 there has been no necessity for the courts of the State in an decision to construe the act. He helped the whole South by being instrumental in getting the national B. & L. Association last year to meet in Charlotte, and it is believed that if he had lived longer he would have been in time president of the national League.

In his office in the city of Charlotte on the 14th day of Feb., of 11 is year—with all his faculties unimpaired—at the ripe age of 76 in the fulness of time, "God" finger touched him and he slept.

He has helped others. He has in this great work of home building carried out the golden principles of love to mankind. May a merciful Father reward him for the good deeds done in the flesh, and may his ashes rest in peace.

Respectfully Submitted,
HERIOT CLARKSON,
R. A. NUNN,
JOHN W. GULLIDGE,
Committee.
